

SPECIAL INVESTIGATIVE DIVISION

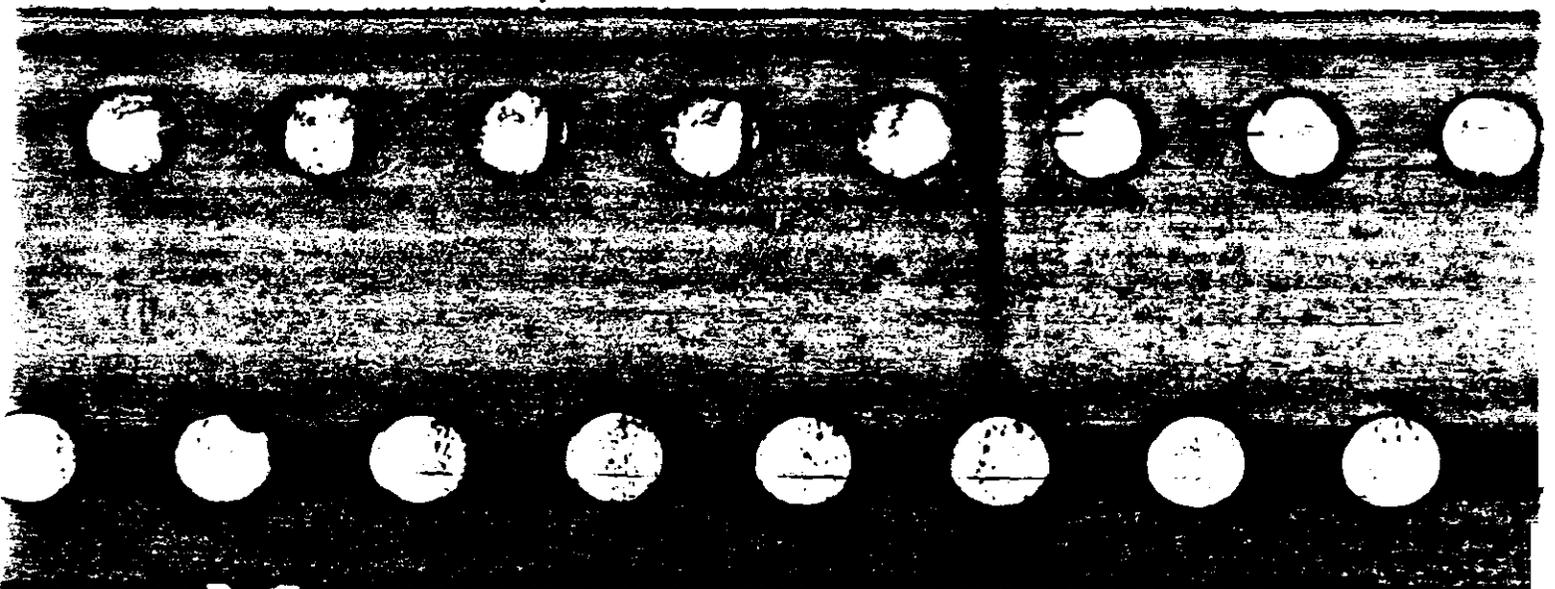

9/27/62

SUMMARY:

Attached radiogram advises that a fishing boat had recovered some blue material similar to clothing worn by Alcatraz inmates from the San Francisco Bay. Arrangements made for skin divers who are correctional officers at Alcatraz to dive in area, when conditions permit, Warden pointed out inmates clothing often found in bay as they flush them down their toilets.

Code Name for Alcatraz Escapees
ALCOGS.

FOR BUREAU'S INFORMATION [REDACTED] WHILE FISHING ON A LOCAL PARTY BOAT IN SAN FRANCISCO BAY, THOUGHT HIS HOOK HAD CAUGHT ON A CHUNK OF MOSS AND PULLED IT ALONG. [REDACTED] THEN REELED IN HIS LINE AND NOTED THAT THERE WAS A PIECE OF BLUE AND WHITE CLOTH ON THE LINE. THIS CLOTH TURNED OVER TO THE FBI AND MATTER DISCUSSED WITH WARDEN OLIN G. BLACKWELL, ^{United States Penitentiary} USP, ALCATRAZ, WHO STATED THAT SAID CLOTH APPEARED TO BE SIMILAR TO THAT WORN BY INMATES AT ALCATRAZ. HOWEVER, WARDEN POINTED OUT THAT NUMEROUS SIMILAR PIECES OF CLOTHING TURN UP AT SAN FRANCISCO BAY AND ON THE BEACH AT ALCATRAZ, AS INMATES FREQUENTLY THROW THEM DOWN THEIR TOILETS.

WARDEN BLACKWELL SAID HE PLANS TO HAVE TWO SKIN DIVERS, BOTH OF WHOM ARE CORRECTIONAL OFFICERS, CHECK THE AREA WHERE THE CLOTH WAS FOUND. HE ADDED THAT SUCH DIVING CAN BE DONE ONLY AT SELECTIVE TIMES, IN VIEW OF EXTREME TURBULENCE OF THE WATER IN THE AREA WHERE CLOTH FOUND AND PLANS MADE TO START DIVING WITHIN THE NEXT FEW DAYS.

