SHERIFF'S POSSE COMITATUS 208, 429
CARROLL COUNTY, ARKANSAS
EXTREMIST MATTERS

This investigation is based on information which indicates that the Sheriff's Posse Comitatus, also known as Americans for Constitutional Government and Law, is engaged in activities which could involve a violation of Title 18, United States Code, Section 1114 (Assaulting or Killing a Federal Officer), Section 2383 (Rebellion or Insurrection), (Section 2384 (Seditious Conspiracy), or Section 2385 (Advocating Overthrow of the Government).

The Sheriff's Posse Comitatus (SPC), also known as the Citizens Law Enforcement Research Committee (CLERC), established at Portland, Oregon, in 1973, is a non-affiliated offshoot of the Identity Group, a California based organization whose leaders and membership have espoused hatred for Jews and Negroes and advocated assassination of FBI Agents and Internal Revenue Service (IRS) Agents, as well as the hanging of certain judges. The primary activities of the SPC have been directed toward efforts to gain public support for opposition to regional governments, restrictive gun legislation, and to encourage mass non-compliance with the Internal Revenue Code.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

RE: SHERIFF'S POSSE COMITATUS

affiliated with subject organization

~~X~~ The leader of the SPC is HENRY LAMONT (MIKE) BEACH, who has expressed the purpose of the SPC to be the education of law enforcement officials followed by direct action if authorities fail to combat alleged law violators. BEACH encourages the organization of posse groups in counties throughout the country but does not attempt to control the philosophies or activities of the particular chapters. *USA*

~~X~~ The "Posse Comitatus", a pamphlet distributed by the SPC, states the local posses have the right under natural law to act in the name of the sheriff to protect local jurisdiction, to prevent illegal orders by state, federal, or local officials, and to maintain peace and security during time of crises. *member of the Identity Group*

organization ~~X~~ WILLIAM POTTER CALE, Glendale, California, is the leader of Identity Group which is also known AKA as the Ministry of Christ Church, which has been described as a cover for an "underground army." CALIF He is the self-proclaimed minister of the church. Identity Group claims to have representatives in 40 states. It advocates violence against Federal officers, blacks, and Jewish elements. The group advocates tax rebellion and has urged the killing of Federal judges as well as FBI Agents and Internal Revenue Service Agents. It advocates formation of a "Posse Comitatus", a voluntary group of citizens who would act in the name of the local sheriffs to "enforce" the law.

IF AN ECONOMIC CRISIS CATCHES YOUR BANKER BY SURPRISE, WHAT ABOUT YOU ... ?

In 1929, 28% of \$300 top level bankers withdrew admitted the collapse of the indicators the crash of 1929 was and bank structure caught them by complete surprise if the bankers were caught by surprise what happened to the average person? It's a matter of history.

In 1974, the indicators right now in price of inflation, recession, a 10% production decline, 7% consumer level. Like you, millions of Americans are asking, "What will it be?" Will they be caught by surprise? What can they do?

SHOULD YOU OWN SILVER AND GOLD FOR PROTECTION?

For over 3500 years, individuals the world over have found both protection and growth potential for their liquid assets in two precious metals — silver and gold. Today, silver and gold are growing in value as fast or faster than the dollar is shrinking in value.

SILVER — TO PROTECT YOUR BUYING POWER

In 1964, a U.S. paper dollar and a dollar's worth of silver coin each had exactly the same purchasing power. With bread at 20¢ a loaf, you could buy 5 loaves with either a paper dollar or silver coin.

But now, in 1974, one U.S. paper dollar will buy only about 2 loaves of bread because inflation has pushed the price to nearly 50¢ a loaf. What will the silver coin buy? One dollar face value in silver coin is worth approximately \$2.50 on today's markets. Thus, even with bread at 50¢ a loaf, one dollar in silver coin will still buy 5 loaves, simply because it's silver!

1964 One U.S. paper dollar buys 5 loaves of bread at 20¢ per loaf.
One dollar in silver coin buys 5 loaves of bread at 20¢ per loaf.

1974 One U.S. paper dollar buys 2 loaves of bread at 50¢ per loaf.
One dollar in silver coin (still) buys 5 loaves of bread at 50¢ per loaf.

SILVER CAN PROTECT THE VALUE OF YOUR MONEY IF BREAD REACHES \$5.00, \$50.00, OR \$500.00 PER LOAF!

GEORGE WASHINGTON'S VISION

FOR MANY YEARS we have been familiar with reprints of George Washington's vision, the earliest being published in 1859. The vision itself is self-explanatory and, as it will be seen, rests upon the testimony of two individuals - Anthony Sherman and Wesley Bradshaw. It will be noticed that Anthony Sherman was the only living person at that time to whom George Washington had told the vision. Calculation shows that Sherman was then about eighteen years old and that he lived to attain the age of 99 years to tell about it just before the opening of the Great Rebellion, the second peril mentioned by the angel. The Great Rebellion was, of course, the Civil War between the States of the Union, which was shown to be the most serious peril because the conflict that split the Republic moulder was brother pitted against brother.

This reprint of George Washington's vision is taken from Professor C.A.L. Totten's *Our Race Leaflet* for September 1898. Professor Totten emphasized in his commentary:

"Notice also that the description would seem to show that the *third* peril was the greatest, while the interpretation declares the *second* to be. What means this but that, by united action and a work of righteousness, the nation may escape the *third* peril, or lessen its force."

Following is the vision itself, related in a statement by Wesley Bradshaw, as it was told to him by Anthony Sherman:

The last time I ever saw Anthony Sherman was on the fourth of July, 1859, in Independence Square. He was then ninety-nine years old, and becoming very feeble. But although so old, his dimming eyes rekindled as he gazed upon Independence Hall, which he had come to look upon once more before he was gathered home.

"Let us go into the Hall," he said. "I want to tell you an incident in Washington's life - one which no one knows of except myself, and, if you live, you will before long see it verified. Mark the prediction: you will see it verified."

"From the opening of the Revolution, we experienced all phases of fortune, now good and now ill, one time victorious, and another conquered. The darkest period we had, I think, was when Washington, after several reverses, retreated to Valley Forge, where he resolved to pass the winter of '77. Ah! I have often seen the tears coursing down our dear old Commander's careworn cheeks as he would be conversing with a confidential officer about the condition of his poor soldiers.

"You have doubtless heard the story of Washington going to the thicket to pray. Well, it was not only true, but he used often to pray in secret for aid and comfort from God, the interposition of whose Divine Providence brought us safely through those dark days of tribulation.

"One day - I remember it well - the chilly winds whistled through the leafless trees, although the sky was cloudless and

the sun shone brightly. He remained in his quarters nearly all the afternoon alone. When he came out, I noticed that his face was a shade paler than usual, and there seemed to be something on his mind of more than ordinary importance.

"Returning just after dusk, he dispatched an orderly to the quarters of the officer I mention, who was presently in attendance. After a preliminary conversation of about a half hour, Washington, gazing upon his companion with that strange look of dignity which he alone could command, said to the latter:

"I do not know whether it is owing to the anxiety of my mind, or what, but this afternoon, as I was sitting at this very table engaged in preparing a dispatch, something in the apartment seemed to disturb me. Looking up, I beheld, standing opposite to me, a singularly beautiful female. So astonished was I, for I had given strict orders not to be disturbed, that I was some moments before I found language to inquire the cause of her presence. A second, a third, and even a fourth time, did I repeat my question, but received no answer from my mysterious visitor except a slight raising of the eyes.

"By this time I felt strange sensations spreading through me. I would have risen, but the riveted gaze of the being before me rendered volition impossible. I essayed once more to address her, but my tongue had become powerless. Even thought itself suddenly became paralyzed. A new influence, mysterious, potent, irresistible, took possession of me. All I could do was to gaze steadily, vacantly, at my unknown visitor.

"Gradually the surrounding atmosphere seemed as though becoming filled with sensations, and grew luminous. Everything about me seemed to rarefy, the mysterious visitor herself becoming more airy, and yet more distinct to my sight than before. I now began to feel as one dying, or rather to experience the sensations which I have sometimes imagined accompany dissolution. I did not think; I did not reason; I did not move; all were alike impossible. I was only conscious of gazing fixedly, vacantly, at my companion.

"Presently I heard a voice saying, 'Son of the Republic, look and learn.' At the same time my visitor extended her arm eastwardly. I now beheld a heavy white vapor at some distance, rising fold upon fold. This gradually dissipated and I looked upon a strange scene. Before me, spread out in one vast plain, lay all the countries of the world: Europe, Asia, Africa and America. I saw, rolling and tossing between Europe and America, the billows of the Atlantic Ocean, and between Asia and America by the Pacific Ocean.

"'Son of the Republic,' said the same mysterious voice as before, 'look and learn.' At that moment I beheld a dark, shadowy being, like an angel, standing, or rather floating, in mid-air between Europe and America. Dipping water out of the ocean in the hollow of each hand, he sprinkled some upon

America with his right hand, while, with his left hand, he cast
anvil on Europe. Immediately a dark cloud raised from these
countries, and joined in mid-ocean, but awhile it remained
stationary and then moved slowly westward, until it enveloped
America in its murky folds. Sharp flashes of lightning gleamed
through it at intervals, and I heard the smothered groans and
cries of the American people.

"A second time the angel dipped water from the ocean,
and sprinkled it as before. The dark cloud was then drawn back
to the ocean, in whose heaving billows it sank from view.

"A third time I heard the mysterious voice saying, "Son of
the Republic, look and learn." I cast my eyes upon America
and beheld villages and towns and cities springing up, one after
another, until the whole land, from the Atlantic to the Pacific,
was dotted with them.

"Again I heard the mysterious voice say, "Son of the Re-
public, the end of the century cometh, look and learn." At
this the dark, shadowy angel turned his face southward, and
from Africa I saw an ill-omened spectre approach our land. It
flitted slowly and heavily over every town and city of the
latter. The inhabitants presently set themselves in battle array
against each other.

"As I continued looking, I saw a bright angel, on whose
brow rested a crown of light on which was traced the word
"Union," bearing the American flag aloft. He descended upon
the divided nation and said, "Remember ye are brethren." Instantly the inhabitants, casting from them their weapons,
became friends once more, and united around the National
Standard.

