MEMORANDUM

To: Charles B. Renfrew
Deputy Attorney General

CAF 2-17-81

From: 

Analysis of Atlanta Killings

Unfortunately, the number of killings of teenagers in Atlanta has surpassed the number that are required to employ advanced statistical techniques as an aid to the investigation. While I assume the Bureau or the Atlanta police have already considered this possibility, I wanted to bring it to your attention. Such techniques, which popular reports suggest were used by Scotland Yard in the Yorkshire Ripper case, involve computer-assisted analysis of case descriptions to identify significant communalities in cases.

The analysis could aid in identifying patterns in the events that are not easily understood through non-computer-assisted processes; provide probability statements concerning questions investigators might ask (e.g., likelihood of one or more perpetrators); and suggest strategies for effective deployment of patrol and investigative resources.

Depending on the status of the records (i.e., if they have already been exhaustively coded and loaded into computers), such an analysis could be done within a 7-14 day period. Any costs could be assumed by the Federal Justice Research Program and the Bureau of Justice Statistics. Please let me know if you think this suggestion is worth pursuing.

ANALYSIS OF ATLANTA KILLINGS

CATKID

b7c

We have reviewed with interest the memorandum by [redacted]. The suggested analytic procedure appears to have potential, and I think it should be explored further.

It is my understanding that the Atlanta Police Department has automated a considerable amount of data in this investigation. Moreover, the FBI implemented the Investigative Support Information System (ISIS) in the Atlanta Field Office the week of February 15, 1981. For your information, ISIS is a computer-based case management tool designed to provide direct on-line automated data processing support for major case investigations.

She

I have instructed Mr. William A. Bayse, Assistant Director, Technical Services Division, to serve as FBI representative in this matter in order to provide [redacted] and his staff with information regarding ISIS and to pursue further the opportunity to apply the suggested analysis.

Re: MAJOR CASE NUMBER 30
OO: ATLANTA

Attached Atlanta (AT) teletype sets forth a request for an extension of 60 days, at the current staffing level of 30 Special Agents, to continue investigative efforts concerning the missing/murdered children in AT, Georgia (GA).

The AT Division is currently reviewing 1,015 files of individuals recently released from GA prisons who were convicted of sex offenses and assaults in an effort to develop a suspect in this case.

As you are aware, on 2/11/81, [REDACTED] age 16, was allegedly grabbed by a black male wearing a security guard uniform and transported around AT, GA, in a car until victim effected his escape. [REDACTED] was afforded two polygraph examinations and no deception was detected. Under hypnosis, victim provided additional facts regarding the incident, including the license plate with the word [REDACTED] appearing thereon. The State of GA Department of Motor Vehicles (DMV) revealed one [REDACTED] tag issued, however, the owner, presently residing in Las Vegas (LV), Nevada, advised that tag was thrown away in LV last Fall. All state DMVs have been queried regarding [REDACTED] tags, however, thus far, no suspect tag has been developed.

[redacted] whose latent fingerprints were developed on two magazines found near the grave site of victims Terrell and Richardson, is not currently considered a strong suspect in this case.

The AT Division has instituted a surveillance of high risk areas, frequented by youths, in the anticipation that the unknown subject will take some overt actions, which will lead to his apprehension.

The AT Bureau of Police Services (ABPS) Task Force has been reorganized and all of the various police jurisdictions having investigative interest in this matter have reached an agreement pledging their cooperation. Definitive guidelines have been established to be used in conducting future investigation in this case.

THE PURPOSE OF THIS TELETYPE IS TO REQUEST BUREAU AUTHORITY TO EXTEND THIS MAJOR CASE INVESTIGATION AN ADDITIONAL SIXTY DAYS AT CURRENT STAFFING LEVEL.