INFORMATION DEVELOPED DURING THIS INVESTIGATION REFLECTING THAT [REDACTED] HAS FURNISHED DETAILS AS TO THE ESCAPE PLOT AND THE PARTICIPANTS SHOULD NOT BE DISCUSSED, AT THIS TIME, WITH INDIVIDUALS DURING THE COURSE OF THE INVESTIGATION. IF SUCH INFORMATION SHOULD HAPPEN TO FILTER BACK TO INMATES AT ALCATRAZ [REDACTED] LIFE WOULD BE IN JEOPARDY DUE TO THE VICIOUS AND INCORRIGIBLE INMATES INCARCERATED THEREIN.

Due to the national interest in this matter, an additional copy of this report is being furnished to the Bureau since other than ordinary dissemination may be necessary.

Daily contact has been made with various police agencies in the San Francisco Bay area; however, nothing has been developed from these sources reflecting that Escapees arrived on the mainland.

Title: FRANK LEE MORRIS;
JOHN WILLIAM ANGLIN;
CLARENCE ANGLIN; b7c

Character: [REDACTED]

Synopsis: ESCAPED FEDERAL PRISONER - CONSPIRACY

[REDACTED] formerly incarcerated at U. S. Penitentiary, Alcatraz, California, and former occupant of cell assigned [REDACTED] advised no holes observed or drilled around air vent by him in cells at Alcatraz. b7c b7D

Warden OLIN G. BLACKWELL, U. S. Penitentiary, Alcatraz, believes [REDACTED] initially furnished correct information as to escape and the participants. Subsequently [REDACTED] who is in segregated cell block, became disciplinary problem and has exhibited psychotic tendencies. Believes [REDACTED] furnished additional information as to alleged help given Escapees by prison employees in belief that this would obtain him a transfer from Alcatraz. Additional information believed merely figment of imagination and when same did not obtain [REDACTED] transfer, [REDACTED] refused to discuss it further. [REDACTED] at Alcatraz, and [REDACTED] at Alcatraz, deny assisting Escapees in any manner. [REDACTED] former inmate acquaintance of JOHN ANGLIN at U. S. Penitentiary, Lewisburg, Pennsylvania, and alleged by [REDACTED] to be outside participant in escape, determined to have been in Oklahoma City during pertinent period. [REDACTED] and other sources there indicate [REDACTED] has no knowledge of whereabouts of Escapees and no contact with them. b7c b7D

SF 76-2887
[REDACTED]

b7c

Interviews of relatives, acquaintances and contacts of Subjects fail to develop any information that Escapees successfully made mainland.

Fisherman in San Francisco Bay near Alcatraz pulled human cranium to surface. San Francisco coroner determined same had been in bay for several years. Another fisherman hooked piece of inmate clothing while fishing near Alcatraz. Determined pieces of inmate clothing periodically are flushed into bay from clothing factory and by inmates through plumbing facilities. Expert skin divers searched area where piece of clothing hooked but nothing pertinent located.

[REDACTED] at Dothan, Alabama, claims knew Subject MORRIS as inmate at U. S. Penitentiary, Atlanta, Georgia, and in July 1962 says saw Escapees at hideout he located for them near Langley, South Carolina. [REDACTED] admits having been committed in mental hospital and also receiving group therapy for mental condition while in prison at Atlanta. [REDACTED] indicate [REDACTED] is mentally ill. Investigation in area of alleged hideout discloses no such cabin as described by [REDACTED]

INTERVIEW OF PRIOR OCCUPANT OF
CELL ASSIGNED [REDACTED]

1.

Date August 13, 1962

[REDACTED] furnished the following signed statement:

[REDACTED]
8/6/62

"I, [REDACTED] make the following free and voluntary statement to [REDACTED] whom I know to be a Special Agent of the FBI. No threats or promises have been made me to induce this statement.

"I do not remember what cells I occupied at the U.S. Penitentiary at Alcatraz during the summer of 1961. However, in no cell were there holes around the air vent that I noticed and I drilled none.

"/s/ [REDACTED]

"Witnessed:

"/s/ [REDACTED] Special Agent, FBI,
Chicago, Ill., 8/6/62."

[REDACTED] further claimed to know nothing of the escape plans of FRANK LEE MORRIS, JOHN WILLIAM ANGLIN and CLARENCE ANGLIN. He said he read about it in the paper and knew escapees to speak to but that is all.

He stated the air vent is located beneath the sink in all of the cells, but reiterated that he never noticed any drilled holes. He said he could not say that he would have necessarily noticed them if they had been there.

[REDACTED] said he is aware of the Harboring Statute and would have his wife advise should escapees contact him. However, he believes this is impossible as no one knows where he is except his immediate family.

