On January 12, 1944, [redacted] Colored, who is janitor at [redacted] which is the meeting hall for the KIRKMAN group, advised that the group is conducting regular meetings at the [redacted] on Saturday nights and Sunday afternoon and evenings. He advised that the group had attempted to obtain the hall for Tuesday evenings but inasmuch as the hall was in use by the Masonic Temple during those nights it was not possible to make it available to them. He stated that every second and fourth Thursday of the month the Women's Auxiliary of the organization met at the hall. He stated that \$3.00 per day rental is charged whenever the hall is used in the afternoons and \$6.00 per evening rental is charged whenever the hall is taken up for the entire evening. He stated that on January 8, 1944, a large celebration was held by the subject organization in the hall in commemoration of the birthday of the Prophet NOBLE GRADLI. The informant advised that such is considered the Christmas Day for the subject organization. He stated that perhaps 75-100 people, a number of which appeared to be non-members, attended the festivities at the hall. Informant further advised that at no time since he has been janitor of the hall has he noticed any irregularity on the part of the organization that would indicate that it was anything but a patriotic organization. He stated that he is readily admitted to any of the meetings although he is a non-member and has also been told by CHARLES KIRKMAN REY that any guest which he desired to bring to the meetings would be welcome.

On the night of February 10, 1944, [redacted] residing at [redacted] Chattanooga, Tennessee was interviewed at the Chattanooga Resident Agency, who stated that he knew several of the members of instant organization, however, he did not associate with them and felt that they were individuals who were crazy.

[redacted] stated that he did not consider members of instant organization to have sufficient intelligence to conduct any subversive activities in this country and felt they were harmless in that respect.

On one occasion, [redacted] stated while he was working for a white family, that a member of instant organization named [redacted] BEY, was relating the background of instant organization to him and informed him that, he, [redacted] was not a negro and that he was a Moorish American. To which [redacted] replied, "if you are not a Negro, go out there and get in the swimming pool with Bud," -- Bud being the white man, whom [redacted] was employed by.

[redacted] BEY, of [redacted] employed by the [redacted] as a taxi driver, was interviewed by the Reporting Agent, and it was difficult to get a coherent story from [redacted] as to the background and possession of instant organization. However [redacted] did state that instant organization was for the uplifting of humanity; that he had been a member of same for six or seven years.

It could easily be ascertained that [redacted] was an individual of very low mental faculties and with very little education.

[redacted] BEY, of [redacted] Chattanooga, Tennessee, was interviewed at the Chattanooga Resident Agency, by Special Agent, [redacted] and the Reporting Agent on February 12, 1944, who stated she had been a member of instant organization for about ten years.

She further stated that names of members of her race, were generally names as were given to their forefathers by slave holders in 1779 and lasted until 1865, and that when members of her race are admitted to the Moorish Science temple of America, they add either BEY, ALLAH or EL, which were the names of the three tribes of which members were taken from Morocco and sold in the United States, and by using one of the original tribe name they are released from the slavery names and restored to their true nationality, at which time

they consider themselves Moorish Americans, not Negroes, Colored Black People or Ethiopians.

Continuing [REDACTED] BEY stated that under the flag of the United States they were protected as Morroccans, and that the United States Government had permitted them to organize temples throughout the United States from which and through which they have been restored to their true nationality as descendants of the three tribes of Morroco. Continuing, she further stated that the United States Government had permitted them to use the Morrocan flag, this flag being protected and preserved by the United States flag and the United States Government.

According to [REDACTED] BEY, members of instant organization consider themselves to be American citizens and expect to make this their future home, and so far as is known by her, there is no movement by any member of the instant organization to attempt to overthrow the United States Government or to remove any members of instant organization back to the old country.

[REDACTED] BEY also stated that each temple has its own charter which is governed by the State laws where respective temples are located.

[REDACTED] BEY is 53 years of age, born at [REDACTED] Tennessee is 5' 5" tall, weighs 135 pounds, dark eyes, black hair, brown complexion, has one daughter, [REDACTED] at [REDACTED] Tennessee, one sister, [REDACTED] Tennessee.

