REQUEST OF THE BUREAU

The Bureau is requested to have its Laboratory, Technical Services Division, make a voice comparison of the two calls received from the unknown white male caller on 1/8/81, and 1/15/81 (Enclosure Number 2), and the recorded interview of [REDACTED] on 1/15/81 (Enclosure Number 1), and the test exemplars of [REDACTED] on 1/15/81 (Enclosure Number 2).

The Bureau is further requested to have its Laboratory prepare copies of the enclosed cassette tapes and furnish copies to the following individuals:

- 1) SA [REDACTED] Behavioral Science Unit, FBI Academy, Quantico, Virginia, so that the Behavioral Science Unit can make an analysis of the context of the recordings of the unknown caller and [REDACTED]
- 2) Dr. [REDACTED], via Syracuse Resident Agency of the FBI, Syracuse, New York, in order that a psycho-linguistic analysis can be made of the enclosed recordings.

By way of background information, the Conyers Sheriff's Office, Conyers, Georgia, received a call from an unknown white male on 1/8/81, claiming responsibility for the recent murders in the ATKID investigation. The unknown caller gave directions where the last victim, (Lubie "Chuck" Geter) was buried. The unknown caller did not refer to Geter by name.

A search by the Conyers Police Department and the Sheriff's Office was conducted on 1/9/81, in the area described by the caller with negative results.

Suspect, [REDACTED], was developed by the Conyers Sheriff's Office and interviewed on the morning of 1/15/81. Shortly after interview of [REDACTED] by investigators of the Conyers Sheriff's Office, the Conyers Sheriff's Office received a second call from an unknown white male saying the search was conducted in the wrong area. The unknown caller furnished additional directions where the search should have been made. The Conyers Sheriff's Office

AT 7A-1835-

advised that calls from the unknown caller were made from a local convenience store located approximately two blocks from suspect ██████ residence. ██████ admitted being in the store at approximately the time of the second call; however, ██████ denied making the call to the Conyers Sheriff's Office. *b7c*

The unknown caller advised he was responsible for the child murders in Atlanta and made an additional threat to kidnap and kill a white child from one of the subdivisions off of Sigman Road in Conyers, Georgia. The unknown caller gave a 2/1/81, deadline in which he would carry out his threat.

a pair of female panties stuffed in the victim's mouth. There are obvious blood stains on the panties; however, the victim's mouth, at time of discovery, was partially eaten away by rodents. Medical examiner also stated that blood found on panties may have come from purge while Lanier was being strangled.

The enclosed panties were secured by the local Atlanta Police Department and submitted to the Georgia State Crime Lab. Contact with the Georgia State Crime Lab concluded that to date, no chemical examination of any kind has been performed on said panties.

Also, the enclosed soil samples, numbers one (1) through five (5), were taken from the following locations:

- (1) The sight in which the body was found;
- (2) The residence of the primary suspect;
- (3) A relative's house of the primary suspect;
- (4 & 5) Area of two different houses where the victim was possibly held for a period of days.

REQUEST OF THE BUREAU

FBI LABORATORY:

The FBI Laboratory is requested to conduct the following examinations:

MICROSCOPIC ANALYSIS UNIT:

- (1) Conduct appropriate hair and fiber checks to determine existence of any such material.
- (2) Attempt to determine size of panties and possibility of them being stretched beyond normal limits.

Compare soil found in panties to those enclosed,
(samples 1-4).

SEROLOGY UNIT:

Determine blood type contained on enclosed panties
and the existence of other stains contained on panties,
such as saliva and seminal fluids.

In addition to the above, the Lab is requested
to perform any other scientific analysis deemed necessary.

Atlanta request that the above examinations in
this major case be handled expeditiously.

proposes using [REDACTED] to elicit the story from them once again. [REDACTED] would wear a recording device to record the conversation.

[REDACTED] will give written consent to the use of such devices and is also willing to testify in court. *b7c*
ASAC Atlanta, in the SAC's absence, concurs in the use of these devices.

U.S. ATTORNEY'S OPINION

Assistant U.S. Attorney Howard Weintraub was contacted December 18, 1980, and concurred in the use of these devices. He advised these children are witnesses and not suspects in this case and do not have standing to object to the gathering of evidence in such a manner. Weintraub advised the fact the children are minors, makes no difference in this matter. AUSA advises the use of these devices does not constitute entrapment.

It is expected that additional meetings between [REDACTED] and the children will be productive. It is requested that authority be granted to utilize this investigative technique. Date and time of utilization not known. *b7c*

FROM: *W.H.A.*
Director, FBI

SUBJECT: ATKID

Attached is a copy of a communication which furnishes information concerning a current investigation. Exigent circumstances precluded a request for authorization in advance to utilize an electronic device to monitor and/or record private conversations with the consent of a party.

Under the provisions of Part II(a) of the Attorney General's Memorandum of September 22, 1980, to the Heads of Executive Departments and Agencies entitled, "Monitoring Private Conversations with the Consent of a Party," emergency monitoring was instituted under the authorization of an appropriate official of the FBI.

Further monitoring is expected in this matter and it is requested that your office approve the use of this equipment for a period of 30 days beginning the date on which you grant approval.

Memorandum

TO : Mr. Stephen P. Clark
Deputy Chief, Criminal Section
Civil Rights Division

DATE: December 16, 1980

FROM : *b7c* [REDACTED]

SUBJECT: Citizen Call Regarding Atlanta Deaths

I recieved a citizen call from [REDACTED] on December 16, 1980. She resides [REDACTED] and can be located by calling [REDACTED] [UNLISTED] or [REDACTED]. She [REDACTED] claims to be psychic. She also claims to be receiving information concerning the deaths in Atlanta.

[REDACTED] has previously contacted the FBI in New York and the Police Department and Special Task Force in Atlanta. She has spoken extensively with Deputy Sheriff [REDACTED] (phonetic) and several unnamed detectives.

[REDACTED] feels that a white twenty-four year old male named [REDACTED] is responsible for all of the deaths of the children in Atlanta. She envisioned him traveling to Atlanta on October 19, 1980 to stay on a farm called the Half Moon in Augusta. She saw [REDACTED] go to the farm and arrest [REDACTED]. She called [REDACTED] and told him not to hurt [REDACTED] if they arrest him because he won't talk if they hurt him; he will talk if they don't hurt him. At this time [REDACTED] denied knowing anything about the farm or [REDACTED]. She now feels that because of telling [REDACTED] this, [REDACTED] was killed or done away with by a white male named [REDACTED]. She found [REDACTED] name in the telephone book at the library (after envisioning it) and saw that he was listed for Marietta, Georgia. She called the operator and was told that his number had been disconnected a few days previously.

*b7c
b7D*

[REDACTED] says that both [REDACTED] and [REDACTED] are klansmen and possibly others working on the Special Task Force on this case. [REDACTED] was killed to cover the klan conspiracy up.

[REDACTED] has also had extensive visions of where the children have been buried. She has passed all this information on to [REDACTED]

She has tried to speak with the Psychic who previously went to Atlanta to work on the case. The Psychic declined to speak with her.

I ran name checks on [REDACTED] and [REDACTED] with negative results.