INTERVIEWS RE ALLEGATIONS OF SUBJECT [REDACTED]
THAT ESCAPEES HAD HELP FROM ALCATRAZ
OFFICERS AND [REDACTED] AN EX-CONVICT

Date August 31, 1962

Warden OLIN G. BLACKWELL, United States Penitentiary, Alcatraz, California, advised that initially when [redacted] an inmate at that institution, had volunteered that [redacted] and [redacted] another inmate, participated with FRANK MORRIS, the ANGLIN brothers and [redacted] all inmates, in the escape plot, [redacted] did so since he thought the holes in his cell walls would be discovered by the prison officials. BLACKWELL also believed that [redacted] thought by furnishing this information, he might gain an immediate transfer from Alcatraz. At that time [redacted] advised that he had furnished all of the information he knew as to the escape plot and it was believed from the ensuing investigation in the cells of [redacted] and [redacted] that [redacted] was telling the truth as to his participation. b7c

After it had been determined that [redacted] and [redacted] were all evidently involved in the escape plot, they were segregated from the regular cell block and placed in the Treatment Unit having individual open front cells. This Treatment Unit is utilized for inmates who refuse to comply with prison regulations. After having been in this Unit for awhile [redacted] together with some of the other inmates, refused to stand up and go to the front of his cell door for routine prison inmate counts during the day.

[redacted] then indicated to Associate Warden ARTHUR DOLLISON that he believed [redacted] identified as [redacted] had assisted MORRIS and the ANGLIN brothers in escaping. Also, he indicated that the [redacted] at the institution, [redacted] had innocently made available 200 pounds of cement and an electric drill used by the Escapees. BLACKWELL believes that this latter story by [redacted] relative to the escape as it concerns [redacted] and [redacted] was a figment of [redacted] imagination and was told by [redacted] merely in the belief that it would obtain him an immediate transfer from Alcatraz.

After the refusal of [redacted] and some of the other inmates in the Treatment Unit to stand up for inmate count, they,

together with [REDACTED] were placed in that portion of the Treatment Unit having closed front individual cells. After a few days in that portion of the Treatment Unit [REDACTED] and some of the other inmates indicated their willingness to comply with prison regulations, and they were returned to the Treatment Unit open front individual cells. b7c

On August 23, 1962, BLACKWELL discussed with [REDACTED] his insubordination as to prison rules and regulations. [REDACTED] would not discuss the allegations he had made concerning [REDACTED] or [REDACTED] nor would he give any further details as to the escape. [REDACTED] also advised Warden BLACKWELL that he would not discuss this matter with anyone. [REDACTED] further declined to tell Warden BLACKWELL whether the story he had told relative to [REDACTED] and [REDACTED] was true or not.

BLACKWELL stated that a disciplinary report had been prepared relative to [REDACTED] which indicated that he, [REDACTED] had made serious charges against two officers of that institution and then had refused to furnish details of same or to discuss it further. It was expected that action would be taken concerning [REDACTED] relative to this report and that he would be returned to the Treatment Unit closed front individual cell section.

BLACKWELL advised that [REDACTED] appears to have a mental problem, having psychotic tendencies, and this appears to be more apparent as time goes on.

BLACKWELL stated that he believes that the latter's story told by [REDACTED] was merely to enable [REDACTED] to get a transfer from Alcatraz. BLACKWELL felt that [REDACTED] had merely "dangled" the information that he had knowledge as to the details of [REDACTED] and [REDACTED] participation as an inducement for a transfer. He believed that [REDACTED] had probably refused to conjure up the details since it was probably the workings of [REDACTED] mind that he might be transferred elsewhere by prison officials since they felt he would then furnish such details.

[REDACTED]

BLACKWELL advised [REDACTED] will be periodically contacted and if he ever indicates a desire to discuss the Alcatraz escape further, this office will be immediately notified.

Date August 31, 1962

[redacted] United States Penitentiary, Alcatraz, California, was interviewed at that institution. At the inception of the interview [redacted] was advised that he need not furnish any information and if he did same could be used against him in a court of law. He was told of his right to counsel. b7C
b7D

[redacted] volunteered that he desired to furnish any and all information which might be of assistance relative to the recent escape from Alcatraz.

[redacted] advised that [redacted] and for the past number of months they have been in the process of installing an entire new plumbing system in "C" Cell Block. This requires his presence in the cells in "C" Cell Block, as well as in the utility corridor behind "C" Cell Block. In addition, as difficulties arise in the plumbing in "B" Cell Block, it has been necessary to enter certain of the cells, as well as the utility corridors in "B" Cell Block. b7C
b7D

[redacted] advised that generally three or four inmates [redacted] assist on these projects. Inmate [redacted] was one of the inmates who had been assigned [redacted] and [redacted] had done so for approximately one year until about the middle of June 1962 when [redacted] was removed from that job. b7C
b7D

Of necessity, [redacted] must take numerous tools inside the main cell house. When he goes into the main cell house, every one of his tools is listed by the guard to the main cell house and upon leaving the same day he must check all of his tools and equipment out through this guard. During the approximate three years he has worked at this position, he has never missed any tools and has always accounted to the guard for every tool that he has taken into the cell block. [redacted] states that his tools are never left in the cell block overnight but of necessity must be taken by him out of the cell block. b7C

It is necessary for him to use cement to patch up the cell walls after the various plumbing installations. He always mixes his own cement for patching the walls on the outside of the cell block and then takes it into the cell block where it is utilized. He recalls that upon one occasion he took some cement in sacks into the cell block and stored it in "A" Cell Block, which is locked up and not utilized by the inmates for housing.