DURING THE PAST SIXTY DAY PERIOD, ATLANTA HAS TAKEN SEVERAL PRO ACTIVE INVESTIGATIVE STEPS TO IDENTIFY SUBJECT(S) IN THIS CASE. AMONG THESE STEPS HAVE BEEN THE IDENTIFICATION OF POSSIBLE SUSPECTS FROM RECENT RELEASEE'S FROM GEORGIA PRISONS, WHO WERE CONVICTED OF SEX OFFENSES AND ASSAULTS; LOCAL METROPOLITAN ATLANTA POLICE DEPARTMENTS HAVE BEEN CONTACTED, THEIR FILES REVIEWED, AND NAMES OF POSSIBLE SUSPECTS OBTAINED. AS OF THIS DATE, ATLANTA HAS 1015 NAMES ON THIS SUSPECT LIST AND BACKGROUND IS BEING CONDUCTED ON EACH OF THESE INDIVIDUALS.

SINCE JANUARY 26, 1981, TERRY PUE, CURTIS WALKER, AND PATRICK BALTAZAR ALL BLACK/MALES BETWEEN 12 AND 15 YEARS OF AGE HAVE BEEN ABDUCTED AND SLAIN. ALSO REMAINS OF LUBIE GETER AND JEFFREY LAMAR MATHIS HAVE BEEN LOCATED. EXTENSIVE INVESTIGATION HAS BEEN CONDUCTED IN CONNECTION WITH EACH OF THESE MURDERS. NO SUBSTANTIVE LEADS HAVE DEVELOPED; HOWEVER, IN THE BALTAZAR CASE, A WITNESS SAW AN OLD CAR WITH A WHITE MALE SITTING BY THE AREA WHERE BALTAZAR'S BODY WAS LATER DISCOVERED. THIS WITNESS WAS HYPNOTIZED AND PROVIDED DESCRIPTION FROM WHICH ARTIST'S CONCEPTION WAS MADE. EXTENSIVE

161
258

PAGE THREE DE AT (7A-1335) U N C L A S

MEDIA COVERAGE GIVEN THIS ARTISTS CONCEPTION HAS SO FAR FAILED TO IDENTIFY THIS INDIVIDUAL. IT IS NOTED THAT BALTAZAR'S BODY HAD BEEN DUMPED AT LEAST THREE DAYS PRIOR TO THE WITNESS SEEING THE UNSUB BY THE DUMP SITE.

IN ADDITION TO THE LARGE AMOUNT OF INVESTIGATION GENERATED BY THE DISCOVERY OF FIVE BODIES SINCE JANUARY 26 SEVERAL OTHER EVENTS HAVE OCCURRED WHICH HAVE EXPENDED LARGE AMOUNT OF AGENT RESOURCES. ON FEBRUARY 11, 1981, [REDACTED] 16 YEAR OLD BLACK MALE, WAS ALLEGEDLY GRABBED BY UNSUB BLACK MALE WHILE ON HIS WAY HOME FROM SCHOOL. UNSUB, DESCRIBED BY [REDACTED] AS WEARING A SECURITY GUARD TYPE UNIFORM, TOLD [REDACTED] TO LIE ON FLOOR OF CAR AND SAY NOTHING. UNSUB TRANSPORTED [REDACTED] AROUND CITY, UNTIL [REDACTED] EFFECTED ESCAPE, WHILE STOPPED AT TRAFFIC LIGHT. UNDER HYPNOSIS, [REDACTED] PROVIDED DESCRIPTION OF UNSUB FROM WHICH ARTISTS CONCEPTION MADE. ALSO [REDACTED] ADVISED UNSUB'S CAR BORE PERSONALIZED LICENSE PLATE [REDACTED] WRITTEN ON IT. A CHECK WITH GEORGIA DEPARTMENT OF MOTOR VEHICLES REVEALED THIS TAG ISSUED TO AN INDIVIDUAL WHO HAD MOVED TO LAS VEGAS. THIS INDIVIDUAL WAS LOCATED AT LAS VEGAS AND ADVISED HER HUSBAND THREW OUT THE PERSONALIZED [REDACTED] LICENSE PLATE IN LAS VEGAS LAST FALL.