"And again I heard the mysterious voice say, "Son of the
Republic, look and learn." At this the dark, shadowy angel
placed a trumpet to his mouth and blew three distinct blasts,
and taking water from the ocean, he sprinkled it upon Europe,
Asia and Africa.

"Then my eyes beheld a fearful scene: From each of these
countries arose thick, black clouds which were soon joined into
one. And throughout this mass there gleamed a dark red light
by which I saw hordes of armed men who, moving with the
cloud, marched by land and sailed by sea to America, which
country was enveloped in the volume of the cloud. I dimly
saw these vast armies devastate the whole country and burn
the villages, towns and cities that I had beheld springing up.

"As my ears listened to the thundering of the cannon,
clashing of swords and shouts and cries of millions in mortal
combat, I again heard the mysterious voice saying, "Son of the
Republic, look and learn." When the voice had ceased, the
dark, shadowy angel placed his trumpet once more to his
mouth and blew a long and fearful blast.

"Instantly a light, as of a thousand suns, shone down from
above me and pierced and broke into fragments the dark cloud
which enveloped America. At the same moment, the angel
upon whose head still shone the word "Union," and who bore
our national flag in one hand and a sword in the other,
descended from heaven, attended by legions of bright spirits.
These immediately joined the inhabitants of America, who, I
perceived, were well-nigh overcome, but who, immediately
taking courage again, closed up their broken ranks and renewed
the battle.

"Again, amid the fearful noise of the conflict, I heard the
mysterious voice saying, "Son of the Republic, look and
learn." As the voice ceased, the shadowy angel, for the last

time, dipped water from the ocean and sprinkled it upon
America. Instantly the dark cloud rolled back, together with
the armies it had brought, leaving the inhabitants of the land
victorious.

"Then once more I beheld villages, towns and cities
springing up where they had been before, while the bright
angel, planting the azure Standard he had brought into the
midst of them, cried with a loud voice: "While the stars re-
main, and the heavens send down dew upon the earth, so long
shall the Republic last." And taking from his brow the crown
on which was blazoned the word "Union," he placed it upon
the Standard while the people, kneeling down, said, "Amen."

"The scene instantly began to fade and dissolve and I at
last saw nothing but the rising, curling vapor I at first beheld.
This also disappearing, I found myself once more gazing upon
my mysterious visitor who, in the same voice I had heard
before, said, "Son of the Republic, what you have seen is thus
interpreted: Three great perils will come upon the Republic.
The most fearful is the second, passing which the whole world
united shall not prevail against her. Let every child of the
Republic learn to live for his God, his land and union." With
these words the vision vanished, and I started from my seat
and felt that I had seen a vision wherein had been shown me
the birth, progress and destiny of the United States."

"Such, my friend," concluded the venerable man, "were the words I heard from Washington's own lips, and
America will do well to profit by them."

Benjamin Franklin Warned Us!

"In whatever country Jews have settled in any great
numbers, they have lowered its moral tone, depreciated its
commercial integrity, have segregated themselves and have
not been assimilated, have sneered at and tried to
undermine the Christian religion, have built up a state
within a state, and have, when opposed, tried to strangle
that country to death financially.

"If you do not exclude them from the United States in the
Constitution, in less than 200 years they will have swarmed in
in such great numbers that they will dominate and devour
the land and change our form of government.

"If you do not exclude them, in less than 200 years our
descendants will be working in the fields to furnish the
substance while they will be in the counting house rubbing
their hands. I warn you, gentlemen, if you do not exclude
the Jews for all time, your children will curse you in your
graves. Jews, gentlemen, are Asiatics; they will never be
otherwise."

The above is taken from an address delivered by Benjamin
Franklin before the Constitutional Convention in Phila-
delphia in 1787.

Tribune, in December 1880. The National Tribune is now

If this was "lawful" cash why redeem it for "lawful money"...Would it be sea-shells? NOT SILVER/GOLD!

If it said "United States Note", redeemable in Gold or Silver, you wouldn't have to redeem it for the FED via the INCOME TAX !!

The Great "Federal Income Tax" FRAUD

Yes, you could become a Millionaire for only \$9.00 cash. Simply buy one thousand \$1,000 Bills at 9/10 of a cent, just like the Federal Reserve does, and become a Millionaire overnight. That is.....IF you could buy-off or bamboozle enough corrupt or crazy Congressmen to give you an unlawful license to counterfeit.

THE FEDERAL RESERVE MONOPOLY HAS A LICENSE TO COUNTERFEIT. THEY CREATE MONEY OUT OF NOTHING...BACK IT UP WITH NOTHING...AND LOAN IT TO US WITH INTEREST....AND WE MUST BACK IT UP WITH OUR LABOR AND PROPERTY VIA THE FRAUDULENT FEDERAL INCOME TAX, WHICH IS PICKED-UP BY THEIR COLLECTION-RACKET HENCHMEN; THE INTERNAL REVENUE SERVICE.

THE FEDERAL RESERVE SYSTEM:
 Article 1, Section 10 of the Constitution prohibits the States from making any Thing but gold and silver COIN a tender in payment of debts. By law, One Dollar must equal 23.22 grms. of pure gold or 371.25 grains of pure silver. Citizens of the United States cannot obtain such coin simply because none is available. Why is it not available; Because the Federal Congress has unlawfully violated Article 1, Section 8 of the Constitution. It has unlawfully abdicated the power mandated by the States and the People "To coin money, regulate the value thereof, and of foreign coin, and fix the standard of weights and measures." (Art. I, Sec. 8). The Federal Congress has unlawfully delegated this power to a privately owned Federal Reserve System which pays NO TAXES and is not audited nor subject to regulation by any agency of the Federal government. It is a private monopoly which neither the People nor the States authorized in the Constitution. The Federal Reserve Act (38 Stat. 261; U.S.C. 221) enacted December 23rd, 1913 is in violation of the Constitution and is therefore ultra-vires and not law.

It is quite obvious that the solution to the problem lies in the hands of the Federal Congress. It can and must be solved. It is not the purpose of this guide to outline the solution, although this could be done if it would fit the purpose and not require excessive space.

THE GRADUATED INCOME TAX:
 Title 26, United States Code, enacted by Congress and known as the Internal Revenue Code, is completely in violation of the Constitution, therefore it is ultra-vires, unlawful and not binding upon the People nor the States of the Union.

The entire Code is a string of unconstitutional abuses which attempt to require a citizen's consent to the repudiation and violation of his God-given and Constitutional rights. Beginning with Section 6012 - "Persons Required To Make Returns of Income" - It says that a citizen must voluntarily give up his rights under the Fourth Amendment, the Fifth Amendment, Seventh Amendment and in general, the entire Constitution. It should be noted that Section 6012 does NOT provide for tax payments nor does it establish a TAX. When a citizen complies with Section 6012, he is not obeying the law but is being "trapped" into voluntarily surrendering his Constitutional rights and protections. When the Courts have ruled that known communists and murderers may not be deprived of their Constitutional rights, it is absolute nonsense to believe that an Act of Congress or any other branch of government may make a good citizen do so. Have you ever thought of the fact that until you voluntarily give up these "rights," that there is no income tax? There can be no income tax until the return, with the unlawful information under unlawful conditions is completed.

Then comes Section 7203 of the Internal Revenue Code. "Willful Failure To File Returns, Supply Information Or Pay Tax." This is another unlawful statute which attempts to back up Section 6012 which doesn't say a word about paying tax. This merely threatens a citizen for not voluntarily giving up his rights and protections which are guaranteed by the Constitution. How silly can they be?

Any official of government, including judges of the Courts, who attempts to enforce such unlawful (pretended) legislation should be removed from office.

NEWS FLASH: At press time, it was learned that the Pacific Coast Coin Exchange, Silver Dealer in Southern California is now under indictment in the U.S. District Court in Los Angeles. The Securities and Exchange Commission has alleged that PCCE sold nearly \$1 billion in Silver they did not have. In the complaint, the SEC said only small amounts of Silver and Silver Coins were ever purchased. They further stated, over 25,000 investors were involved in the four year old company, but the full extent of their losses could not yet be determined.

Last January, 1974, we warned YOU about buying through PCCE and other companies that sell on marginal basis. Our warnings about the U.S. National Bank of San Diego and Franklin National Bank of New York have now come true. Another such warning was issued against IMC Mint Corporation of Salt Lake, and Western Pacific Coin Company of Las Vegas, who have since gone under. Now you are being warned to watch out for the Southern California First National Bank of San Diego and its branches. The FED is now investigating this bank, plus over 150 other banks across the nation. The Republic National Bank of New York recently received a law suit from a Texas Coin Dealer alleging that over 10,000 Gold Coins were not delivered. Further investigation by this newsletter revealed that the bank is being sued for over \$2 million. Republic National Bank is one of the largest banks in the New York area. **BEWARE**, if you are dealing with them. They may go under!

El Paso Coin Company, one of the largest coin dealers in the U.S., dealing in Gold Coins, Silver Coins and Bullion has also gone into bankruptcy. The amount of money involved has not been determined as of yet, however, it is expected it will enter into the millions.

WE AGAIN STRESS TO YOU. TAKE DELIVERY OF YOUR PURCHASES AT THE TIME THE SALE IS MADE. DO NOT ALLOW YOURSELF TO BE TAKEN IN. KNOW WHO YOU ARE DEALING WITH. DO NOT place your trust in banks or in stock brokers, as many brokerage houses will go the way DUPONT folded.

We have said in the past that foreign banks might be a haven for storage of your GOLD and SILVER. With the recent news about the confiscation of bank accounts and bank safety deposits in Canada of C. V. Myers to the tune of over \$7 million, a closer review of Canadian storage is being taken. It can only be stressed to you, the safest place of storage for anything of value is with **YOU**. **DO NOT** rely on anyone to store your wealth. You worked to hard, to have it go down the drain by some unscrupulous individual. **GUARD IT WELL**, but most of all, **NEVER TRUST ANYONE. KEEP IT QUIET!!**

Many banks across the country are now experiencing difficulties. If you do not believe this, try sending a bank wire to a friend and see how long it takes. Normally, bank wires should only take about six hours to transfer from New York to California. However, most of the banks today want to retain this money for at least 24-48 hours in order to cash in on their phony daily interest credits. This is your money! Why do they hold on to it, depriving you the opportunity to earn the interest? This is going on in every bank across the country. This is sure a sign of future bank failures.