He advised that there was continuous work being done repairing the cell walls and painting in the main cell house. In the course of doing this work, inmates would naturally have access on many occasions to cement; however, the cement which he used in connection with his work had always been mixed and would have to be used immediately.

[redacted] advised that he, of necessity, used electric drills and many other type tools concerning his plumbing activities. At all times the inmate plumbers were supervised by either [redacted] or another guard while they were doing their plumbing jobs and using the various tools and equipment.

b7c
b7D

[redacted] stated that he had never been approached by anyone to assist in escaping from that institution and he was greatly surprised when he heard that some individuals had successfully escaped from the main cell block. He stated that none of the Escapees had ever worked for him.

As to [redacted] he advised that he had been a very good worker and had never caused him any difficulty. He does not recall anything which [redacted] did while working under his supervision which would arouse his suspicions as to [redacted] in connection with the escape attempt.

From interview and observation, [redacted] is described as follows:

 viewed at that institution. At the inception of the interview ^{b7D}
 he was advised that he need not furnish any information and if

 was advised of his right to counsel.

[REDACTED] volunteered that he desired to furnish any and

 gation relative to the recent Escapes from Alcatraz.

[REDACTED] advised that he was referred to by the inmates

[REDACTED] He advised that his work

 assignment, and this chart reflected that he was so assigned

[REDACTED] stated that when he was on the night shift in
 the main cell house, his duties were primarily patrolling in
 the main cell house, taking various inmate counts, passing out
 cigarettes and mail to inmates, and relaying orders to inmates
 for their next day's assignments. At approximately 5:30 p.m.
 each day he would walk through the main cell house and take
 an inmate count, during which count all of the inmates were
 required to stand at their respective cell doors. After con-
 ducting this inmate count, he would distribute mail, medicine
 and razor blades to the various inmates. At approximately
 6:30 p.m. he would pass out cigarettes to the inmates. At
 approximately 8:00 p.m. he would complete another count of
 the inmates; however, the inmates during this count were
 never required to stand up or come to the front of their
 cells, but this was merely a visual observance account as he
 walked by their cell doors. Similar inmate counts were made
 by him at about 9:30 p.m. and 11:15 p.m. each evening. At

9:30 p.m. lights were out in the cells of the inmates. b7c

On several occasions it was necessary for him to instruct certain inmates to be quiet due to the loud noise they were making; however, he does not recall having to do so with respect to FRANK MORRIS, the ANGLIN brothers or [REDACTED] b7c b7d
[REDACTED] He recalls that on a couple of occasions he passed medicine to MORRIS and that he left instructions for one of the ANGLIN brothers to stay in for a physical check-up. Outside of this, he recalled having little or no contact with them during this shift. He states he had never noticed any of these individuals working or making anything in their cells which would resemble dummy faces or, in fact, which might be any type of escape equipment. He volunteered that they had never asked him to assist them in any manner as to escape or, in fact, ever hinted as to their desire to escape.

While on that shift, he was extremely busy in conducting the duties of that position since he was the only man inside the main cell block. Thus, he was almost constantly on the move and had no time to visit with any of the inmates.

[REDACTED] advised that he never knew much concerning the aforementioned four individuals since they were never assigned to any of his work details at the kitchen or in the industries at the institution. He advised that the portion of the cell house where these four individuals were housed was noisy upon occasion; however, he could never attribute the noise to any of these four individuals, but determined that the shouting and arguing and loud voices came from the second tier of that cell house. He noted that these four individuals were on the first tier.

When the lights are out at 9:30 p.m., any small noise thereafter sounds like an explosion. He never heard any unusual noises after 9:30 p.m. while on that shift.

From interview and observation, [REDACTED] is described as follows:

AT ALCATRAZ, CALIFORNIA

On September 4, 1962, Warden OLIN G. BLACKWELL, U. S. Penitentiary, Alcatraz, advised that an inmate who insisted upon being anonymous, said that [REDACTED] was a close friend of escapee MORRIS. and that Subject JOHN ANGLIN was at Lewisburg from the period
April 8, 1958, to January 26, 1960, hence it can be assumed
that [REDACTED] and ANGLIN know each other. [REDACTED]

[REDACTED] and during about the last two years of that sentence Subject JOHN WILLIAM ANGLIN was also confined there. He said he did not know ANGLIN prior to that time and since he [REDACTED] has been in prison all the time since June 1960, he has had no further contact with ANGLIN. He said he and ANGLIN worked in the same sheet metal shop at Lewisburg and, although they were together a great deal of the time, ANGLIN did not confide in him to any extent and said very little about himself, his associates outside, or his family. About the only relative he did mention was a brother, who at the time, was believed confined at Leavenworth, Kansas, for bank robbery. ANGLIN also mentioned about having a detainer against him either from Georgia or Alabama. ANGLIN never mentioned any hobbies, likes, or dislikes in particular, but it did appear that he liked the South generally as his favorite part of the country.