On February 12, 1944, [REDACTED] BEY, Grand Sheikess Temple #16, furnished substantially the same information as [REDACTED] BEY and further advised that temple [REDACTED] was the first temple organized at Chattanooga, Tennessee, which was in 1928.

She further advised that the membership of instant temple was approximately 20 to 25 members, and that the total membership of temples [REDACTED] and [REDACTED] would be approximately 30 to 35 members.

She further stated that a complete list of members of temple [REDACTED] and [REDACTED] would be furnished to this Office in the immediate future.

[REDACTED] BEY advised that temple [REDACTED] was organized in Chattanooga, Tennessee in 1933 and that [REDACTED] BEY was the Grand Sheikess for same.

According to [REDACTED] BEY, NOBLE ISHW ALI was born in North Carolina, and is the only Prophet to have been born in the United States. He is also the founder of instant organization in the United States and died in 1928.

All members of instant organization are citizens of the United States and are required to be such and it is necessary for them to be descendents of the three tribes from Morocco to be eligible for membership in the organization.

According to [REDACTED] BEY, members of instant organization will comply with all requisitions regarding the Selective Service and Training Act and will fight to defend the United States, in view of the fact that it is considered by them as their home and they expect to continue to reside here.

b7c
The instant organization has a supreme Grand Supervisor, who is Colonel C. KIRKMAN BEY, of Chicago, and under him are the Governors and Governesses, who are assigned to a section of the country, which may consist of a State or several States in the United States. Then the Grand Sheiks and Sheikesses who control the temples and are appointed by the grand body in Chicago, which convenes during the annual convention. The Officers in the temples under the Grand Sheik or Sheikess are the Mufti, the Chairman, Secretary, Guards, or (vesters). The Officers serving in the temple under the Grand Sheik or Sheikess are elected by the members of the temple.

There are also Divine Ministers, who are ordained by the supreme Grand Advisor, who are permitted to preach the teachings of instant organization from the Holy Koran, which is to the members of instant organization, their Bible.

[REDACTED] a Divine Minister ordained by Colonel C. KIRKMAN BEY, furnished substantially the same information as above reflected in this report.

[REDACTED] stated that the reason that other members of his race did not choose to be a member of instant organization, was due to the fact that they were not permitted to violate the laws of the United States, when a member of instant organization, and that a majority of the race desired to live to satisfy their own desires.

Both [redacted] and [redacted] stated that there has been no attempt by any outside individual or individuals to attempt to infiltrate [redacted] organization for any purposes whatsoever, and should there be any attempt to do so, they would likewise advise this office.

It should be noted that all members of instant organization, who were interviewed by Special Agent, [redacted] and the Reporting Agent was done so under the pretext of securing information regarding instant organization and membership of same, so that the Knoxville Field Office would have information in the files regarding same, should complaints be received that meetings were being conducted by various individuals at meeting places or in the homes of members of instant organization.

b7c
IRENE WILLIAMS BEY, is 66 years of age, born Jones County, Georgia, is 5' 3" tall, weigh. 110 pounds, dark eyes, black hair, brown complexion, left arm missing at shoulder.

[redacted] is 53 years of age, born in [redacted] Tennessee, is 5' 5" tall, weighs 130 pounds, dark eyes, black hair, dark brown complexion.

[redacted] BEY, who resides at [redacted] Chattanooga, Tennessee, was not interviewed due to the fact that he was ill with the flu.