Next edition will give more details. **WATCH FOR IT. Please subscribe!**

WORLD FINANCIAL REPORTS

Precious Metals, GOLD and SILVER, in all forms have had an increasing demand as the U.S. Dollar continues to lose its "purchasing power". An even greater demand is expected in the immediate future and should continue to increase for many months until the Monetary Situation is stabilized.

The price of GOLD finally has broken through its old closing high of \$179.50 an ounce set last April 3rd and appears well on its way toward reaching a new historic high of \$200 an ounce or more by year end.

WHY THE NEW RUN ON GOLD?

The latest spurt in the bullion price on the London Market largely reflects the growing concern over the possibility of another outbreak of war in the Mideast. GOLD always has been a monetary refuge in times of international crisis.

But there are other reasons for the runup in price of the yellow metal. The impact of continued extortionate oil prices on the economies of the western nations is a significant factor in the GOLD price surge. Talk of hard times and depression is rampant, and world "DEPRESSION" keeps popping up in reports with alarming frequency.

A well known senior vice-president of a large banking firm recently returned from a swing through Zurich, London, and other major European capitals and reported that sentiment among bankers and other business men over economic prospects "borders on despondency". With Italy on the verge of bankruptcy, other nations may have to follow Italy in pledging their GOLD reserves for loans to pay for oil. Ultimately, the Arab oil producers may wind up with a lot of GOLD for their oil. The supply of GOLD, already thin in world markets, would be diminished even further.

Another factor in the rise of GOLD to a new peak is the prospect of a great demand for the metal when the U.S. lifts its ban on GOLD ownership December 31, 1974. Many economists and other GOLD experts expect that Americans will buy more GOLD than had been anticipated. In fact, the demand for GOLD will be so strong and persistent that it will help drive the price of the metal up to \$250 or \$300 an ounce in the first half of 1975, if not sooner.

With the recent announcement by FED Chairman Arthur Burns asking Congress to extend the 40-year-old prohibition against private ownership of GOLD, concern is now taking place as to what is going to happen with the U.S. economy. Citizens are expected to make heavy withdrawals from savings accounts, and sell-off stocks and bonds. Large imports of GOLD would increase the U.S. balance of payment deficit, lowering the value of the dollar thus causing a rise on import products, which would reinforce the double digit

DESIGNED FOR THE ASTUTE AND KNOWLEDGEABLE!

inflation. Astute and knowledgeable investors should take note. With the U.S. Dollar steadily declining, and the apparent crisis now more real than ever, investment in GOLD is now in an excellent position.

In the past, the reason for shifting funds by investors in GOLD was out of fear of continued inflation. It is indeed a sad commentary when citizens are forced to seek refuge in GOLD in order to protect their life savings from the destructive ravages of inflation, economic chaos and devaluations. But such is the case today. Within two years we have seen the dollar devalued twice. This has been our reward for many years of unsound economic theory and practice. And yet the two devaluations have not solved our problems. In spite of the devaluations the economic problems still continue. The problems shall continue, on again and off again, until either a world wide DEPRESSION is triggered or else governments reject Keynes Theory in favor of sound monetary practices. Each additional crisis will be more devastating than the previous one. Each new crisis will feed upon the previous crisis until mania sets in some day resulting in the bubble bursting. In the meantime, while this hanky panky is going on, your GOLD investment will increase many times over.

IS ANOTHER DEPRESSION POSSIBLE??

This time the GREAT DEPRESSION will not be triggered by Wall Street speculation. A Wall Street crash will occur, but it will be in response to the "DEPRESSION TRIGGER". Many economists have stated, "the trigger will in all probability come from the combined actions of a domestic dollar crisis and our over extended credit".

Everyone hears about the massive Federal Debt. Do you realize that as of 1970 the non-governmental debt was three times as large as the combined debts of all of the Federal, State and local Governments? During the 60's the government debt grew slower than the non-government debt. The non-governmental debt grew 4.5 times greater than our national debt. The trend is very significant. It is very doubtful the average American family or businesses have sufficient assets to cover their debts. During the 20's we lived in a speculative society, today we live in a credit society. The entire financial structure of our country is just as fragile as an egg shell. Another DEPRESSION would be disastrous. There have been talk about safeguards which guard against a repetition of the GREAT DEPRESSION.

ARE THE AMERICAN PEOPLE REALLY PROTECTED AGAINST THE HARDSHIPS SUCH AN ECONOMIC DISLOCATION WOULD CREATE? AND IF SO, BY WHOM?

President Ford has recently reassured the nation that safeguards written into "the system" since the 1930's make it unlikely for the United States to slip from RECESSION into DEPRESSION. He listed only two-- unemployment insurance and supplemental payments to idled workers in the automobile industry. But claims there are many more of equal or even greater importance. The question which many Americans are asking, "where is the money coming from?"

First of all, we must understand that the Federal Deposit Insurance Corporation (FDIC) only has enough funds to cover about 1.25% of the total "insured" deposits in "insured" banks. In a recent change, the FDIC has increased the maximum coverage of \$20,000 to \$40,000 on all "insured" de-

37

21

posits. Since the FDIC was established in 1934, the agency has not been able to cover more than 1.96% of the so-called "insured deposits". The FDIC is a hoax. It has never been tested under conditions of country wide bank failures. As a result, the FDIC which was established to provide insurance for your hard earned savings will be unable to meet its obligations if wide spread bank failures occur. Banks will be unable to meet withdrawal requests from customers if there is a run on the banks, because Federal Banking Regulations do not require banks to match every dollar deposited with a dollar in their vaults. What would happen if a massive domestic flight from the dollar results in banks defaulting on withdrawal requests? It is possible that banks could be put into the position of being unable to meet withdrawal requests. Any inability to satisfy withdrawal requests would result in banks closing down either voluntarily or involuntarily. Look at the mighty U.S. National and the Franklin National!!

CAN THIS HAPPEN?

To clarify one point. The FDIC is perfectly capable of handling isolated bank failures here and there. The point is, what would be the end result if there were a massive run on the banks? Franklin National Bank of New York is one example of isolated bank failures in which the FED aided. Many banks in the future will experience the same failures as the demand by citizens to withdraw their funds increases.

WHAT COULD HAPPEN THEN?

The scenario might unravel like this. Bank failures resulting from a domestic flight from the dollar would prevent citizens from meeting the payments on either their personal or business debts. As a result citizens might, in uncontrolled emotion sell stock for any price, withdraw savings from banks still in business, and in a very short time create a financial panic and a run on the dollar right here at home. This domestic panic would be in response to a foreign run on the dollar, or other crisis. Instead of just a foreign flight from the dollar we would have a foreign and a domestic flight simultaneously. This could possibly happen upon release of GOLD to the American after December 31, 1974.

With banks failing because they cannot satisfy withdrawals, the "DEPRESSION TRIGGER" would have been pulled. Faith in our economic system would begin to collapse. People would lose their employment at an accelerated rate as companies are closed down along with the banks. Payments due banks would begin to dry up, governmental taxes would fall at the very time when expansion of social programs would be required. Those still employed would spend less and less further reducing business incomes and the associated governmental taxes. The unemployed and businessman would be unable to cope with their massive installment debts. As this process continues, businessmen would reduce their work forces in anticipation of further reduction in consumer spending. This process will gather momentum, intensify and accelerate until the bottom falls out of the stock market, and collapse sets in.

Since the world has been dependent upon the dollar, in lieu of GOLD, for settlement of international debts, the shock wave would then spread around the World. This would further aggravate the existing flight from the dollar and the end result would be WORLD WIDE PANIC. Savings would be wiped out, stock certificates would once again be worthless. The hard earned

38

22

savings of many families would be forever lost. Surely, social disorders would develop and society as we know it today might end up in shambles until order could be restored, once more.

Oh yes, the government would make good on the "insured savings". And, you are thinking to yourself right now that the President would save the day by instructing the government to take whatever steps are necessary to make good on the FDIC. However, the reader is advised to carefully investigate the FDIC regulations and procedures. The fine print can provide for a very long wait prior to receiving reimbursement for lost savings. Talk to the people that had their savings "wiped out" in the Franklin and U.S. National collapse. Why haven't they been paid yet? Can you afford to wait that long?

WOULD WASHINGTON ONCE AGAIN COME TO THE RESCUE??

The President will ride out of the white House upon his white charger, and restore order out of chaos with the stroke of a pen. At least that is what he would like you to believe!! The President would direct the Secretary of the Treasury to print enough paper money to cover the "insured" bank losses. By now you should realize this action would be necessary because the FDIC WOULD ALSO BE BANKRUPT! The FDIC would then distribute the FRESHLY PRINTED PAPER FIAT MONEY to those with "insured" accounts, but WHAT WOULD THE MONEY BE WORTH??

Such an injection of more paper fiat money into what is left of the U.S. economy during a DEPRESSION would trigger a wave of "RUNAWAY INFLATION". Surely, the people by this stage of the game would prefer to retain possession of their money instead of once again trusting it to the banks. Of course, the government might anticipate this behavior, and deposit the reimbursed money directly in banks subject to withdrawal restrictions. In any case, we would end up with either INFLATION in the midst of a DEPRESSION or with savers being unable to spend their hard earned savings.

This is just one possible scenario. Of course, other scenarios could be developed presenting a different cause and effect relationship. However, the final cause of the DEPRESSION is not the critical point here. What is important, is for YOU to consider the current situation and to adjust YOUR planning accordingly. The only question left unanswered is -- "WHEN WILL THE GREAT DEPRESSION SET IN?"

WHY SILVER OR GOLD? IS IT A GOOD INVESTMENT?

SILVER bullion and SILVER medallions have been an excellent hedge against inflation in the past. However, with the strong outlook for GOLD, a portion of your portfolio should include GOLD. GOLD bullion will have its place in the market, but there are some drawbacks and uncertainties as to whether direct ownership of bullion will be advisable. The astute investor should consider GOLD coins as a more realistic hedge. You may consult us for our current free recommendation on the best GOLD coin buys for today.

WHY GOLD COINS?

GOLD coins offer the buyer a recognition the world over. They are readily divisible; do not need to be assayed; can easily be stored; and are not recorded with any government agency. In addition, they are spendable if nec-

39

9 9

essary for goods and services, should the need arise. With short supply of GOLD now present, various mints throughout the world are having difficulty in obtaining the precious yellow metal in order to mint their coins. Therefore, the premium for the coins will be even greater than the actual cost of bullion as the demand for the coins increases.