b7c
b7D

[REDACTED] said sometime shortly before ANGLIN was transferred to Leavenworth from Lewisburg, he had mentioned to [REDACTED] about going over the wall at Lewisburg. He did not go into further detail about the escape plan and [REDACTED] said he told ANGLIN that it was a foolish thing for him to try to do. [REDACTED] said when he learned of the fact that ANGLIN was going to try to escape, he reported it to authorities at the prison. The cell of ANGLIN was shaken down and later ANGLIN was transferred. [REDACTED] said ANGLIN did not mention to him any contacts he might have had outside in connection with his escape plan and no such contacts or associates were known to [REDACTED]

INVESTIGATION RE MATERIAL LOCATED IN
SAN FRANCISCO BAY NEAR ALCATRAZ ISLAND

1

SF 76-2887

b7c

b7c

The following inquiries at San Francisco, California, were made by SA [REDACTED]

On September 15, 1962, [REDACTED]

b7c

[REDACTED] advised that a [REDACTED] had been fishing west of Alcatraz between the Raccoon Straits and Alcatraz. While fishing he hooked onto something on the bottom of the bay and after finally jerking his line loose, he pulled a cranium to the surface. This was a human cranium and merely consisted of the skeleton part, near beginning of the eyes in front and to the beginning of the neck of an individual in the rear.

b7D

[REDACTED] stated that it appeared to have been there for an extended length of time since there were many barnacles on it, no hair, etc., and the skeleton of the cranium was completely clean and the bones worn. [REDACTED] advised that the skeleton was being taken to the coroner of San Francisco for analysis.

On September 15, 1962, [REDACTED]

b7c

b7D

[REDACTED] advised that he was fishing in San Francisco Bay with [REDACTED]

[REDACTED] stated that approximately one-half mile west of Alcatraz and about 50 yards east of the H and R Buoy his fishing line became snagged. He finally pulled it loose and in doing so pulled up a human cranium. He stated that he believed that it was approximately 50 to 60 feet deep where they were fishing and that he was using a three pound lead sinker which would cause his hook to be near or on the bottom of the bay in that area. [REDACTED] advised that he had taken the cranium to [REDACTED] of the San Francisco Police Department.

On September 17, 1962, [REDACTED]

b7c

b7D

[REDACTED] advised that he had examined the cranium turned in to him by [REDACTED]

From the condition of the human cranium it was apparent that this cranium had been in the bay for several years and definitely more than one year. He volunteered that he had closely

511

SF 76-288

[REDACTED] b7C
 [REDACTED] b7D
 examined the cranium and had determined that it had not recently been detached from the rest of the skeleton of the body. From the amount of wear evident on the skeleton it was rather apparent that it had been in salt water for an extensive period of time and in fact the bone was becoming rather thin. [REDACTED] stated he was completely familiar with the missing escapees as to their having left Alcatraz about June 12 of 1962. [REDACTED] stated that this cranium could not possibly be concerned with the Alcatraz escape.

The following inquiries were made by SA [REDACTED] b7C

On September 20, 1962, [REDACTED] U. S. b7C
 Coast Guard, Fort Point Life Boat Station, San Francisco, California, advised that on the evening of September 19, 1962, [REDACTED] a commercial fishing boat, had turned in a piece of clothing similar to that worn by the inmates at the U. S. Penitentiary, Alcatraz. It had been hooked while fishing just west of Alcatraz Island. He made available the piece of clothing.

On September 21, 1962, [REDACTED] b7C
 [REDACTED] b7D
 advised that while fishing in an area some 100 to 150 feet to the south up to 100 to 150 feet west of the middle buoy on the west side of Alcatraz Island, [REDACTED] who was fishing on the boat, snagged a piece of clothing. This occurred about 6:30 p.m. on the evening of September 19, 1962.

On September 21, 1962, [REDACTED] b7C
 [REDACTED] b7D
 advised that on the evening of September 19, 1962, he was fishing in San Francisco Bay aboard the "Lucky Ace." As the boat was about 100 to 150 feet southwest of the middle buoy, black and white, located on the western side of Alcatraz Island, he thought his hook had caught onto a bunch of moss and pulled it along. He lost his three-pound weight and pulled his line in when the boat, which was traveling in a northerly direction, was about 100 to 150 feet due west of this buoy. He had a piece of blue and white cloth on the line. He estimated the depth of the water as about 40 feet.

3

SF 76-2887

b7c

b7c, b7D

Both [redacted] and [redacted] volunteered to display the area where this occurred.

On September 21, 1962, this matter was discussed with Warden OLIN G. BLACKWELL, U. S. Penitentiary, Alcatraz, who volunteered to check the depth charts around the island. Arrangements were made to discuss the matter further with Mr. DOLLISON, Associate Warden, on September 24, 1962.