b7c

162

PAGE FOUR DE AT (7A-1835) U N C L A S

ALL STATE DMV'S HAVE BEEN CONTACTED TO DETERMINE IF OTHER LICENSE PLATES WITH THE NAME [REDACTED] HAVE BEEN ISSUED. SEVERAL OFFICES HAVE RESPONDED THAT SUCH PLATES WERE ISSUED. INVESTIGATION BY THESE OFFICES HAS DETERMINED THE PLATES ARE CURRENTLY ON VEHICLES IN THEIR RESPECTIVE STATES, NONE OF WHICH MATCH DESCRIPTION (73 CHEVROLET NOVA) OF VEHICLE [REDACTED] SAID HE WAS ABDUCTED IN. IT IS POSSIBLE, UNDER HYPNOSIS, THAT [REDACTED] MAY HAVE BECOME CONFUSED WITH A LICENSE PLATE HE SAW ON THE FRONT BUMPER OF ANOTHER CAR PASSING IN OPPOSITE DIRECTION AT TIME OF [REDACTED] ESCAPE. ALSO SINCE UNSUB WAS WEARING SOME TYPE OF SECURITY GUARD UNIFORM CONTACT HAS BEEN MADE WITH SECURITY GUARD FIRMS AND FACILITIES EMPLOYING THEIR OWN SECURITY GUARD FORCE TO IDENTIFY UNSUB. TO DATE THESE CONTACTS HAVE ALL BEEN NEGATIVE. [REDACTED] HAS BEEN AFFORDED TWO POLYGRAPH EXAMS AND SHOWED NO DECEPTION ON BOTH. CONSIDERABLE AGENT RESOURCES ARE BEING UTILIZED TO CORROBORATE [REDACTED] AND IDENTIFY UNSUB.

ANOTHER SIGNIFICANT INVESTIGATIVE EVENT OCCURRED IN THIS CASE ON FEBRUARY 26, 1981 WHEN LATENT FINGERPRINT EXAMINER [REDACTED]

██████████ MATCHED THE LATENT FINGERPRINTS FOUND ON A PENTHOUSE AND GALLERY MAGAZINE DISCOVERED AT THE DEATH SITE OF EARL TERRELL AND CHRISTOPHER RICHARDSON WITH THE KNOWN FINGERPRINTS OF ██████████

██████████ ██████████ WHITE MALE EMPLOYED ██████████ ██████████ IN AREA OF S.W. ATLANTA WHERE FIVE OF THE BODIES HAD BEEN FOUND. ██████████ PLACED UNDER 24 HOUR SURVEILLANCE AND WHEN SURVEILLANCE PROVED INCONCLUSIVE, LOCAL WARRANTS WERE OBTAINED TO SEARCH ██████████ RESIDENCE AND VEHICLES USED BY HIM.

██████████ INTERVIEWED AND DENIED INVOLVEMENT IN THIS CASE. HE WAS ALSO AFFORDED POLYGRAPH EXAMINATION AND SHOWED NO DECEPTION. ITEMS LOCATED AT HIS HOME AND IN CARS DID NOT LINK HIM TO ANY OF THE MURDERS, BUT HAVE BEEN SUBMITTED TO FBI LABORATORY FOR ANALYSIS. ██████████ CURRENTLY NOT CONSIDERED STRONG SUSPECT IN THIS CASE.

ATLANTA HAS ALSO INSTITUTED A SURVEILLANCE OF HIGH RISK AREA'S FREQUENTED BY YOUTHS WHO MIGHT BE CONSIDERED TARGETS OF UNSUB. THESE SURVEILLANCES WILL TAKE PLACE THREE DAYS A WEEK FROM 2:00 P.M. UNTIL DARK, IN THE ANTICIPATION UNSUB WILL TAKE SOME OVERT ACTION WHICH WILL LEAD TO HIS APPREHENSION.

CERTAIN ATKID SPECIAL AGENT'S HAVE BEEN DIRECTED TO TARGET CHILD HOMOSEXUAL PROSTITUTION ELEMENTS AT ATLANTA FOR INFORMANT DEVELOPMENT.

