Date of transcription 04/28/1999

On April 27, 1999, [redacted] was interviewed at his residence in the presence of his father, [redacted] After advisement of the identity of the interviewing agent and the nature of the interview, [redacted] provided the following information:

On April 20, 1999, [redacted] attended school at Columbine High School [redacted] After the end of fourth period at 11:10 a.m., he and [redacted] [No Further Information], telephone number [redacted] intended to meet another friend in the cafeteria and leave school grounds for lunch. When their friend did not show up, they decided to stay at school and study.

[redacted] started to walk to his locker, located in the east/west hallway on the south side of the auditorium, near the Science 12 room. While he was on the stairs located at the southeast corner of the cafeteria, he heard a lot of commotion coming from the cafeteria. He looked down into the cafeteria and saw people moving around and heard screaming. He also heard shots and the sound of projectiles striking walls and lockers, which at first he thought were paint balls from the sound the striking rounds made. He started back down the stairs and heard someone shout, [redacted] get out! Someone has a gun!"

b7C
b7D

[redacted] was able to look outside the window on the stairs and saw several students trying to hide and others lying on the ground on the south side of the cafeteria. Mr. Sanders, a teacher at Columbine High School, began telling everyone to head downstairs into the cafeteria, but after hearing gunfire, told everyone to go upstairs.

A large group of students went up the stairs on the southeast corner of the cafeteria, and once at the top, ran to the right and east through the east/west hallway on the south side of the auditorium and out the exit by the math area. [redacted] and Mr. Sanders went to the left towards the library, and [redacted] hid behind a pillar near the top of the stairs.

After hearing gunfire, [redacted] peeked out from behind the pillar and looked down the north/south hallway next to the library. In the corner of this hallway and the east/west hallway on the north side of the auditorium, [redacted] saw two white males dressed all in black whom he did not recognize.

[redacted] saw one of the individuals, who was tall and skinny, dressed in black pants, black boots and a black trenchcoat, repeatedly fire a gun [redacted] was unable to describe it further] east down the hallway towards the administration and main offices. [redacted] could see the shell casings ejecting and what he thought were bullets coming from the muzzle of the gun.

b7C
b7D

Next to the tall skinny shooter, [redacted] saw another person, also dressed in a black trenchcoat bending over a large black duffle bag. This person appeared to be looking for something in the bag. Since the person's back was to [redacted] he could not provide a description of this person other than he had the impression he was overweight.

After taking this quick peek from behind the pillar, [redacted] turned to say something to [redacted] and saw Mr. Sanders lying on the floor near the top of the stairs, with blood all around him. [redacted] then ran east through the east/west hallway on the south side of the auditorium and out the exit by the math area. They continued to run to a nearby house where they called their parents to let them know they were safe.

[redacted] first heard about Trenchcoat Mafia last year. He only knew two of the members of this group, which he described as composed with weird people who dressed in black clothes and wore trenchcoats, and played weird card games with pictures of nuclear weapons on the cards.

b7C
b7D

Dylan Klebold was in his [redacted] class last semester. [redacted] never talked to him, but knew who he was because he stood out as a result of his attire. Klebold always dressed in black, wore a black trenchcoat and tucked in his trousers into military-style boots. He had long, shaggy hair.

[redacted] also knew [redacted] He described [redacted] as nice, but rather weird, who also dresses in black clothes, including a black trenchcoat and a

black beret. [redacted] once told him, "I don't believe in God. I follow Satan's Commandments" and "We are all part of a big computer game and someone else controls our lives."

[redacted] also once told [redacted] and other students how to manufacture napalm, and described the procedures and ingredients required. [redacted] did not indicate he had ever made napalm, but gave the impression he knew what he was doing.

b7C
b7D

[redacted] identified Klebold and [redacted] from the photograph in the attached 1A envelope. [redacted] was unable to identify Eric Harris, whom he does not know.