On September 24, 1962, ARTHUR DOLLISON, Associate Warden, U. S. Penitentiary, Alcatraz, advised the piece of clothing appeared to be similar to that worn by inmates at Alcatraz. However, numerous similar pieces of clothing turn up in San Francisco Bay and on the beach of Alcatraz as inmates throw them down their toilets.

DOLLISON said he planned to have correctional officers [redacted] and [redacted] both skin divers, check the area where the cloth was found. He also planned to have [redacted] who located the cloth, display the area.

b7c

On September 25, 1962, DOLLISON advised that the two correctional officers who were skin divers had attempted some diving west of Alcatraz in the vicinity where the piece of inmate clothing was hooked by the fisherman. DOLLISON stated that there was considerable turbulence in the water and visibility practically zero. The divers were unable to conduct an adequate search in that area due to these conditions.

On October 3 and 4, 1962, DOLLISON stated that three expert skin divers of the United States Coast Guard, supplemented by four expert Navy skin divers, had completely covered the area where the piece of inmate clothing was snagged by diving on those two days. DOLLISON stated that these skin divers working as a team had carefully plotted the entire area and had gone over it very carefully. In the area where the fisherman located the piece of inmate clothing the skin divers determined that this was sandy without rocks or any other type of obstacles and that due to the turbulence and currents in that area, it would be impossible for any drowned body to stay in that area. DOLLISON stated that the skin divers advised that they had good visibility, up to six feet, during their diving on the aforementioned two days.

1093

4

SF 76-2887

b7c

In addition to diving in the area where the cloth was snagged, they also dove in adjacent areas, particularly where they could find a rocky bottom which might possibly snag a human drowned body; however, they found nothing of interest to this investigation.

MISCELLANEOUS INFORMATION RECEIVED
ALLEGEDLY REFERRING TO ESCAPEES

1
SF 76-2887

The following investigation was conducted on
September 3, 1962 at Dothan, Alabama, by SA [REDACTED]

[REDACTED] Houston County Sheriff's Office,
Dothan, advised that [REDACTED]

[REDACTED] was desirous
of being contacted by an FBI Agent as he had information as to
the present whereabouts of the escapees from Alcatraz: namely,
FRANK LEE MORRIS, JOHN ANGLIN and CLARENCE ANGLIN. [REDACTED]
stated he is skeptical of [REDACTED] information and pointed out
that [REDACTED] appears to be sort of a "psycho."

When interviewed at the Houston County Jail [REDACTED]

[REDACTED] advised that in 1959 or 1960 he was on the
baseball team with FRANK LEE MORRIS in the Federal
Penitentiary, Atlanta, Georgia. [REDACTED]

[REDACTED] and said
thereafter he read in the newspaper of the escape of the
three Subjects in this matter from Alcatraz.

In June, 1962 [REDACTED]

[REDACTED] he received
a telephone call from an unnamed individual and as he was
not at the residence, the caller did not leave a message with
his mother. Subsequently the same day [REDACTED]

[REDACTED] and further, whom he had
known at the Federal Penitentiary, Atlanta, who advised [REDACTED]
if [REDACTED] could obtain a suitable legitimate residence to be
used as a hideout then [REDACTED] could pick up about \$5,000.
[REDACTED] stated that some people, number not stated, needed
the hideout and [REDACTED] was too hot to provide same, so he
was requested [REDACTED] assistance. [REDACTED] informed him he would
see what he could do and to contact him later. About a week
or ten days later, which would be around July 5, 1962, [REDACTED]
and Subject FRANK LEE MORRIS came to [REDACTED]

[REDACTED] in [REDACTED] black 1959 Lincoln.
[REDACTED] stated that also present at this time was [REDACTED]

b7c, b7D

[REDACTED] stated positively it was FRANK LEE MORRIS, and identified a photograph of MORRIS as the person who accompanied [REDACTED] to the residence as stated above. [REDACTED] stated his mother and possibly his step-father would be able to identify MORRIS as being in the residence around July 5, 1962.

[REDACTED] directed them to a fish camp out of Warrentville, South Carolina; directions given as follows:

You go from Augusta, Georgia, to Aikens, South Carolina, on U.S. Highway #1 arriving at the red brick Post Office in Langley, South Carolina; turn left on a dirt road, cross a bridge and immediately after the bridge turn right on a dirt road, then take the first sharp left turn; go about 1½ to 2 miles to a deadend. Then there is a foot path to the right; walk 50 yards to a cabin on a lake, which possibly is called Langley Pond.

[REDACTED] instructed them to stay there until he could contact them. About a week later around July 12, 1962, [REDACTED] went to this cabin, where he saw [REDACTED] MORRIS, Subject JOHN ANGLIN and another individual, whose face he did not see, but whom he presumed was Subject CLARENCE ANGLIN, and he also saw the same black 1959 Lincoln. After a short conversation MORRIS gave [REDACTED] \$150 to rent a place in the country, with the instructions that [REDACTED] should contact MORRIS later for the rest of the \$5,000.

[REDACTED] stated he became afraid of this group, so he decided to keep the \$150, but he called up another associate one [REDACTED]

[REDACTED] advising [REDACTED] he was going to Alabama to look for a hideout and that he would subsequently notify [REDACTED] in order that he could contact [REDACTED] and the Subjects.