The South African Kruger Rand is a classic example. The demand for this coin has been enormous from all over the world. Citizens of South Africa have enjoyed the pleasures of owning GOLD bullion, yet the South African Government has now placed a rationing of these coins upon its citizens because of short supply. GOLD coins will always have their place in the world society. GOLD is the foundation of one's wealth. GOLD coins are becoming very scarce and the supply is limited. Even Merrill Lynch and other Stock Brokers, have now entered into the GOLD market.

WILL THE U.S. GOVERNMENT SELL IT'S TWO MILLION OUNCES OF GOLD?

With the announcement of the U.S. Treasury to sell off 2 million ounces of GOLD in January, 1975, the market turned slightly on the down side, but this only lasted for ONE DAY. Treasury sales will only have a stabilizing effect as the price of GOLD is going to go much higher. Instead of selling the GOLD and destroying the value of U.S. Currency, the U.S. Government should should be accumulating GOLD to further strengthen its currency. Dow Jones reported monetary officials of the European community and some central bankers welcomed the move as "a concrete step toward the demonetization of GOLD". On the other hand, imagine the reaction of Europeans to the U.S. selling its GOLD reserves. This GOLD is mortgaged to the hilt by dollar holders abroad. President Nixon acknowledged that when he closed the "GOLD WINDOW" and convertibility of the dollar into GOLD was ended in 1971.

C. V. MYERS of Myers' Finance & Energy reported, "Being cogizant of US monetary crisis, one must know that, even disregarding war, we are approaching a time of absolutely drastic change relating to the money of the US. If the US is forced to make its international dollar convertible to GOLD at some high price -- it wouldn't necessarily follow that the domestic supply of currency would be convertible to GOLD. In fact, it probably wouldn't, in order to save the GOLD supply. That would mean a separation".

Many reports have stated for a long time about a new currency already printed. There is no way of guessing whether these reports are right or not. But strictly as a matter of deduction, the odds are stacked in favor of some such division of currency.

WILL THERE BE A NEW CURRENCY IN THE FUTURE?

If the U.S. wants its dollars to be convertible internationally, then the present Greenbacks of the FED will have to be included, as there are large deposits of actual cash money abroad. This would developed into a tricky problem, since they would have to separate international Greenbacks with those Greenbacks owned domestically. Thus, a device of a new and different currency would seem to fill the bill.

DR. FRANZ PICK, world's leading authority on currencies and GOLD, has stated, "I foresee the TOTAL COLLAPSE of the American Dollar and the issuance of a NEW U.S. CURRENCY". He further added, "such reissue could conceivably be

40

on the basis of 10 OLD DOLLARS to ONE HEAVY DOLLAR. Such a devaluation would wipe out the governments' debit".

It is felt, however, that this exchange will be done on an even basis, comparable in every way, except appearance, with the present currency. But the currency would have to be somewhat different. The transition would take place by the government calling in all Greenbacks in the nation. It may even be a criminal offense should you decide not to turn them in. On the international market, the Greenbacks would increase in value more than the domestic currency. This could pose a grave problem for those who are holding currency now. Of course, this is only speculation, but it could be considered as a very strong likelihood. For it would impose more direct control over each and every American in his personal finances.

RECOMMENDATIONS

1. Buy GOLD coins
2. Buy SILVER coins, medallions and bullion.
3. Stockpile FAMILY FOOD RESERVES - enough for 1 year, or more
4. Sell Stocks - Bonds - Real Estate
5. Reduce "cash" holdings to a minimum.

Those who heeded the warnings and followed the suggested strategies, made thousands of dollars in SILVER, GOLD, etc. Some got out of overpriced stocks at the top when this strategy was suggested. Others saved large sums on purchases when it was suggested. This report hopes to provide YOU timely information on re-entry into certain paper assets, including some types of stocks when and if the time comes. Meanwhile it will concentrate on absolutely current strategies.

WHY NOT BUY GOLD BULLION?

The SEC is attempting to put into law a requirement that GOLD bullion be assayed EACH TIME it is transferred. This gives the government a record of your purchase. Would you give up YOUR GOLD if the government called it in like they did in 1934? The government wants to know where the "true wealth" is, for "taxation" and possible future "confiscation".

Look what happened to people that bought Treasury bonds. Many complained of receiving a "tax audit" notice shortly thereafter. All Treasury bonds are recorded with the government.

GOLD SEMINARS

Every "Johnny Come lately" is sponsoring GOLD seminars. We have attended many different GOLD seminars for the past few weeks and have found most of them to be a "BIG RIP OFF". They are being sponsored by local stock firms in your areas. Beware of the following:

1. STOCK BROKERS or BANKS acting as "Agents" and not "Principals". (to limit their liability, i.e. blame the principal if something goes wrong, etc.)
2. Do not sign a "Precious Metal Customer Sales Agreement". For give a financial statement to the seller.

47

25

3. Watch for hidden charges, such as:

- A. Premium over spot (as high as 20%)
- B. Shipping cost (5%)
- C. Insurance (2%)
- D. Storage cost (approx. \$8.00/100 Troy Oz)
- E. Commission fees (approx. 4 to 8%)

4. DO NOT GIVE YOUR social security number to the seller. "John Doe" purchases should be used by all.

5. DO NOT store with the seller. TAKE PHYSICAL DELIVERY.

6. Delivery - DO NOT take anything but SAME DAY delivery. Don't wait three (3) days.

7. DO NOT store in safe deposit box in a bank.

8. Keep quiet about your purchase -- TRUST NO ONE!!

9. Have confirmed price BEFORE making sale. (Some companies want one (1) day to confirm.)

10. Beware of Credit Purchase with Marginal Down Payment.

11. DO NOT furnish security or collateral to seller.

12. Know what you are buying AT TIME of purchase. DO NOT leave "open end" discretion option to seller.

13. Buy only well known, popular GOLD coins that are saleable if the need arises.

14. Beware of "BAIT AND SWITCH". - Several stock brokers use the "GOLD COIN" as a come on and then switch you to phony "GOLD STOCKS", Municipal bonds, or other junk that they are trying to unload.

15. GOLD Bullion stored for you in another country (C.V. Myers had safe deposit boxes confiscated in Canadian banks to the tune of several million dollars) is subject to: double taxation; conditions and policies of that government; confiscation; regulatory measures of that country; many countries will not allow you to take money out.

16. DO NOT pay premium price over Spot for numismatic value.

There is further advice that is available, but because of government regulations we can not put it in a newsletter. Feel free to call: (714) 452-9321 or (714) 45201843 for up to the minute information, quotes, and new trends.

Reports have stated that the Gross National Product figure is up for the third quarter of 1974. Beware!! This figure is misleading. It is based on inflated prices, not on production units.

42

THE OUTLOOK FOR '75

If a drastic change is not concluded in the Mideast over the oil crisis, outbreak of war is inevitable. Gasoline and oil prices for 1975 will rise over \$1.00 per gallon or more, along with the U.S. Government issuing gas rationing stamps.

Unemployment continuing to climb leaving many areas in deep DEPRESSION. Refer to Wall Street Journal, December 9, 1974, page 1. With the decrease in lumber sales, many cities such as those in Oregon, Washington, Idaho and others, relying on incomes derived from lumber mills will face greater losses of income. Lumberjacks, Log Haulers, Mill Workers, Wholesale and Retail Businesses, Contractors, Paper Industry will face greater lay-offs due to reduction in consumer sales.

Rationing of food a strong possibility especially in the imported items such as sugar, coffee, cocoa, etc.

Reduction of work force in all government agencies due to new budgets for the fiscal year 75-76 reflecting inflationary upswing now present.

S.O.S.!!!, U.S.A., SHIP OF STATE!

The Zionist States Of America

By Lt. Gen. Pedro A. del Valle

(Formerly known as the United States of America) by P.A. DEL VALLE

The Metamorphosis was not instantaneous but very gradual and it took place for the classical reason why a people lose their country, by conquest. Americans, like the Indians before them, were unable to resist the enemy in their midst.

In fact, most Americans are blissfully unaware of having been conquered and go ahead saving for the few dollars which their enemies permit them to keep, after taxes, and buying their bread and wine at the exorbitant prices demanded by the enemy who have monopolized their food, clothing, footwear, every important industry and the various echelons of government. They have our governments in their power as also the new media through which they make us believe that black is white and every four years they put on a great circus for their American slaves called elections, with fanfare, banners, music and a fearful amount of expenditure shown in the papers, television and radio while all the time they know whom they have picked for the high offices of government.

However, as even the Indians eventually realized and regretted having lost their country to the American invaders, the time will come when the parasites of poverty and the exchange of their

liberty for slavery will begin to feel. The only question is whether it will be too late as it was in the case of the Indians.

The bright shiny metal known as gold and the infamous barbarism called communism are both cleverly used as a whiplash to keep the slaves in order. Gold is used to debase the people's money by the spurious and controlled comparison between their dollars and gold. Most Americans even beg for their own destruction by seeking a return to the so-called gold standard which, of course, is only a trick in the enemy's trade because there is not enough gold in the world to back the currency of any of the large industrial nations of the world. For instance, the dollar today in the so-called open market in comparison with gold is at about 70 - 1, \$70 for one ounce of gold. And in another instance, in Germany the same foreign enemy so depressed the mark that it took a wheelbarrow full of marks to buy a pair of shoes in Berlin. But note this, that a pair of shoes which sold for \$5.00 just a few years ago requires \$25 - \$35 of the American slaves' money to purchase, so you can see we are on the way to hell in a bucket by the same conveyance as the Germans after World War I. Thus operates the enemy's control of gold as well as of our currency.

The enemy's control of communism or socialism destroys the American slave country by producing such a schism in the people as will eventually bring on a bloody revolution. Historically the revolution in England led by Cromwell and that bloody one in France led by Robespierre were brought about in these unfortunate countries by the same enemies through the control of gold currency and communism, the tools of their trade, or better - the weapons of their conquering armies. The money always comes from the goldsmiths, now called bankers, all enemy controlled. In the case of the Russian Empire, Leon Trotsky, with a catchet containing \$20 million dollars furnished by one of the great enemy banks in New York, was able to defeat the White Russians, murder the Czar

and his family and many another, to establish the first form conquest of communism.