IN ADDITION TO THE ABOVE, ATLANTA ON A DAILY BASIS RECEIVES NUMEROUS TELEPHONE TIPS AND INFORMATION FROM OTHER OFFICES ON INDIVIDUALS WHO FOR ONE REASON OR ANOTHER COULD BE CONSIDERED SUSPECTS. ALL THIS INFORMATION IS HANDLED WHEN RECEIVED AND CONSUMES A CONSIDERABLE AMOUNT OF AGENT TIME.

CURRENTLY THERE ARE 20 MURDERED CHILDREN AND TWO MISSING, THESE BEING DARRON GLASS, WHO HAS BEEN MISSING SINCE SEPT. 14, 1980 AND IS PRESUMED DEAD; JOSEPH BELL MISSING SINCE 3/2/81. Specimens received March 19, 1981

Q27 Envelope postmarked "ATLANTA, GA 303 PM
8 MAR 1981" bearing the hand printed address
[redacted] *b7c*

Q28 Accompanying one-page hand printed letter
beginning "Hello its me. Haven't you . . ."

Result of examination:

It could not be determined whether the writer of the Zodiac letters in the case "ZODIAC; EXTORTION" prepared the questioned writing on specimens Q27 and Q28, because of distortion and unexplained variations .

While a definite conclusion could not be reached in this examination, some characteristics were noted which indicate that the writer of the Zodiac letters should not be eliminated as a possible suspect in the preparation of specimens Q27 and Q28.

No watermarks, indented writing or other features were found on specimens Q27 and Q28 which would be of value in determining the source of these specimens.

Specimens Q27 and Q28 were photographed and will be returned with the fingerprint report. The results of the authorship identification examination will also be furnished separately.

Re: ATKID
MAJOR CASE # 30; OO: ATLANTA

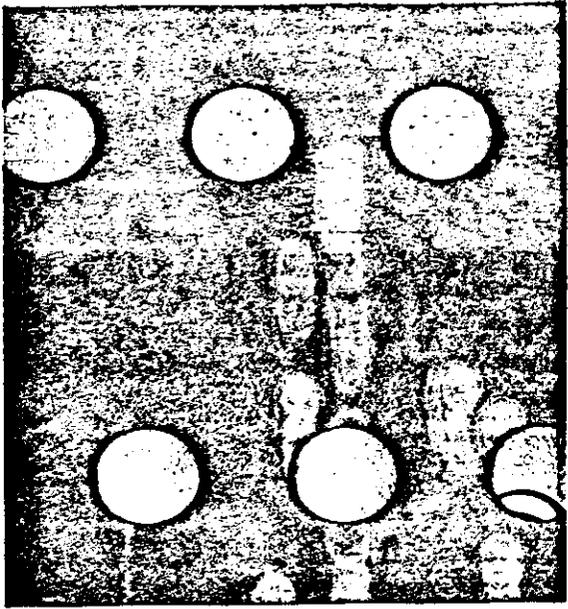

The attached teletype advises that all field offices have checked their respective Department of Motor Vehicle concerning [REDACTED] license plates; however, no lead has been developed that appears to be promising. The Atlanta Division currently checking each county in Georgia to determine if a duplicate [REDACTED] license tag exists. In addition, uniform and police equipment suppliers are being contacted to develop information regarding numbered security badges and security uniforms as described by [REDACTED] during a hypnotic interview.

[REDACTED] a Negro male, aged ten years, on 2/19/81 advised a white male followed him home from school on 2/9/81, opened the front door to his apartment, and ransacked the area while he hid under a bed. No valuables were missing from the apartment after this individual departed. [REDACTED] mother, [REDACTED] stated that on 2/11/81 an attempt was made to gain entry to her apartment. She screamed and according to

her son, [REDACTED] he observed a white male with blue eyes and a scar on his neck looking in the window. Following this incident, [REDACTED] received a telephone call from an unidentified caller who said "I am going to kill the boy within the next 48 hours." On 2/11/81 [REDACTED] observed the suspect in the vicinity of his school. Additionally, while at his grandmother's home on 2/17/81 he was chased by this same person for several blocks.