It is felt that adequate coverage is had regarding instant organization and should any information of value come to the attention of informants, it will be furnished this Office immediately, which will be reported accordingly.

which had for its leader C. (KIRKMAN) BEY; however, that this was not the branch of the Moorish Science Temple which had been established at Pine Bluff. He was of the opinion that the [REDACTED] was formerly known as [REDACTED]. The organization in Pine Bluff presently has thirteen regular members.

b7c
b7d

[REDACTED] When questioned concerning the beliefs and teachings of the organization [REDACTED] BEY advised that they followed the Holy Koran and the instructions contained in other pamphlets and literature concerning their nationality as Moorish-Americans. The Pine Bluff branch at the beginning had a membership of approximately 300, but after the death of NOBLE DREW ALI the majority of the members ceased to attend meetings and are no longer active. A list of the present active members of the organization was obtained and is set out hereinafter.

b7c

[REDACTED] BEY emphatically denied he teaches or has taught allegiance to any Government except the United States, stating that part of their teaching was that they should be loyal to this country and obey the laws of the land. He advised that he had never heard any statements made at meetings or by any members of this organization concerning a revolution against the United States or any coalition with the Japanese government. He stated that no mention had ever been made concerning the deferment of members of that organization from service in the Armed Forces.

b7c

[REDACTED] BEY, [REDACTED] Arkansas, was interviewed and advised that there are presently between ten and twenty members of the organization who attend fairly regularly. A list of the active members as furnished by [REDACTED] BEY will be set out later in the report.

b7c

[REDACTED] BEY stated that he attended each meeting of the organization and that he felt that he had knowledge of all its teachings. He stated that the only subjects of discussion or teaching at meetings of the Moorish Science Temple were those set forth in the Holy Koran, and that no mention was ever made concerning the Selective Service Laws or of any revolution to be instituted by the organization. The only time he ever heard the Japanese mentioned was with regard to their being of Moorish descent as were negroes, Egyptians, Hindus, and others. He advised that it was a teaching of the organization that members should obey all laws of this country, should respect the United States Flag; and he definitely stated that there had never been any seditious statements made by anyone while he was present at

any of the meetings of this organization. He was unable to furnish the name of the prophet in Chicago who was head of the Pine Bluff branch but stated that he was presently residing at [REDACTED] Chicago, where the main temple was located.

b7c
[REDACTED] BEY, [REDACTED] Arkansas, was interviewed and furnished the following information:

b7c
There are presently not more than twenty regular members in the branch of the Moorish Science Temple located at Pine Bluff. He has been a member of the organization [REDACTED] and attends all meetings held. He emphatically denied that anything was taught in the temple or among its members except the religion and beliefs set out in the Holy Koran. He went into detail concerning these teachings and obtained all the pamphlets and books which he had in his possession concerning the instructions they received as well as the constitution which he made available to agent. This discussion disclosed information identical with that heretofore set out in instant case concerning the desire of the negro to obtain his birthright as a Moorish-American. It is their teaching that all Asiatic nations are children of one father. These Asiatic nations include Chinese, Japanese, Arabs, Egyptians, Moors, and Hindus. It was their teaching that all Asiatic nations except the Moorish-Americans had known their nationality; however, that the Moorish-Americans, whom he states are miscalled negroes, were ignorant of their correct name and nationality until the prophet came.

b7c
[REDACTED] BEY advised that the organization has never taught any revolution to obtain their rights and has never advocated the overthrow of the United States Government as far as has been taught in the Pine Bluff Temple. Rather, they are taught that they should live according to the teachings of the prophet, constitution, and by-laws, and that the prophet would be responsible for their recognition and rights. They have no other action to take in order to secure their rights except to live as instructed. No one at these meetings was allowed to talk of other organizations, governments, or beliefs, but was required to limit their teachings to that set forth by the prophet.

b7c
[REDACTED] BEY was unable to furnish the former name of the [REDACTED] but advised that he was presently residing and had a temple at [REDACTED] Chicago, Illinois. He stated that he was positive that the Pine Bluff branch of the Moorish Science Temple did not have as a leader CHARLES KIRKMAN BEY, but that [REDACTED] BEY had heard that CHARLES KIRKMAN BEY had another branch of the Moorish Science Temple in Chicago.

Members of the organization interviewed indicated that the temple at Pine Bluff is the only Moorish Science Temple in the State of Arkansas or in this section of the country.