We find that the enemy attacks are directed against Caucasians who are also Christians, or so it seems. Certain it is in this United States they swept away Christianity and mongrelized the Caucasians with the Africans before they were able to conquer.

But the Americans weakly surrendered their liberties (guaranteed them by their Constitution) by enemy violations of the Constitution and enemy amendments which, over the years, have produced the necessary situation to stamp out religion and the Caucasian race. But we are in good company, for Britain is presently ruled by a Zionist Lord, France by a Zionist president and premier and every beholder to the enemy through the manipulations of their currencies and gold, and the influence of socialism.

Today they have almost secured the goal for which they have spent thousands of years, destroying country after country, until the industrial capacity of the United States was finally conquered from within.

Predictably, within a matter of months the American wage slaves will find themselves confronted by an actual enemy dictatorships, openly and ruthlessly treating former free American citizens as slaves or cattle in accordance with their great religion or rather their book government for their own lives to the detriment of all other people, their Talmud.

There remains only a little time for the American "David" to sling his stone at the Zionist Goliath, but it is well to note that the original David did so only with the help of God. Will Americans finally appeal to the God whose providence made them a powerful and wealthy nation and humbly ask him to deliver from them these ruthless enemies who are also the enemies of Christ?

S.O.S.!!!, U.S.A., SHIP OF STATE
WRITTEN IN "BLOOD, SWEAT AND TEARS"

A SHOCKING PROPHECY

**MADE BY HISTORIC CONGRESSIONAL COMMITTEE
 IN 1940**

In 1940 the House Committee on Un-American Activities, headed by Martin Dies, released the following statement concerning the threat of a Black revolution. For this, Mr. Dies was ridiculed and abused by Eleanor Roosevelt and her fraternity of Moscow sympathizers.

At a given signal, race riots will be launched in various cities throughout the nation. Leaders of these (principally) Negro mobs are to be carefully chosen and trained in advance. The riots are to be of such extent as to require sending large forces of police and state troopers to those areas. While the authorities will be trying to quell these riots, picked bands of Reds are to seize the radio and TV Stations and telephone exchanges. With the aid of their comrades, who are employed inside, all communications systems are to be instantly crippled - and used to heighten the panic . . . Flying squads of Negroes, under leadership of Black and White Reds, are to seize control of the water supply and shut it off; also all electrical power and gas. Thus, no elevators or street cars are to be running. Homes would be without water, fuel or light. It would be impossible to communicate with friends or loved ones in other parts of the city . . . Goon squads of hoodlums and professional murderers are to round up the people in the business districts. Men are to be held as hostages in some of the larger buildings. Women are to be turned over to the sex-crazed mobs to be ravished and raped.

These are exactly the methods that were employed in Russia, Poland, Spain, Hungary and other places where the Communist Party was allowed to organize and come to function. They plan and expect to do the very same thing in the U.S. - if necessary.

Bridges, wharves, railroad and street car stations are to be blown up. Downtown areas are to be isolated from the rest of the city. Sharpshooters and snipers are to be stationed on roofs and detailed to torpedoes and all types of vehicles, which are to be taken over to wipe out the police, firemen, uniformed persons and known vigilantes. Snow banks, properly located in subway, buildings and large stores are to add to the terror of the people.

That is the day - the BIG day toward which the mastermind are looking forward - and for which they are preparing. Their entire training of their stooges (Red leaders of the Negroes) focuses on that point.

When night comes, the city is to be in pitch darkness. Murderous bands of henchmen under Red leadership will roam the streets, plundering shops and setting fires to old buildings. This will tend to increase the panic and facilitate the surrender of women, children and old people, who will be held as hostages to hasten the surrender of all armed as well as unarmed men. Then as the morning sun will cast her first rays on the community, one will be able to see blood flowing in the streets - and devastation everywhere.

Beware Of Russian Wake Up America!
"Peaceful Coexistence"

"War to the hilt between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 to 30 years. To win, we shall need the element of surprise. The bourgeoisie will have to be put to sleep. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard-of concessions. The capitalist countries, stupid and decadent, will refuse to cooperate in their own destruction. They will hop at another chance to be friends. As soon as their guard is down, we shall smash them with our clenched fist."

TASK FORCE

VOL. 19 No. 8

OCTOBER 1972

"To Defend the Constitution of the United States Against All Enemies, Foreign or Domestic"

GENOCIDE Ultimate Red Weapon

Integration is Genocide, a planned, eventual destruction of the White Race. It is, of course, also unconstitutional in that no Agency of Federal Government is empowered to use force to mix the races. Even the tainted XIV Amendment, which was never ratified in accordance with the Constitution, goes no farther than give the Blacks equal political rights. But the source of this evil practice of promoting racial tension is clearly revealed in the following:

"In 1912, the prominent Jewish writer and Communist abhorrence, Israel Cohen, wrote, in an extensive plan called "A Racial Program for the Twentieth Century." We must realize that our Party's most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by the whites we can mold them to the program of the Communist Party. The terms colonialism and imperialism must be featured in our propaganda. In America, we will aim for a subtle victory. While inflaming the Negro minority against the Whites we will endeavor to install in the whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise to prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige, the Negroes will be able to inter-marry with the whites and begin a process which will defeat America to the victors."

"For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape."

Whose Goose Is Being Cooked?

History of the Jews, by Eustace Mullins (page 121) and further, "The unchallenge transcript of a speech by Rabbi Emanuel Rabinovich was documents as having been delivered before the Emergency Council of European Rabbis in Budapest Hungary, January 12, 1952. Greeting My children! You have been called her to recapitulate the principal steps of our new program. As you know, we had hoped to have twenty years between war to consolidate the great gains which were made from World War II, but our increasing numbers in certain vital areas are arousing opposition to us, and we must now work with every means at our disposal to precipitate World War III. The Third World War... will surpass in destruction all previous contests. Iraq of course, will remain neutral, and while both sides are devastated and exhausted we will arbitrate, sending our Control Commissions into all of the wrecked countries. This way will end for all our struggle against the Christians. We will openly reveal our identity with the races of Asia and Africa. I can state with assurance that the last generation of white children is now being born. Our Control Commissions will, in the interest of peace and wiping out international tensions, forbid the whites to mate with whites. The white women must colat with members of the dark races, and the white men with black women. Thus the white race will disappear, for mixing the dark with the white means the end of the white man, and our most cherished enemy will become only a memory. We will embark upon an era of ten thousand years of peace and plenty, the Republic and our race will rule undisputed over the earth. Our superior intelligence will easily enable us to retain mastery over a world of dark peoples." Ibid. p. 128-129.

WHO HEADS NAACP

Very few people know that no Negro has ever been President of the NAACP. Way back in the early thirties a small group of Marxists elected a millionaire Jew named Joel Spingarn president of the NAACP. He served in that capacity until his death in 1939.

At that time his brother, Arthur Spingarn became President of the NAACP. He served until the mid-sixties when Kivie Kaplan a millionaire Jew shoe manufacturer from Boston, Mass., took over. For many years the head of the NAACP Legal Fund has been the Jew Jack Greenberg. He is the one who has filed all the legal actions which have resulted in the unconstitutional Supreme Court rulings. This has destroyed the chance for our children to receive a decent public education.

Negro Roy Wilkins is Kivie Kaplan's secretary and gets much publicity from the daily press. THIS IS TO KEEP YOU, FELLOW WHITE CHRISTIAN, IN THE DARK ABOUT THE TOTAL JEW DOMINATION OF THE NAACP. It is obvious that the ignorant and indolent Blackman does not have the intelligence to operate the intricate labyrinth of the NAACP which has inflicted so much damage upon the White race.

MORE ALIEN DESTROYERS

While on this subject readers should be reminded that radical Jews make up the leadership of the Hippie revolutionist movement in America today. Of the "Chicago 7" tried for riot recently, 5 were Jews. They include John Froines, Abbie Hoffman, Jerry Rubin, Lee Weiner and David Dellinger. Their lawyers, who created the most outrageous courtroom scenes in the history of the bar were the Jews William Kunstler and Leonard Wienglass. Not only that but 3 of the 4 radicals killed by National Guardsmen at Kent State were Jews; they were Allison Krause, Jeffrey Miller, and Sandra Scheuer. It is estimated that at least 30 per cent of all Hippies are Jews, yet the Jews admit to being only 3 percent of the population. IN ADDITION TO ALL THIS, THE JEWS CONTROL THE AMERICAN BROADCASTING COMPANY, NATIONAL BROADCASTING COMPANY, AND THE COLUMBIA BROADCASTING COMPANY. THEY PRACTICALLY CONTROL THE GENTILES' THINKING. THINK THIS OVER.

SUPPOSE WE DID NOT HAVE INCOME TAX -- HOW WOULD GOVERNMENT RUN?

TAXES.....LOCAL VS. FEDERAL SERVICES AND EXPENDITURES

We do not for a moment deny that a great deal of waste and graft exist at every level of local government; but we hold that the further removed it is from the voter and taxpayer, the greater will be the extravagance, corruption and irresponsibility.

It should, therefore, be informative to compare the cost and the functions of the federal government with those which operate on the lower levels. In 1969, the federal collected \$199.6 billion; but the combined revenues of all local governments—township, city, county and state were \$113 billion. Yet the local governments had to meet the enormous cost of elementary, secondary and higher education, which sometimes consumes 60% or more of the ad valorem tax, in addition to large sums derived from other local sources. They must also supply police and fire protection, sidewalks, streets, sewers, highways, roads, juvenile guidance, free hospitals, jails, courts, reformatories, asylums, orphanages, animal shelters, libraries, liquor and traffic control, fish and wildlife preservation, boating facilities, indigent welfare, protection against smog, disease, and water pollution, regulation of infant adoption, marriage counseling, a great complex of parks and other recreational facilities and a hundred other crucial services of a civilized society.

As far as the ordinary, decent, hard-working citizen is aware, the federal government has little or no function except to regiment and persecute him through the IRS, EPA and other agencies, or to seize his son and ship him off to die in some distant jungle. Local government provides everything of a public nature which he enjoys and does so on one-third of the tax dollar.

UP-TO-DATE TAX-STRIKE NEWS Tax Report

He Claimed World, But No Tax Fraud

Reprinted from the Councillor
RICHMOND, Va. — (UPI) — A Quaker who claimed the entire world's population as dependents on his income tax return wasn't guilty of tax fraud, the U.S. Fourth Circuit Court of Appeals has ruled.