Also attached in a 1A envelope is a diagram of Columbine High School indicating the location of [redacted] and the two individuals dressed in black.

He was dressed all in black, black boots, black trousers, black shirt, a black trenchcoat, and was wearing a backwards hat with a Boston Red Sox emblem.

[redacted] knew Klebold only by sight and indicated that during lunch, he normally sat in his BMW in the parking lot on the south side of the cafeteria.

[redacted] and his friends walked out of the southwest exit of the cafeteria towards the soccer field. He heard what sounded like a string of firecrackers going off, and turned towards the school and saw two white males crouching along the northwest corner of the cafeteria.

One person was dressed in a white short-sleeved tee shirt and blue jeans, with no weapon visible. The other person was dressed all in black, black trousers, black shirt, black trenchcoat, a black beret, and was wearing what appeared to be a black mask. He did not recognize either of these individuals since one had on a mask and the person in the white tee shirt because was crouched down with his back to him.

[redacted] saw the person in the white tee shirt throw an object about the size of a soda can on top of the library. This object appeared metallic, since it looked silver in the sunlight. One or two seconds after landing on the roof, it exploded with a

After the second device exploded, the person dressed in the black trenchcoat walked west from the northwest side of the cafeteria, and shot at three students near the southwest corner of the cafeteria, with what [redacted] believes was a shotgun.

After shooting at these three people, the shooter fired four or five times at [redacted] and his friends, who were about 40 to 50 yards away. They fell to the ground, and after the shooter entered the school through the southwest cafeteria entrance, they got up and ran to a nearby house on Teller Court.

[redacted] recalls the Phrase of the Day on April 20, 1999, which was broadcast on televisions in each classroom, appeared to be written in German. He later heard from other friends this Phrase of the Day was transmitted by Trenchcoat Mafia members in the audiovisual class, and was translated to mean "Today is the day you wish you weren't here."

[redacted] at CHS and was in the school cafeteria at the time of the shootings on April 20, 1999. [redacted] stated she had no knowledge of the events leading up to the shooting at CHS nor did she participate in the planning or execution of the shootings at CHS on April 20, 1999. [redacted] did state that [redacted] was friends with the alleged shooters, Eric Harris and Dylan Klebold.

[redacted] believes that [redacted] had no knowledge of the shootings at CHS or he would have told her and [redacted] not to be in the school at the time of the shooting. [redacted] stated that when the shooting began she was in the cafeteria and heard [redacted] yelling for everyone to get down. [redacted] heard the shooting but she did not observe who was doing the shooting.

[redacted] stated she never saw or heard about any pipe bombs nor did she ever hear of any discussion about guns when she was around Harris and Klebold. [redacted] did recall coming into the CHS cafeteria in January or February 1999 and seeing Harris and Klebold holding a piece of paper which turned out to be a diagram of the cafeteria and the cameras in the cafeteria.

my heart goes out to all of you, your family, friends, teachers, parents, and entire student body at columbine high and the community of littleton. how could anyone have guessed that kosovo could happen in our own backyards? may God bless all of you and comfort you in these darkest times and heal your heart and souls. may all those who have done wrong learn to walk the righteous path of love and may all those who have been wronged against learn to walk the path of forgiveness and peace. God has a plan for each and everyone of us, and though satan uses our young impressionable lost souls to deal destruction against us, even they can be wrestled from the jaws of eternal death and damnation through the power of love.

I surmise if you serve a search warrant on AOL, they would be able to reconstruct most of the profiles and accounts for TCM members as they keep all data, including emails [and deleted emails] in their system for at least 6 months. The email trail will provide the evidence of the scope and depth of the conspiracy, including names of the co-conspirators. AOL also keeps a record of all the sites that members open, thus bomb making, racist, and violent links can be determined and perhaps point to a larger conspiracy of established anti-government racist groups and/or militias.