The present active membership of the Moorish Science Temple in Pine Bluff as obtained from confidential informants and members of the organization appears to include the following:

Most of the wives of these men are members. It is reported that the number at any one meeting is about eight to fifteen members since all do not come to every meeting.

A review of the file in this matter has been made, and it is noted that numerous interviews and considerable investigation covering a period of almost a year have failed to indicate any subversive activities on the part of members of the Moorish Science Temple in Pine Bluff, and that the only basis for further investigation was based on information furnished by

un-American by neighbors and acquaintances and apparently were honest persons who were considered fanatical in their religious views. All active members of the organization interviewed appeared to answer questions freely, completely, and without any hesitation. Questioning failed to indicate any subversive tendencies but rather they appeared anxious to make their religious views known and to make all literature concerning the organization available to agent for examination. Apparently, all members interviewed discussed any point brought out without reserve and did not appear to withhold any information concerning their affiliation with the Moorish Science Temple or the teachings of the organization. They readily supplied the names of other members of the organization.

b2

Due to the fact that no actual violation concerning the sedition statutes has been established and since [REDACTED] appears to be somewhat unreliable, no further investigation is deemed necessary at this time.

knowledge and activities in the Moorish Science Temple. He advised that he first became interested in this program in February, 1941 when he met [REDACTED] EL, [REDACTED] of the Moorish Science Temple. [REDACTED] interested him in this program of the Moorish Science Temple and [REDACTED] stated further that [REDACTED] had little difficulty in interesting him in this program because he was always interested in the Moslem problems and in the advancement of his people. The principal purpose of this organization, [REDACTED] is to assist and help stray people and in order to properly perform this duty, that they have very strict rules concerning the conduct of the members and meetings of this organization. He advised that a good Moslem or member of the Moorish Science Temple is also a good American and under no circumstances is a Moslem or a member of this organization subversive nor does he have tendencies towards subversive activity. He advised further that he has always willingly cooperated with the officials and has also forwarded the rules and regulations, purposes and aims of this organization to President Roosevelt in order that he might be fully acquainted with the rules, purposes and aims of this organization.

b7c

As to the background of the organization in New Haven, he advised that [REDACTED] first came to New Haven in 1937 and under the leadership of [REDACTED] the New Haven Branch of the Moorish Science Temple was organized with approximately 20 members. Their meeting place was at 107 Dixwell Avenue. He declared that the organization at one time had approximately 75 members, but interest in the organization lagged and the membership gradually declined. His efforts began in 1942 after he met [REDACTED] in the latter part of 1941. He advised that he has attempted to particularly teach the so-called negroes their true identity as Moors, but his efforts in this program have been curtailed due to the fact that he does not have enough time to properly organize the New Haven Branch. He advised further that he feared to place any other negro in charge of this organization although he is now presently training [REDACTED] for this important position.

b7c

He advised that he personally ceased taking collections at the meetings of the Moorish Science Temple but [REDACTED] of the organization, was very opposed to this step since

b2

[REDACTED]

[REDACTED] desired the funds of each organization to be increased. He did state further that the organization has not been active since the first part of 1942, although he occasionally has a fireside chat with one or two members of this organization.

During the interview, he attempted to impress the Reporting Agent with his knowledge and experience concerning his knowledge of the languages when he contended that he could speak very well 13 languages including Greek, Latin, Arabic, Italian, German and several other languages. [REDACTED] that he has furnished information to Government officials concerning his organization and he also made available to the Reporting Agent the following information, minutes, and material concerning this organization:

b7c

(1) A booklet containing the so called minutes of this organization. The minutes for December 11, 1942 revealed that he collected \$.85 in dues on that day out of which was paid a traveling fee of \$.25. The minutes of December 18, 1942 revealed a collection of \$2.70. The minutes were not adequately maintained in view of the fact that the minutes did not reveal the names of the persons present at these meetings nor did they contain information concerning the business transacted at these meetings. The book contained a list of the members of the organization and this list of members is as follows:

[REDACTED]