[REDACTED] viewed five photographs and he selected the photograph of [REDACTED] as being the individual he had observed on the above described occasions.

As you will recall, [REDACTED] latent fingerprints have been developed on two magazines found near the site where the remains of two victims were recovered. [REDACTED] stated that on 2/17/81 the suspect had no facial hair. On 3/1/81 [REDACTED] had a full beard.

The Atlanta Division is currently conducting surveillances from 2:00 p.m. until 5:00 p.m. on Wednesday, Thursday, and Friday of each week at selected shopping centers frequented by children.

Presently the files of 1,086 individuals previously arrested for sex offenses are being reviewed for possible suspects in this case.

THEORY: That the core killings, of children, in Atlanta, are the work of a small, fanatical, right-wing cell (possibly linked with the KKK, American Nazi Party, Minutemen, or other right-wing organization). Other killings are the work of copycat or coverup killers, or the victims of random inner city violence.

MOTIVE: The motive of the killings is to discredit the black power structure in Atlanta. During the next city election, a law and order," candidate (backed by the major organization-but unaware of the true nature of the killings) will run for the office of mayor, and the killings will end.

METHOD: Nothing can instill in a population a feeling of fear and lack of faith in its leadership as fast as a series of seemingly random murders. And if the victims are children, the most defenseless members of the society, the sense of terror is heightened. It is for this reason that the killer group has chosen children as their victims. Their work has been made easier by the actions of copycat killers and random killings in Atlanta, that have served to conceal their actions.

GROUP COMPOSITION: It is my estimation that the killer group is made up of four to five, white males, twenty-five to forty years old. These would be males in their top years of physical condition, powerful enough to overcome the resistance of a child without help. As to the size of the group, four men is the most that can fit, with ease, into a single car, and retain freedom of movement. It is also the size of a standard military rifle team, the base unit of any infantry organization. A fifth individual, if involved, would be the team leader and have the closest contact with the major organization.

SUPPORTING EVIDENCE: Several, unrelated facts and trends point to the possible team theory:

- 1: In recent months right-wing organizations around the nation have established paramilitary units, trained in guerilla warfare methods.
- 2: Incidents of right-wing terrorist acts, such as the group of six recently apprehended in North Carolina in connection with a bombing plot stemming from the "death to the Klan" killings, are on the rise.
- 3: Atlanta, is a city on edge, and even assuming the existence of two or three copycat killers, any single individual trying to coax children into a car would draw attention to himself, and provide witnesses for police.

7-18251-274
ENCLOSURE

227
26

()
↑)

HOW TO GET THE CHILDREN INTO A VEHICLE: There are several possible methods that the group could employ to get the victims into a vehicle.

- 1: Money: The child is offered a relatively large sum of money (twenty or thirty dollars, and up front) to do some work for the killer. Later the money is removed from the body.
- 2: An accomplice (possibly a woman or another child) lures the victim to the vehicle with an offer of money or safety.
- 3: One member of the group, on foot, follows the intended victim for several blocks (or stands near him, if he is stationary). After a short period of time a second (and possibly a third) member of the group drives up to where the child is in a plain looking, four-door sedan. He rolls down the window or opens the door, calls out to the child, flashes some form of shield or ID, says he is a law enforcement official, and tells the child that the person following him is a suspect in the killings. The child gets into the car, while a fourth member of the group (in a second car) picks up the individual on foot. They may go so far as to have some form of radio contact between the cars (over a C.B. net), and then drive out of the area to a pre-determined location for the murder.

TYPE OF VEHICLE: If the groups is using a method like number three above, they must be using one or two, clean, plain looking sedans, of the type most common to the Atlanta police department. However, a more promising type would be a small van of some kind. Not one with a fancy, "Star Wars," paint job (that would attract too much attention) or a window van, but a simple panel van (probably with one way decals on the rear windows). Such a vehicle would draw little attention to itself, and could provide a rolling murder scene (and if the vehicle is carpeted inside, it could account for some of the fibers found on a few of the bodies).