After arriving in Alabama, he secured a place to stay in care of [REDACTED] and shortly thereafter he was arrested by the Houston County authorities in connection with the theft of an automobile.

[REDACTED] stated he hurt his back and had to go to the Cobb Memorial Hospital, Phoenix City, Alabama, for treatment where he was confined from August 12 to 23, 1962, and while

3
SF 76-2887 b7c

there he contacted [redacted] to inform him he had found a place in Alabama and to notify Subjects. In addition, he instructed [redacted] to advise them he was in trouble and needed someone to get him out on bond. [redacted] stated around 1:00 or 2:00 a.m., Monday, August 20, 1962, Subject MORRIS and [redacted] came to visit him briefly at Cobb Memorial Hospital and advised they would send a bondsman to get him out of jail. He has not heard from them since that time. [redacted] stated another patient was in the same room at the hospital who possibly would be able to verify him story. b7c b7D

[redacted] admitted he had been committed to a mental hospital in Columbia, South Carolina, for 30 days sometime in the past, but was released; and also he took three years group therapy for a mental condition while in the U. S. Penitentiary in Atlanta.

At the conclusion of the interview [redacted] also stated he believes an associate of [redacted] was one of the individuals who met the Subjects and gave them assistance after they reached the mainland at the time of their escape. [redacted] could not furnish any additional information regarding the associate of [redacted]. b7c b7D

[redacted] interviewed September 8, 1962 by SA [redacted] furnished the following information: b7c b7D

The only ex-con contacting [redacted] at their residence was a young man in his late teens or early twenties, name unrecalled, who came to the [redacted] residence in late April or early May of 1962. He remained about two days and departed.

[redacted] could not identify the photograph of FRANK LEE MORRIS and both frankly admit that [redacted] is possibly sick mentally and cannot be trusted and is a known liar. b7c b7D

A communication received from the Mobile Office on September 14, 1962 reflected that when [redacted] was reinterviewed on that date at the Houston County Jail, Dothan, Alabama. He continued to affirm that the information he had previously furnished was substantially correct. He claims to have seen MORRIS at the [redacted] residence as previously related. He stated that the ex-convict who had visited him at the [redacted] residence for two days in the early summer of 1962 was [redacted] last name not recalled, whom he had met at the Federal Penitentiary. [redacted]

[redacted] stated that the individual with the late model care who drove him from Columbia to Fairfax, South Carolina, was [redacted]. The person who drove him from Augusta, Georgia, to Columbia, South Carolina, was a [redacted]. [redacted]

[redacted] stated that [redacted] and [redacted] have no connection with information previously furnished relative to the ANGLINS and MORRIS.

A communication received from the Savannah Office on September 19, 1962 reflected that investigation revealed that there is no dirt road turning right after crossing the bridge at Langley, South Carolina, where [redacted] indicated that the Subjects had been possibly staying. b7C

Contacts made with natives of this area and a physical search of that area revealed no such location as described by [redacted]. b7C

In reference to [redacted] directions to a cabin on a lake near Warrenville, South Carolina, it is to be noted that U. S. Highway 1 includes U. S. Highway 78, which is a four-lane highway approximately 15 years old between Augusta and Aiken, which bypasses Langley, South Carolina, and Warrenville, South Carolina, as described by [redacted]. The highway is now known as the [redacted]. b7C

Aiken-Augusta Road and in following this road as directed by [REDACTED] one goes to Langley, South Carolina, to the Post Office and turning left on a dirt road and crossing a bridge which is a dam over Horse Creek, which holds Horse Creek Lake, also known as Langley Pond. His directions of turning right immediately after the bridge on the dirt road takes one on a dirt road with a large gate, leading to the United Merchants Clubhouse. There are no lakes or cabins other than this clubhouse on this side of the lake. There is no road making a sharp left turn off of this road any distance especially one and one-half miles to two miles which would, if existed, cross the four-lane highway to either Jordantown, Sunset Memorial Gardens Cemetery, or the Midland Country Club, which is north of the dual-lane highway. A physical check of both sides of Langley Pond and inquiries among life-long residents failed to develop any information concerning a cabin in the area on a dead-end road.

FRANK LEE MORRIS as fitting the description of the individual with [REDACTED] at the time, more than the other two; however, could not state positively that it was MORRIS. He stated this individual was taller than 5'7½", closer to 5'9" and much heavier than MORRIS, weighing at least 165 to 170 pounds. He had coal-black hair and did not believe he was as old as MORRIS' age of 35, but rather being between 25 and 30.