The minutes contained the following information as to the Temples under the jurisdiction of the Grand Deputy Councilor of the Eastern region. [REDACTED] Hartford, Conn., Village St., Grand Governor [REDACTED]

b7c

(2) A membership card dated October 14, 1942 which contained the name [REDACTED] BEY which contained the following information: [REDACTED] is your nationality and identification card for the Moorish Science Temple, The Devine and National Movement of North America, Inc., and birth rights for the Moorish Americans, etc. We honor all the devine prophets, Jesus, Mohammed, Buddha, and Confucius. May the blessing of the God of our Father, ALLAH, be upon you that carry this card. I do hereby declare that you are a Moslem under the devine laws of the Holy Koran of Mecca, Love, truth, peace, freedom, and justice. 'I AM A CITIZEN OF THE UNITED STATES.' (3) A receipt issued by [REDACTED] PETERS, Grand Deputy Councilor for the Eastern region, which acknowledged receipt of \$2.00 from [REDACTED] BEY, Grand Shiek of t [REDACTED] Division for a fez.

(4) A letter dated March 18, 1943 from Grand Shiek [REDACTED] EL which reads as follows: "I hope you and family are well and feeling fine. I am happy to tell you that I am feeling better than I did when I last wrote to you. Listen, please write and tell me when the meetings are to be held in New Haven. I can not be there on

b2 [REDACTED]

sunday at present. Please arrange a meeting so I can be with you, please. I want New Haven Temple to come up the line of success as all other temples are doing. Kindly send me the Berkshires Funds which I told you to collect from [REDACTED] BEY. You hear we now go places and do things, so let's get busy. The young people of the Hartford Temple No. 1 has set up the Moorish American Youth Association, only one month ago and they has in their treasury \$100. I would like the same spirit in New Haven. Did you see [REDACTED] about the ball? Please write me the news about everything. Listen, [REDACTED] BEY found something in a locket he says he thinks it belongs to you. He has it for you. I will close. Hope to hear from you soon. P. S. I received good news from Washington, D. C."

b7c At the conclusion of the foregoing letter, there was written the signature, Grand Shiek [REDACTED] EL followed by figures and scribblings. There was also the address [REDACTED] Brooklyn, Connecticut on the reverse side of the envelope.

(5) A letter dated March 22, 1943 from [REDACTED] EL to [REDACTED] which reads as follows: "Hope you and family are well and feeling fine and I trust you are keeping the Moorish Americans in New Haven in line with the great Movement. Listen, I would like for you to meet me in Bridgeport Thursday night about 8:00 P.M. The Moors are having a great time there, please, and bring all you can from your city. The address is 405 South Main St., Apartment 104 on the first floor. I will look for you and family and friends. Your Councillor, [REDACTED] EL."

(6) There was also found among the papers given to the Reporting Agent certain facts concerning alleged acts of discrimination in Bridgeport, Connecticut. One of the acts of discrimination set forth that [REDACTED] years of age, claims discrimination in the following National Defense Plants at Bridgeport, Conn.: McKesson and Robbins; Harvey Hubbell and Company; Bryant Electric Company, Bridgeport; Jenkins Brothers, Bridgeport, Conn. The slip of paper set forth that she has witnesses to testify to the discrimination and that one of the witnesses was [REDACTED] Bridgeport, Conn. The same paper further contained information that Harvey Hubbell and Company was the only Company listed above that had an opening for colored people at the present

br [REDACTED]

time. On the bottom of this slip of paper was the name of the President of the United States and evidently the alleged acts of discrimination had been called to his attention.

(7) There was also found among the papers given to the Reporting Agent, a Christmas Card addressed to [REDACTED] from Brother and Sister [REDACTED] BEY. In the middle of the card were two hands in a hand clasp and on the left was the word "ISLAM" and on the right of the card was the word "UNITY". The card contained the following inscription: "May perfect peace and gladness be yours on our Prophet's birthday and in your heart forever may the love of Allah abide."

b7c (8) A letter dated December 30, 1942 from [REDACTED] to [REDACTED] Selective Service Director, State Armory, Hartford, Connecticut: "In view of the extensive program that is conducted in the Moorish Science Temple which, incidentally, is an organization of rehabilitation, we people desire recognition as such through the medium of a testimonial dinner to the leaders of our State. I certainly hope that you, as one of our more cooperative leaders, will do us the honor of accepting an invitation which will be forwarded to you at some time in the near future as will be designated by the next body.