RAPID RATE OF LAST FIVE KILLINGS: There are several possible explanations for the five killings between January and March, 1981.

- 1: They are the work of five, unrelated killers, who just by random chance struck within such a short period of time.
- 2: One of these killings is the work of the group, and the other four are random (as in number one, above).
- 3: All five are the work of the group, in one of the following patterns:
 - a: They are a, "Christmas bombing," pattern, of several killings, to be followed by a lull in action by this group until a time closer to the elections

- b: Because of all the problems facing law enforcement officials in cracking the case, the group now feels cocky. As a result in a splitting of the group, into two groups of two each, who are now engaged in a competition to see who can kill the most in some given period of time.

GOALS OF A TERRORIST GROUP: There are three main goals of any terrorist group, that fit into the pattern in Atlanta.

- 1: To instill a sense of terror in the community in which the group operates.
- 2: By being able to act and not get caught, the group shows the weakness of the government, and undermines public support for and confidence in it.
- 3: To replace the existing government with one made up of supporters of the group, or that the group supports.

In Atlanta, goals 1 and 2 have been achieved, and the next election will determine if goal 3 is reached.

GROUP MEMBERS: As indicated earlier (page 1) the members of the group are white males, age 25-40, and in good health. And a check of the weekday disappearance chart (page 4), shows that it is most likely that they work at a job where they have Tuesday and Wednesday off (a list of such people would include not only police and fire officials, but also hospital or chain store employees). A list of known right-wing organization members, should be checked against employment, and this with schedules in an attempt to come up with a list of suspects fitting this pattern.

It is important to keep in mind that the members of this group do not look upon their actions as simple murder, but as a form of civic duty. It is the only way that they know to return their city to the proper form of government. Additionally, it is quite possible that they deplore the non-related killings, and that in some way they may serve as part of the justification for their acts. After all, any government that lets that many little children be killed does not deserve the right to be in office, and should be replaced by a new power structure that will be able to control the situation.

SUMMARY: Based upon available data, the following are my tentative conclusions regarding the child killings in Atlanta:

I: Killings number¹, 3, 5, 6, 10, 12, 13, are the work of the single right-wing cell, and are politically motivated. These six killings all share specific characteristics: all the victims were black, boys (except #5, see below), age 10-14, all were either killed by strangulation or asphyxiation (forms of death more inclined to instill a sense of terror in others than a shooting or knifing), no major effort was made to conceal the bodies, and all were last seen on a Tuesday or Wednesday.

IMPORTANCE OF AGE: A part of the motivation for these individuals to join the major organization's paramilitary unit, is the fear of a racial civil war in the next five to six years. In that case the children age ten to fourteen now, would be young men between sixteen and twenty when the war starts. In this way they are both sending a political message to the community and killing their enemy at the same time.

KILLING #5: The killing of, Angel Lanier, was a mistake. By that I mean that the members of the group did not realize that she was a girl until she had been lured into a trap. At that point they felt they had no choice but to kill her and make it look like a sexual motive was behind it.

RANDOM PATTERN OF GROUP KILLINGS: There are two prime reasons for the random and prolonged pattern followed by the group in its actions:

- a: SCHEDULING: The members of the group have to find a time when they can meet, without some personnel or family situation keeping them from joining the rest of the team.
- b: NEED: The act of the group are not the only child killing in the city, and so to keep the situation hot and in the public eye, they need only strike every few months.

II: Other killings, not related to group actions:

- 1) Killings 1 & 2, would seem to be related to each other (according to news paper accounts), however, they are not related to the group killings.
- 2) Killing 4, this is a case of strangulation, however three points stand out from the group acts. First, the child was only nine years old (two years younger than the group victims mean age of 11.3); second, his body was concealed in an abandoned building; and third, he was last seen on a Sunday.
- 3) Killing 7, also is unrelated to the group acts. It

which she identified as a 1969 Chevrolet, parked near the wooded area of the parking lot, which was away from all of the buildings in the complex. Due to the manner in which this car was parked, she felt it unusual; and she noted an individual sitting in the car whom she described as a white male. She furnished a physical description of the person she saw as to facial expressions, and a composite was prepared by a representative of the DeKalb County Police Department utilizing the Identikit. This composite was then shown to her, and she indicated it was a good likeness.