It may also be worthwhile to look into the history of the parents. Usually, Nazis, KKK, neo-Nazis, and other aryan and white supremacists teens who are able to have access to weapons and bombs have the tacit approval of their parents because they are raised to be followers of Adolf Hitler's twisted and evil mentality.

I hope you will make sure that all those who have conspired to do these cowardly and atrocious acts of wanton murder will be brought to justice, no matter where and how high the trail takes you. Our nation needs to be assured that these types of pyschopathic mass murdering by our impressionable youth can be brought under control.

The law-abiding citizens of our great nation America appreciates all that law enforcement is doing to solve this conspiracy on all levels of government. Please don't give up until every last person who had fore-knowledge of this diabolical plan can be brought to justice in our nation's court system.

I'm afraid that should law enforcement collectively fail to solve the underlying criminal conspiracy and set an example to the youth and racists in America, that Y2K may become the battle call for all the nuts who will think that they can get away with doing any violent act to innocent people with impunity. Thank you very much.

Sincerely

Greetings Gay Bikers,

Today, a bunch of our fellow homosexuals at Columbine HS in Denver Colorado, known as the Trench Coat Mafia, decided that they had taken enough crap from the straight community that had been abusing them and have decided to take matters into their own hands. We should all applaud their bravery and hope that they can hold out as long as possible in their fight for gay people everywhere. We can only hope that they can turn this into the gay alamo and hold out for 13 days of glory. If they can hold out for two days I think gay bikers everywhere should considering riding into Denver as a relief force to fight alongside them.

We need to show solidarity!!!

Queen Jeff

Dear Sir-

I have been following the situation in Denver, and with the recent headlines, I caought something. The note found I don't think was real. it says 12Skizto And mentioned April 26. I tried to figure it out and I moved the letters around until it says 12kitzto I think that is 12 kids 2. The two gunmen took out 12 people. They couldn't have known that, so it must be from later.

Alo if you turn the letters around it says 12otziks, or 12 ought six, 12:06 April 26. Does that time nad date have any significance? Sorry to bother you, but I though I could help, and Denver doesn't have an email address.

As the facts of the shooting began coming over the television [redacted] began to suspect that Harris, Klebold, and possible others were involved. [redacted] made numerous attempts to contact Jefferson County Sheriff's Office (JCSO), to tell them what he knew about Harris and Klebold. [redacted] stated that JCSO kept putting him off or the line was constantly busy so he decided to go to Clement Park so he could tell what he knew. When [redacted] arrived at Clement Park he was eventually detained by JCSO and later debriefed.

After the shootings [redacted] had recalled in retrospect that approximately one to two weeks prior to the shooting she had observed Harris and Klebold in the CHS cafeteria looking over a piece of paper. [redacted] the paper was a diagram of the school cafeteria along with the location of the cameras.

[redacted] was then asked by the interviewing Agents about any knowledge he may have of where the weapons used in the shootings came from. [redacted] stated that he did recall [redacted] Phil Duran, had taken Harris and Klebold shooting, and believed they had gone to gun shows together. [redacted] Harris and Klebold having purchased a gun from Duran or one of Duran's friends. [redacted] recalled that the gun they purchased was an AK-47 or a "Tech". [redacted] stated at the time he did not know what a Tech was, and in fact at first thought they were talking about a computer. In any event [redacted] thought to himself that this talk about guns was not good. However he had no idea of the events that were going to happen at CHS on April 20, 1999.

[redacted] stated he observed Harris and Klebold smoking "pot" on one occasion. [redacted]

[redacted] concluded the interview by stating that he was more than willing to assist in this investigation and was asked again if he had knowledge of, or participated in the planning or execution of the shootings and bomb planting at CHS. [redacted] restated that he did not and as further proof, if had been aware of the events of April 20, 1999 he would not have allowed [redacted] in the CHS cafeteria at the time of the shooting, or [redacted] in the school at the time of the shootings.