"In the meantime, may I offer my availability and any services needed in New Haven or the State to assist in any affair dealing with manpower selectivity, etc. where discrimination may be suspected."

[REDACTED] by his letter dated January 8, 1943, acknowledged that he had received a letter from [REDACTED] EL, Grand Shiek, Moorish Science Temple, inviting him to speak at the Moorish American banquet on January 10, 1943, but [REDACTED] declined to accept the invitation.

(9) [REDACTED] also made available to the Reporting Agent his ordination papers whereby he had been designated as the Grand Deputy Councilor of the Eastern District and this paper read as follows: "This is to testify that after a satisfactory relation of infinite experience, calling to the ministry and faith of the very devine doctrine of the MOORISH SCIENCE TEMPLE, THE DEVINE AND NATIONAL MOVEMENT OF NORTH A.E.ICA, INC., A Connecticut .

Corporation, PROPHET NOBLE DREW ALI, FOUNDER, [REDACTED] - BEY, Grand Deputy Councilor of the Eastern Region, was properly ordained to the work of the DEVINE MINISTRY on the first day of October, 1942 by the Grand Ruler of the Moorish Science Temple, the Devine and National Movement of North America, Inc., [REDACTED] - EL, Executive Councilor and Moderator.

"Who so ever receiveth these ORDINATION PAPERS is to teach love, truth, peace, freedom and justice, teach man the holy and devine laws and to support the laws of the Government because our policy is to uplift fellow humanity. You are further to assist the Temples through the guidance of the Prophet and the guiding body of the Moorish Science Temple, the Devine and National Movement of North America, Inc. It is given upon the hedges and highways to rebuild from their sinful ways that they may learn to love instead of hate. Signed by Grand Shiek [REDACTED] EL."

b7c

[REDACTED] also made available to the Reporting Agent the rules and regulations of the Branches of the Moorish Science Temple, but these rules and regulations were set up in the referenced report.

In view of the fact that the New Haven Branch of the Moorish Science Temple has been inactive since the Spring of 1942 and possibilities are such that it will not become active within the next few months, this case file is being considered referred upon completion to the office of origin by the New Haven Field Division. In the event the New Haven Branch again becomes active, this case file will be reopened and the activities of this organization will be fully ascertained and reported to the Bureau.

On February 26, 1964, the Reporting Agent interviewed the Subject at his residence at [REDACTED] third floor, rear, room No. 5. He stated that he was the [REDACTED] Chicago, Illinois. He had acted in this capacity for the last three or four years. He indicated that C. [REDACTED] was the Supreme Grand Moderator and Advisor over this temple. According to the Subject the meeting place had originally been in the 1400 block on North Clybourn Avenue and was later moved to the corner of Oak and Franklin Streets. He said that at the present time the meetings of the organization are conducted only on Sunday afternoon and evenings inasmuch as the hall is in use at other times during the week. The Subject stated that the purpose of the organization was to uplift fallen humanity, to proclaim the nationality of the members, and that any members so doing automatically uplifted themselves and proclaimed their nationality and were therefore, no longer Negroes. He said that all of the members were not Negroes, but Moorish-Americans, descendants of Morocco. In the Subject's room was displayed the American and Moroccan flag. Upon being asked by the Reporting Agent the significance of two flags, he stated that the American flag indicated the country of which the members were citizens and the Moroccan flag indicated the country from which they were descendants. By virtue of the fact that they were descendants of Morocco, they were therefore Asiatics. When asked whether or not he considered himself a blood brother of the Japanese, he indicated that they were of the same general race but that the attitude taken by the organization was the same as that of the Europeans and Americans or the white race. He indicated that neither he nor the organization favored the Japanese in any way. He merely stated that the brief of the organization is love, truth, peace, freedom, and justice, and because of this fact, they believe in being at peace with everyone throughout the world. He emphasized the fact that he and the members firmly believe in the United States Government and that all members are registered for Selective Service; many of them are presently serving in the Armed Forces. He stated that the members of Temple No. 9 number approximately 200. When asked about the other members of the