The court also reversed a contempt of court sentence imposed on Lyle B. Snider and his wife, Sue, for refusing to stand when the judge entered and left the courtroom during the tax trial.

The appeals court ordered dismissal of the convictions of the Sniders.

Snider who belonged to a Society of Friends meeting in Durham, N.C., was convicted of providing "false and fraudulent" information in his W-4 tax form in 1972 by claiming three-billion dependents, arguing in a letter to the Internal Revenue Service that as a Quaker he felt responsible for all people in the world.

Judges Harrison L. Winter and J. Braxton Craven ruled that "false and fraudulent" as used in the tax code meant more than merely providing untrue information.

"The claim of three-billion dependents "could deceive no one," they wrote.

"It is purely symbolic," they added.

TAX STRIKE IS ON

A Special Summary and Forecast Of Federal and State Tax Developments

THE CLIMATE in the courts may be changing, and it spells trouble for the IRS.

For whatever reasons, federal judges appear increasingly skeptical of IRS actions or motives. The courts seem more sensitive to instances of IRS high-handedness. Many judges are asking whether the IRS, in the exercise of its vast powers, isn't denying taxpayers elementary fair play. Today's Tax Report gives a few examples.

THE IRS CAN'T SEIZE your property without allowing a day in court.

That's what the Sixth Circuit appeals court said in a decision favoring one Charles Rambo. Rambo's tax troubles began when a traffic cop stopped him and discovered drugs and \$2,300 in cash in his car. Almost at once the IRS informed Rambo that it was making a so-called "jeopardy assessment" against him, terminating his tax year and declaring a tax of \$26,506 immediately due. The feds promptly seized Rambo's bank account and his three cars.

Rambo later persuaded the circuit court to block the IRS because it failed to send him a "deficiency notice" within 60 days of acting against him. Such a notice is vitally important, the court agreed, because it is required for an appeal to the Tax Court, the only legal forum where one can contest a tax before paying it. The IRS argued that the notice wasn't due until Rambo's regular tax year had ended and he filed a return, but the court was unimpressed. "Clearly the IRS has imposed a tax and just as clearly the taxpayer has denied that he owes that amount," the court declared.

In the court's view, seizing property without first allowing a court hearing might well violate due process of law.

BRIEFS: The IRS agreed a taxpayer needn't respond personally to a summons, then changed its mind. A court decided the IRS had waived its rights. . . . Tax assessments against narcotics violators reached \$148.7 million in fiscal 1973, the IRS says.

1. According to the WASHINGTON OBSERVER of 1/15/73, IRS officials are very concerned about the threat of a real tax strike. So far, however, they have not devised any way to deal with the problem.

New Queries About 'Families'

By Thomas H. Brinkman
 Our reporter Tom Brinkman reports that the IRS is worried about the "All in the Family" syndrome and how it could hurt the agency's image. He says that the IRS is worried about the "All in the Family" syndrome and how it could hurt the agency's image. He says that the IRS is worried about the "All in the Family" syndrome and how it could hurt the agency's image.

A year later, this story was printed on the front page of the WSJ concerning the problems of the IRS and their damaged public image. Again, you will note that the tax is a voluntary one. Elsewhere in the article they report a Louis Harris poll which found that 60% of those surveyed would support a tax revolt. This article said that those refusing to pay had jumped almost 10% in four years!

PUBLIC SERVANTS QUESTIONNAIRE

Answers to questions should be put down by taxpayer. If, at the end of the questioning, the public servant declines to swear or affirm to the truthfulness of what he has answered, this fact should be noted and the forms sent off as directed.

To be executed in quadruplicate. Original for taxpayer's files. Second copy to head of department from which public servant was sent. Third copy to taxpayer's attorney. Fourth copy to public servant. Taxpayer will assume responsibility of mailing to appropriate persons.

Name of public servant.....
 Resident address..... City..... State.....
 Name of department of government, bureau or agency by which public servant is employed:

Its mailing address..... City..... State.....

Did public servant furnish proof of identity?..... What was the nature of this proof?.....

Is the name given by public servant his right name?

Has public servant ever employed an alias or assumed name?

If so, what was it?.....

Has public servant ever served time in prison for a misdemeanor?..... A felony?.....

A crime?..... If answer to foregoing is "yes" in any case, give reason for public servant's incarceration.....

Will the public servant furnish a copy of the law or regulation which authorizes the investigation?.....

Will the public servant read aloud that portion of the law authorizing questions he will ask?

How long has he worked for this agency (department, bureau, etc.)? years..... months.....

Has he ever been employed outside of government or outside of tax-supported agency such as a welfare bureau, a government school, etc.?.....

What was the nature of that employment?.....

What are his qualifications for conducting this investigation? (Cite special training, degrees held, special aptitudes, etc.)

Name of person in government requesting that investigation be made.....

Is the investigation "general" or is it "special"?

Note: By "general" is meant any kind of blanket investigation in which a number of persons are involved because of geography, type of business, sex, religion, schooling, income, etc. By "special" is meant any investigation of an individual nature in which others are not involved.

Name of private person (if any) who suggested that investigation be made.....

Was private person paid for turning in the name of taxpayer?..... How much was he paid? \$.....

Address.....

Note: Amendment VI of the Constitution says: "In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial by an impartial jury of the state and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense." Since government investigations are frequently followed by criminal prosecution, the taxpayer has a right to know the names of his accusers and to also be informed of the nature of the accusation brought against him. Also, Amendment V guarantees the right of the individual not to incriminate himself. Thus, a failure on the part of the investigator to satisfactorily answer the foregoing may provide grounds for refusing to answer questions. See a lawyer, if questions remain in your mind on this point.

Will he (the public servant) guarantee that the information requested will not be used by persons in departments, bureaus or agencies other than the one by whom he is employed?..... If not, why not?

Has the public servant been courteous and cooperative?..... Has he made any threats?

What is the nature of the threats?.....

AFFIRMATION BY PUBLIC SERVANT

I swear (or affirm) that the answers I have given to the foregoing questions are complete and correct in every particular.....

Must be signed in ink and the signature should be witnessed by two people. Taxpayer may administer an oath if he so desires.

STATEWIDE COMMITTEES OPPOSING REGIONAL PLAN AREAS
(FOUNDED 1968)

SPURNED by CONGR

PETITION

RELATIVE TO REDRESS OF GRIEVANCES UNDER SECTION 5 OF RULE VII,
U. S. SENATE, from the country at large

TO THE SENATE OF THE UNITED STATES OF AMERICA

WHEREAS the Constitution of the United States of America provides for a republican representative form of government, with the separation of powers divided among the legislative, judicial and executive branches; and

WHEREAS the powers delegated by The Constitution to the federal government are relatively few and limited, and those rights and powers which are reserved to the sovereign State governments or to the people are multiple and inherent; and

WHEREAS the federal Advisory Commission on Intergovernmental Relations (ACIR) was initially created by Public Law 86-380 (amended by PL 89-733) upon faulty premises and in violation of The Constitution; and

WHEREAS constitutional violations exist under PL 86-380, Specifically paragraphs (1) and (3) of Sec 3(a), in that six positions on the 26-member board of ACIR are occupied by three U.S. Senators and three U.S. Congressmen, in violation of the U.S. Constitution, Article I, Sec. 6 (2) which states in part: No Senator or Representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States. . . ."; and

WHEREAS the structure of ACIR further consists of elected officials whose loyalties have been transferred from their constituents to the service of their particular organizations within ACIR, namely: the Council of State Governments (CSG), Governors Conference (NGC, national), National League of Cities (NLC), U.S. Conference of Mayors (USCM), National Association of Counties (NACo); and

WHEREAS the above-named organizations, forming a majority voting control of fourteen (14) members on the 26-member board of ACIR, join to establish a form of non-representative executive rule by administrative procedure thereby usurping Constitutional Government; and

WHEREAS the aforementioned organizations relate to and partially comprise a syndicate of like-purposed affiliates and adjuncts linked by interlocking directorates and/or common purpose (one principal location being at 1313 E. 60th St., Chicago, Illinois, with others located in Lexington (Ky.), New York, N.Y., Wash., D.C., and elsewhere; and

WHEREAS ACIR aggressively sponsors programs which flout constitutional provisions, drafting policy recommendations and implementing "legislative or administrative action to carry out the recommendations" (ACIR M-17, 1968, p. 11) through the mechanism of the ACIR structure; and

WHEREAS ACIR operates a "law factory" and distributes pre-packaged legislation throughout federal, state and local governments, preempting the right of citizens to form their own laws through their representatives elected for that purpose; and

WHEREAS components of ACIR, namely the National League of Cities and the U.S. Conference of Mayors have formed a subsidiary NLC-USCM, Inc., non-registered, which produced action apparently in violation of the Federal Regulation of Lobbying Act (which action is under inquiry by the U.S. Department of Justice); and

WHEREAS a component of ACIR, namely National Association of Counties abused its tax-exempt status by lobbying on political issues including but not limited to the then proposed Census of 1970 statute; and

WHEREAS the organizations represented on the ACIR board are involved in conflict-of-interest because they suggest controversial concepts, plans and policy to the ACIR; and their agents, as voting individuals on the ACIR board, approve said concepts, plans and policies; which conflict-of-interest is compounded because the members of ACIR (some in dual offices forbidden by the U.S. Constitution and some State constitutions) who are U. S. Senators and Congressmen, state Governors (actually administrative advocates), state legislators, county commissioners, mayors and councilmen also implement said concepts, plans and policies in their "home" jurisdictions, in deference to ACIR, in addition to influencing controversial policy in jurisdictions not their own, by implementation of ACIR policies; and

WHEREAS Article IV, Section 4 of The Constitution states, "The United States shall guarantee to every state in this Union a republican form of government;" and

WHEREAS the very existence of ACIR's federal-state-local collusion is a violation of both the word and the meaning of our federal Constitution and the 50 state constitutions in that ACIR sabotages the rights reserved to the sovereign states and usurps the rights of citizens; and

WHEREAS the proposed bill, H.R. 6869 stemming from citizens request to amend PL 92-463 (which exempts ACIR from legislative overview by Congress) has been given no hearing, and no consideration of the measure is contemplated in the 93rd Congress, thus denying citizens the right to be heard; and/Note: House 1/2-day 12-13-73 biased Hearing. No Senate hearing. Grievance not corrected by mid-1974/

'Licensing' parents

In the 24 years since George Orwell wrote his fearfully prophetic book, "1984," government has extended Big Brotherism into every nook of Americans' lives.