AT PEORIA, ILLINOIS

SA [redacted] conducted an investigation at Peoria, Illinois. [redacted] advised on July 26, 1962, that a man by the name of [redacted] had rented a room in the hotel around the first of June, 1962, and stayed about a week to 10 days. He was arrested for writing bad checks and was given a year in jail. The checks were passed in clothing stores.

b7c
b7D

While [redacted] was in the hotel, there were three other men who seemed to be friendly with him. [redacted] could not describe these men and said that he got the idea that these men could have been the Subjects of this case because of three things: [redacted] was arrested while buying clothes; some of [redacted] clothes were stolen while these men were in the hotel; and after [redacted] left there was a letter came for him with the return address of [redacted]

b7c
b7D

[redacted] said there was something strange about this because there are very few [redacted] in the country. He theorized that possibly the theft of his clothes with possible laundry marks could be used by anyone who might take the name of [redacted]. He could not identify any of the men as the Subjects in this case. He said that he wrote the letter to the FBI strictly because of theory.

On August 3, 1962, at the Peoria Jail, [REDACTED] was interviewed and shown the photographs of the Subjects. He said that he had no knowledge of the Subjects whatsoever and had never seen them. He advised that he knew a writer by the name of [REDACTED] who lived in Los Angeles.

He has been on a tour with the Army Pistol Team. Approximately ten days ago, he was in Mountville, Michigan, a small town on U. S. 12, about thirty miles east of South Bend, Indiana. As he was starting on a fishing trip at about 5:30 A.M., he stopped in a truck stop located a short distance north of Meadowlark Motel. He is not sure of the name of the truck stop but thinks it was merely "Truck Stop."

He was served by and talked to a man who indicated that he was the owner of the truck stop having just purchased it. The man told a story of having been wandering around for a year and not having worked for that period of time. He talked of fishing in various places.

On the morning of July 24, 1962, [REDACTED] observed wanted posters in the Fort Knox, Kentucky, Post Office and believes that the man he talked to closely resembles the photograph of FRANK LEE MORRIS, I.O. 3584. He said that he was not good on descriptions, but felt that the description of the man he had talked to in the truck stop was close to that of MORRIS on the IO.

[REDACTED] indicated that he was not absolutely positive that the man he had talked to in the truck stop was identical with MORRIS but felt that it was worth checking.

[REDACTED] said he had been in the truck stop on several other occasions but that the only time he had observed this particular man was on this one occasion.

The following investigation was conducted by SA [REDACTED] and SA [REDACTED]

[REDACTED] b7c

b7c, b7D

[REDACTED]

[REDACTED] was shown the photograph of FRANK LEE MORRIS, I.O. #3584, and he said that [REDACTED] looks like the photograph of MORRIS. [REDACTED] says that he has not seen anyone resembling JOHN WILLIAM ANGLIN, I.O. #3583, or CLARENCE ANGLIN, I.O. #3582.

[REDACTED]

b7c
b7D

[REDACTED] also stated that [REDACTED] resembles the photograph of FRANK LEE MORRIS, but she does not believe he is identical with MORRIS. [REDACTED] stated that she has never seen anyone resembling photographs of JOHN WILLIAM ANGLIN or CLARENCE ANGLIN.

It was noted [REDACTED] resembled the photograph of FRANK LEE MORRIS.

SA [REDACTED] examined [REDACTED] fingerprints, and they were determined to be not identical with the fingerprints of FRANK LEE MORRIS, I.O. #3584. [REDACTED] fingerprint classification was determined to be [REDACTED]

The following inquiries were made at Seattle, Washington.

An effort to locate [redacted] was negative since [redacted] has no number above the 9200 block. If the street extended to the 9900 block it would be in Puget Sound. The current telephone directory and the city directories were searched and no one who could be identified as [redacted] was located in those directories. Further, all the [redacted] addresses were noted and there was none found on [redacted] and also there were none on any street with a house number of [redacted]

After several unsuccessful attempts to locate [redacted] she was located September 7, 1962, in a small house located [redacted]

She again observed I. O. number 3582 and identified CLARENCE ANGLIN as an individual she has seen.

She was not able to furnish any information whatsoever relative to where she saw him or when she saw him other than it was approximately three or four months ago and "it must have been in one of the taverns on First Avenue." [redacted] explained that she does not drink and does not visit the taverns for pleasure. She explained that she makes corsages and sells them in and near the various taverns and bars in the downtown section of Seattle. She said that the reason she believes she has seen CLARENCE ANGLIN is "his eyes look so tough and mean" and she does not believe she will ever forget those eyes. She stated that she recalls absolutely nothing relative to him and cannot recall what he was doing when she saw him, whether he was with anyone else or not or whether he was drinking at the bar. In this regard, she stated that when she observed ANGLIN's photograph in Canby, Oregon, she immediately recalled that she had seen ANGLIN and reasoned that it must have been in one of the bars on First Avenue in Seattle, although she could not specifically recall it being one of the taverns.

b7c
b7D

After she was questioned for information of possible assistance to this investigation, she stated, "I see

b7C
b7D

[REDACTED] was immediately contacted at the [REDACTED] where he stated he would wait for SA [REDACTED] in order that he might look at the pictures of Escapees.

[REDACTED] was contacted on September 20, 1962, at [REDACTED] and exhibited the pictures of the three Escapees. [REDACTED] stated he was sure one of the men was not MORRIS. Looking at the two ANGLIN brothers, he stated that the two individuals in the Fountain Restaurant were not identical with pictures.