He stated that C. KIRKMAN BEY had instituted court action against SHELBY [REDACTED] for fraudulently operating a branch of the Moorish Science Temple for personal gain. He stated to date however, that no legal decision had been rendered in this matter. [REDACTED] claimed that the Prophet, NOBLE DREW ALI had, before his death, designated C. KIRKMAN BEY as his legal successor as leader of the Moorish Science Temple and that no one could usurp the authority designated to C. KIRKMAN BEY. When asked concerning [REDACTED] EL of [REDACTED] he stated that [REDACTED] was in the good graces of C. KIRKMAN BEY inasmuch as [REDACTED] was the legitimate [REDACTED] at 3122 Cottage Grove Avenue. [redacted] under the Prophet NOBLE DREW ALI. She stated that Temple No. 1 had been known as the national headquarters of the subject organization prior to the Prophet's death on July 20, 1929. With respect to [redacted] EL, who operates a temple at [redacted], she indicates that she knew very little about this individual; that he is operating fraudulently and does not follow the rules and regulations set down by the Prophet. She further indicated that CHARLES KIRKMAN BEY, [redacted] EL, [redacted] EL, [redacted] EL and [redacted] EL are all operating branches of the Moorish Science Temple in Chicago without sanction of the main body, [redacted].

b7c,
b7d

She stated that after the death of the prophet, [redacted] EL had left the main organization along with MORRIS EL; that these two men jointly conducted a branch and that later [redacted] and [redacted] had a misunderstanding and MORRIS left [redacted] and started a branch of his own at 341 State Streets. MORRIS was able to take practically all of [redacted] following and, consequently, [redacted] was forced to discontinue meetings because of the lack of attendance. Later MORRIS conducted meetings above the Elks Restaurant on the northwest corner of 37th and Michigan. Informant stated that MORRIS died about two years ago and that presently most of the members want over to the branch of [redacted] who is now conducting meetings at [redacted].

She advised that [redacted] presently resides at [redacted]. With respect to her own organization, she advised that meetings are held regularly on Friday and Sunday evenings; that she has approximately 50 members and that the average attendance is 20; that the fezzes and robes of the members are worn only at meetings whereas members of the Givens group wear the robes and fezzes at all times. Further, [redacted] EL indicated that their members do not believe in wearing long beards as do the male members of [redacted] group. She stated this custom of wearing beards and fezzes at all times is contrary to the teachings of the prophet.

With respect to the riot which occurred in 1929 at 43rd and South Park in which several members of the Chicago Police force were killed, she set forth the following story. About 4 A. M. one morning two men came to her residence at [redacted] and accosted her husband [redacted] EL. They forcibly took him from his bed and transported him to a residence in the [redacted] block on [redacted]. This address was at that time the residence of [redacted] who was also conducting an illegitimate branch of the temple.

b7c,
b7d

When [redacted] arrived, he also found C. KIRKMAN BEY in the custody of [redacted]. Upon arriving, [redacted] was told to contact a lawyer friend of his in order to get one of the members [redacted] out of jail. The member in jail at that time was [redacted] EL, who now heads the [redacted]. [redacted] consented to do this and was taken by two men to the residence of the lawyer, who was believed to be [redacted]. When KIRKMAN had been taken from his home on the east side, KIRKMAN's [redacted] apparently knew where he was being taken and notified the police. During the interim that [redacted] and his two custodians were away the police raided [redacted] residence and a gun battle had ensued in which two policemen were killed. When [redacted] and his two custodians returned they were immediately placed in custody and [redacted] was eventually freed of any charges. [redacted] was later sent away to prison. Sister [redacted] EL furnished the reporting agent with an