At the conclusion of the hypnotic interview, she stated she felt fine.

BY TELETYPE DECEMBER 13, 1980, ATLANTA REQUESTED AND RECEIVED FBIHQ APPROVAL FOR AN ADDITIONAL THIRTY DAYS ON THESE ASSIGNMENTS; AND, ON JANUARY 15, 1981, ATLANTA AGAIN REQUESTED AND RECEIVED AN ADDITIONAL SIXTY-DAY EXTENSION FOR THESE TOURS OF DUTY.

THE PURPOSE OF THIS COMMUNICATION IS TO REQUEST THAT SA'S [REDACTED] AND [REDACTED] BE RELIEVED OF THIS ASSIGNMENT EFFECTIVE AS SOON AS FEASIBLE AND THAT REPLACEMENTS NOT BE FROM THE CHARLOTTE DIVISION. CHARLOTTE HAS A CRITICAL NEED FOR SERVICES OF THESE SA'S. AUSA HAROLD J. BENDER, WDNC, HAS BEEN HOLDING PROSECUTION IN ABEYANCE RE THE FOLLOWING CASES DUE TO SA [REDACTED] ABSENCE, NOTING HE CANNOT PROCEED UNTIL SA [REDACTED] (WHO IS THE CASE AGENT) IS AVAILABLE FOR EXTENSIVE CONSULTATION:

CHARLOTTE FILE 91A-7890, ENTITLED [REDACTED]; ROBBERY OF FIRST NATIONAL BANK OF ANSON COUNTY, LILESVILLE BRANCH, LILESVILLE, N. C., JUNE 5, 1979."

CHARLOTTE FILE 91A-7969, ENTITLED [REDACTED], [REDACTED] FIRST NATIONAL BANK OF ANSON COUNTY, LILESVILLE, N. C., SEPTEMBER 12, 1979."

THE RALEIGH RESIDENT AGENCY, LIKE MOST OF CHARLOTTE'S RESIDENT AGENCIES AND HEADQUARTERS CITY, HAS BEEN OPERATING BELOW COMPLEMENT FOR ALMOST A YEAR; AND, SINCE SA [REDACTED] ASSIGNED TO ATLANTA, THIS RESIDENT AGENCY HAS EXPERIENCED A NUMBER OF MAJOR CASES INVOLVING THE ENTIRE SA COMPLEMENT, THE MOST RECENT BEING A KIDNAP/MURDER.

b7c

CHARLOTTE DIVISION IS APPROXIMATELY 10 PERCENT BELOW TSL, AND A REQUEST FOR RELIEF HAS BEEN PENDING SINCE NOVEMBER, 1980. THIS SHORTAGE OF COMPLEMENT COUPLED WITH RECENT MAJOR CASES HAS MADE IT EXTREMELY DIFFICULT FOR THE FBI TO MEET ITS COMMITMENTS IN A TIMELY AND EFFECTIVE MANNER IN NORTH CAROLINA.

ADDENDUM: CRIMINAL INVESTIGATIVE DIVISION (CID) [REDACTED] 3/9/81

CID has reviewed this matter and concurs with SAC, Charlotte that his request for the return of SAs [REDACTED] and [REDACTED] to the Charlotte Division is an appropriate and prudent course of action. Supervisor [REDACTED] Atlanta Division, on 3/6/81, advised their office agrees with request, provided that two SAs from another division be utilized to replace these SAs. Since one Bureau car from the Charlotte Division is currently being used in this investigation and will be returned to that Division, it is recommended that a replacement vehicle be provided by an office furnishing a replacement SA. *etc*

If approved, it is recommended that the Administrative Services Division will handle the replacement of the two SAs, from an office other than Charlotte, for a sixty-day period, as well as the replacement of one Bureau car.