These insidious controls and manipulations haven't developed overnight. They've evolved first as elitist postulations in academic think tanks, and finally into law and regulations promulgated by bureaucratic intellectuals.

Prepare yourself for the new form of an idea which, despite its startling audacity, no doubt will someday become a plausible new entry on the roster of Big Brother controls.

A University of Maryland professor has proposed that government license parents to have children. And to prevent any bootleg conceptions, Dr. Roger W. McIntire has come up with the ultimate in Big Brother safeguards - a government-administered contraceptive (called "Lock") whose anticonception powers can only be overcome with a government-administered antidote (called "Unlock").

McIntire unfolds his scheme with clinical serenity and seriousness in the magazine, Psychology Today.

He reveals his own impatience with uncontrolled births by insisting that "we can no longer afford the luxury of allowing any two fools to add to our numbers when they please."

The doctor has gone beyond his postulation, and fleshed it out with details, down to and including a 12-point curriculum which parents would have to complete before being allowed to become parents, and before the mother-to-be's "Lock" contraceptive is removed by a Big Brother physician.

After taking and passing courses in such basics as nutrition and hygiene, the American parents-to-be must also complete such heavy intellectual offerings involving proper punishment, stimulus-control, extinction procedures and adjunctive behavior, "principles of modeling and imitation, and so on.

Anticipating outcries of opposition, McIntire defends his proposal on the basis that if government can concern itself with licensing of pilots and the like, it has a greater imperative to concern itself with the raising and treatment of children.

Dr. McIntire predictably has no idea of what criteria would be used for selecting licensing boards, who would sit on them or how to administer mandatory contraception and de-contraception to millions of women.

Historians might well find some parallels in the doctrines of Nazi Germany which sought to breed a superrace, and to dispose of others in gas ovens.

The McIntire manifesto will find a receptive audience here and there. Various people have willingly assigned more and more of their personal freedoms to government. And when not so assigned, government simply takes them away.

The beguiling sugar coating on the McIntire proposition will be that (a) population can be controlled to give us more breathing space and (b) newborn children will be in the hands of parents better equipped to raise them.

If American parents fall for that one, then they will have to ask themselves why government's wisdom failed in the regulation of railroads.

A LICENSE TO BE BORN?

Yes, enemies of Christendom would require our citizens of the future to have been "licensed to be born," or they will kill them before birth (or after?).

Readers may think such a proposal the ravings of a "madman," but the editorial writer failed to warn his readers these proposals are acceptable to the "madmen" who rule America!

TREATY "LAW" COULD REQUIRE THIS

The proposed United Nations treaty revealed by Paul Scott would require just such insane laws. Vicious propaganda has already convinced Americans of limiting births, or killing babies before they come to birth. This "law" would be another "tool" in the hands of the enemy agents in Christian governments they will use against Christendom.

PHAROAH TRIED IT IN EGYPT

In Egypt, Pharaoh attempted to reduce the Israelite nation by ordering all male babies killed at birth (Ex. 1). Our enemy is MORE EFFICIENT, killing our babies in the womb, or preventing conception!

AMERICA UNDER ENEMY RULE?

God warned His People if they turned away from obeying Him, "I will set My Face against you, and ye shall be slain before your enemies: they that hate you shall reign over you." (Lev. 26:17)

When those that "reign" over us, play devilish, and highly effective methods to "slay" us, how can we deny but that we ARE RULED BY THOSE WHO HATE AMERICA?

WILL AMERICA SURVIVE?

God delivered the Israel People after "the cry of the children of Israel" was heard by Him, BUT in Isaiah 1, He tells us, "when ye make many prayers, I will not hear: your hands are full of blood. To understand this in the light of God's Word, read "THE BIBLE SAYS: RUSSIA WILL INVADE AMERICA" \$1 from Lord's Covenant Church, Box 5334, Phoenix, Ariz 85010. We have ALREADY been invaded, this book tells HOW to recognize the ENEMY IN THE LAND.

PLANNED TREATY WOULD REQUIRE KILLING UNBORN BABIES "BY LAW" IN U.S.A.

No Room In The Inn For Millions Of Unborn

By Paul Scott
News Analyst

WASHINGTON - For hundreds of millions of the unborn, there will be "no room in the inn" at Christmas or any other time if those Zero Population Growth officials and their supporters have their way in 1974.

Their newest objective is to reduce this country's births and those in the world below the replacement level. They are now urging the adoption of a national policy whereby there would actually be more deaths than births in the U.S.

This suicidal policy surfaced for the first time in a proposed international population agreement which the U.S. Zero Population Growth Organization is now circulating among government officials here and at the United Nations.

The powerful population control organization, which receive funds from the Rockefeller and Ford Foundations, is seeking to have the Nixon Administration propose the below replacement level agreement at the coming World Population Conference scheduled to be held in Bucharest, Romania on August 19 to 30.

In the view of the Zero Population Growth leaders, a tight ceiling on births below the number of deaths in the U.S. is needed in order to take care of the estimated 750,000 persons that enter the U.S. each year as immigrants.

This population control "sleeper", which is now getting a lot of attention inside the Nixon Administration, is contained in article III of the proposed international population agreement. It states:

"Each party undertakes to reduce its total fertility rate to the replacement level within six years. Any party whose policies with regard to international migration result in a significant positive net migration shall undertake to reduce its total fertility rate

sufficiently ³ below the replacement level to compensate for such migration within six years. The International Population Committee shall develop scientific techniques which all parties shall adopt for reporting on progress towards this goal."

Within the Nixon Administration, the major advocate for the "no room in the inn" policy is Russell W. Peterson, the new head of the Council on Environmental Quality and a close political associate of former New York Governor Rockefeller.

As part of the Zero Population Growth strategy, Peterson is urging President Nixon to take the lead through the United Nations and propose the placing of an overall limit on the world's population.

As a starter, Peterson wants the Nixon Administration to get fully involved in the United Nation's carefully orchestrated campaign to convince all mankind that the time has come to tightly limit population on the earth.

This campaign is scheduled to be launched under the banner of the World Population Year (1974) early next month with a flood of TV-radio shows, books, films, conferences, youth publications, news releases, and panel discussions.

United Nations officials say the campaign is designed to create a political consensus leading to global action to limit the world's population and win acceptance of abortion as a means of population control. The campaign will cost upward to \$100 million and will be the most extensive ever put on by the United Nations.

Some of the highlights of the population control propaganda blitz as outlined in the bulletin of the United Nations Fund for Population Activities (UNFPA) are as follows:

"The United Nations and its specialized agencies have all now developed special

programs for World Population Year to reinforce their regular activities in health, agriculture, labor, training and education, including written material, films, TV and radio material, conferences and seminars.

"At the UNFPA headquarters in New York, preparations are in the final stages for publication of Dom Moraes's book, "A Matter of People", and the release of the film prepared by Robert Rosellini. A special World Population Year calendar is being issued, as well as a series of posters.

"Plans are well advanced for a working conference of newspaper editors organized in cooperation with the London "Sunday Times" to be held in Oxford, England in April. Many newspapers will carry special articles issued by the World Population Year Secretariat to mark the beginning of the year, in addition to the regular World Population Year news and feature.

"A book of essays by distinguished writers and experts is planned and a special youth magazine on population will run throughout the year. Planetariums throughout the world will run a program on "Spaceship Earth" developed by the Hayden Planetarium in New York."

The central theme of all these activities will be the same as that which forced the Christ child to be born in a stable on that first Christmas nearly 2,000 years ago - "no room in the inn".

THE MACON HERALD
DECEMBER 24, 1973

If such treaties become "law," then "abortion as a means of population control" would also become "law" in the U.S.A. As a chilling example, every Asiatic baby brought to America by Billy James Hargis would actually cause the death of a native American baby, the American baby being aborted (murdered after conception), or as effectively killed by refusing his parents the right to have a baby. See other side for the plan for that.

THIS TREATY AIMED ONLY AT U.S.

(1) They say their goal is to reduce "world" population to zero growth, BUT

(2) the reduction is geared to take into consideration the "immigrants" coming into any nation, and THEN

(3) the proposed treaty itself makes it plain that the reduction of the nation's population would be BY REDUCING THE BIRTHS IN THE NATION, not by any reduction of immigration.

THEREFORE

Since the United States, and to a smaller extent, the other Anglo-Saxon nations, are the ONLY nations that have a net INWARD MIGRATION, they would be the ONLY nations affected by such a treaty!

Russia, China, other communist nations, and African nations have literally NO INWARD MIGRATION of people.

Because of this increase by immigration, America would be one of the few nations REQUIRED BY THIS TREATY TO MAKE ABORTION MANDATORY ON GOVERNMENT ORDER.

"UNRESTRICTED MIGRATION"

Consider the above "treaty" in conjunction with the current talk that nations must "allow" people to "migrate at will." (We hear this from those who say "Russia must allow the Jews to migrate to Palestine.") If open and "free" migration also becomes treaty law, thousands, and perhaps millions, of aliens would HAVE to be accepted by the U.S. IF THEY WANT TO COME!

The late J. Edgar Hoover warned continually in his writings that what he feared most was that our people would become 'State-of-mind Communists.' They would deny any agreement with Communism while accepting its objectives and programs under a sugar-coated label. If I were to ask the average American, in fact most those who will read this pamphlet, if they are inclined at all toward Communism, they would deny it emphatically. Many would be insulted that I even asked them the absurd question. Yet if I were to ask these same people if they believed that we needed a graduated income tax or a central banking system like the FEDERAL RESERVE, they would insist that we just could not get along without either.

To that limited extent, such persons are already state-of-mind Communists. Both of these concepts are major planks in the Communist Manifesto worked out by Karl Marx and his wealthy employer Mr. Frederick Engels more than 125 years ago! According to Marx, these two programs must be imposed upon a private enterprise nation if they were ever to accomplish a socialist dictatorship. There was neither a FEDERAL RESERVE SYSTEM nor a graduated income tax in America until 1913. The graduated income tax was designed by Marx to provide the funds to bring about socialistic programs while bringing about the destruction of the middle class.

Pictured above is the Kansas River truck plant being built in Communist Russia with U.S. dollars. An eighty six million dollar credit has been made by the Chase Manhattan Bank alone for U.S. financing. It is to be assembled here for military use against free world nations.

SILVER — FOR YOUR PROFIT POTENTIAL

In addition to its role as hard money which preserves value, silver is also an irreplaceable commodity in great demand by industry. Thousands of industrial and consumer products could not be made to work efficiently, if at all, without silver. Thus, the demand for this precious white metal is expected to continue at an ever increasing rate:

At the same time the supply of silver has not kept pace with demand. Most rich silver ore is found very close to the earth's surface and most of it has already been discovered and mined. In fact 75% of current production comes as a by product of mining copper, lead, and zinc. With silver production tied to the demand for these other metals, supplies are unable to rise to meet increasing demand.

Every investor knows that a potential for profit exists when there is a heavy demand for a commodity with a small or limited supply. Many economists agree that such a situation currently exists in silver.

IF YOU ARE NOT PREPARED TO WITHSTAND AN ECONOMIC CRISIS AND IF YOU ARE LOOKING FOR PROFIT POTENTIAL IN THE YEARS AHEAD YOU SHOULD CONSIDER SILVER AND GOLD NOW. IF YOU WOULD LIKE MORE DETAILS ON INVESTMENT METHODS, PRICING AND COSTS, FILL OUT AND MAIL THE ATTACHED COUPON TO:

the
CONSTITUTION
of the
UNITED STATES

(Parts of the Constitution no longer in effect are printed in italics.)

"This government, the offspring of our own choice, uninfluenced and unaided, adopted upon full investigation and mature deliberation—completely free in its principles, in the distribution of its powers, in its security with energy, and containing within itself a provision for its own amendment, has a just claim to your confidence and support."

— GEORGE WASHINGTON
"Farewell Address"

PREAMBLE

WE THE PEOPLE of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defence, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America.

★ **ARTICLE I** ★

SECTION 1. All legislative powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

SECTION 2. The House of Representatives shall be composed of members chosen every second year by the people of several states, and the electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislature.

No person shall be a representative who shall not have attained to the age of twenty-five years, and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state in which he shall be chosen.

Representatives and direct taxes shall be apportioned among several states which may be included within this union, according to their respective numbers, which shall be determined adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons.¹ The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of representatives shall not exceed one for every thirty thousand, but each state shall have at least one representative; and until such enumeration shall be made, the state of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode Island and Providence Plantations one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware three, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.²

¹Amended by Amendment XIV, Section 2, "counting the whole number of persons in each State." The "other persons" were slaves, and all Indians are now subject to federal taxation.
²Temporary provisions, superseded by Congressional reapportionments based on each decennial Census.

When vacancies happen in the representation from any state, the executive authority thereof shall issue writs of election to fill such vacancies.

The House of Representatives shall choose their speaker and other officers; and shall have the sole power of impeachment.

SECTION 3. The Senate of the United States shall be composed of two senators from each state, chosen by the legislature thereof, for a term of six years; and each senator shall have the qualifications requisite for senators of the state.

When vacancies happen in the representation from any state, the executive authority thereof shall issue writs of election to fill such vacancies. The House of Representatives shall choose their speaker and other officers; and shall have the sole power of impeachment. **SECTION 3.** The Senate of the United States shall be composed of two senators from each state, chosen by the legislature thereof, for a term of six years; and each senator shall have the qualifications requisite for senators of the state. When vacancies happen in the representation from any state, the executive authority thereof shall issue writs of election to fill such vacancies. The House of Representatives shall choose their speaker and other officers; and shall have the sole power of impeachment.

No person shall be a senator who shall not have attained to the age of thirty years, and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state for which he shall be chosen.

The Vice President of the United States shall be president of the Senate, but shall have no vote, unless they be equally divided.

The Senate shall choose their other officers, and also a president pro tempore, in the absence of the Vice President, or when he shall exercise the office of President of the United States.

The Senate shall have the sole power to try all impeachments. When sitting for that purpose, they shall be on oath or affirmation. A majority of the members present shall constitute a quorum. A majority of the members present shall determine the guilt or innocence of the party accused.

affirmation. When the President of the United States is tried, the chief justice shall preside: And no person shall be convicted without the concurrence of two-thirds of the members present.

Judgment in cases of impeachment shall not extend further than to removal from office, and disqualification to hold and enjoy any office of honor, trust or profit under the United States; but the party convicted shall nevertheless be liable and subject to indictment, trial, judgment and punishment, according to law.

SECTION 4. The times, places and manner of holding elections for senators and representatives, shall be prescribed in each state by the legislature thereof: But the Congress may, at any time by law make or alter such regulations, except as to the places of choosing senators.

The Congress shall assemble at least once in every year, and such meeting shall be on the first Monday in December, unless they shall by law appoint a different day.

SECTION 5. Each house shall be the judge of the elections, returns and qualifications of its own members, and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may be authorized to compel the attendance of absent members, in such manner, and under such penalties as each house may provide.

Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds, expel a member.

Each house shall keep a journal of its proceedings, and from time to time publish the same, excepting such parts as may, in their judgment, require secrecy; and the yeas and nays of the members of either house on any question, shall, at the desire of one-fifth of those present, be entered on the journal.

Neither house, during the session of Congress, shall, without the consent of the other, adjourn for more than three days,

or longer, than the 3d day of January.

nor to any other place than that in which the two houses shall be sitting.

SECTION 6. The senators and representatives shall receive a compensation for their services, to be ascertained by law, and paid out of the treasury of the United States. They shall in all cases, except treason, bribery or breach of the peace, be privileged from arrest during their absence from the session of their respective houses, and in going to and returning from the same; and for any speech or debate in either house, they shall not be questioned in any other place.

No senator or representative shall, during the time for which he was elected, be appointed to any civil office, and the authority of the United States shall not be extended to the employment of him as such officer, until he has resigned his seat in the States; and no person holding any office under the United States, shall be a member of either house during his continuance in office.

SECTION 7. All bills for raising revenue shall originate in the House of Representatives, but the Senate may propose or concur with amendments as on other bills.

Every bill which shall have passed the House of Representatives and the Senate, shall, before it become a law, be presented to the President of the United States; if he approve, he shall sign it, but if not, he shall return it, with his objections, to that house in which it shall have originated, who shall enter the objections at large on their journal, and proceed to reconsider it. If after such reconsideration, two-thirds of that house shall agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and if approved by two-thirds of that house, it shall become a law. But in all such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the journal of each house respectively. If any bill shall not be re-

The privilege of the writ of *habeas corpus* shall not be suspended, unless when in cases of rebellion or invasion the public safety may require it.

No bill of attainder or ex post facto law shall be passed. No capital or other punishment shall be inflicted in proportion to the census or enumeration therein by law provided to be taken.

No tax or duty shall be laid on articles exported from any state.

No state shall enter into any treaty, alliance, or confederation; grant letters of marque and reprisal; coin money; emit bills of credit; make any thing but gold and silver coin a tender in payment of debts; pass any bill of attainder, ex post facto law, or law impairing the obligation of contracts; or grant any title of nobility.

No state shall, without the consent of the Congress, lay any imposts or duties on imports or exports, except what may be absolutely necessary for executing its inspection laws; and the net produce of all duties and imposts laid by any state on imports or exports, shall be for the use of the treasury of the United States; and no state shall, without the consent of the Congress, lay any duty on tonnage.

No state shall, without the consent of the Congress, lay any duty on tonnage, keep troops, or ships of war in time of peace; enter into any agreement or compact with another state, or with a foreign power, or engage in war, unless actually invaded, or in such imminent danger as will not admit of delay.

SECTION 10. No state shall enter into any treaty, alliance, or confederation; grant letters of marque and reprisal; coin money; emit bills of credit; make any thing but gold and silver coin a tender in payment of debts; pass any bill of attainder, ex post facto law, or law impairing the obligation of contracts, or grant any title of nobility.

No state shall, without the consent of the Congress, lay any imposts or duties on imports or exports, except what may be absolutely necessary for executing its inspection laws; and the net produce of all duties and imposts laid by any state on imports or exports, shall be for the use of the treasury of the United States; and no state shall, without the consent of the Congress, lay any duty on tonnage.

United States; and all such laws shall be subject to the revision and control of the Congress.

No state shall, without the consent of Congress, lay any duty of tonnage, keep troops, or ships of war in time of peace; enter into any agreement or compact with another state, or with a foreign power, or engage in war, unless actually invaded, or in such imminent danger as will not admit of delay.

SECTION 1. The executive power shall be vested in a President of the United States of America. He shall hold his office during the term of four years,* and, together with the Vice President, chosen for the same term, be elected as follows:

Each state* shall appoint, in such manner as the legislature thereof may direct, a number of electors, equal to the whole number of senators and representatives to which the state may be entitled in the Congress; but no senator or representative, or person holding an office of trust or profit under the United States, shall be appointed an elector.

The electors shall meet in their respective states, and vote by ballot for two persons, of whom one at least shall not be an inhabitant of the same state with themselves. And they shall make a list of all the persons voted for, and of the number of votes for each; which list they shall sign and certify, and transmit sealed to the seat of the government of the United States, directed to the president of the Senate. The president of the Senate shall, in the presence of the Senate and House of Representatives, open all the certificates and the votes shall then be counted. The person having the greatest number of votes shall be the President, if such number be a majority of the whole number of electors appointed; and if there be more than one who have such majority,

* Amendment XXII limits a President to two terms.
* Extended by Amendment XXIII.

and have an equal number of votes, then the House of Representatives shall immediately choose by ballot one of them for President; and if at any time, after meeting, they shall not have chosen the President, they shall, in the meantime, choose the President, and in choosing the President, the votes shall be taken by states, the representation from each state having one vote: a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall constitute a quorum, and the choice of the President shall be by ballot. If there shall be a tie in the votes of the States, the Vice President, if there should remain any, or if there shall be no Vice President, shall choose from their ballots the Vice President.

The Congress may determine the time of choosing the electors, and the day on which they shall give their votes; which day shall be the same throughout the United States.

No person except a natural born citizen, or a citizen of the United States, at the time of the adoption of this Constitution, shall be eligible to that office; neither shall any person be eligible to that office, who shall not have attained to the age of thirty-five years, and been fourteen years a resident within the United States.

In case of the removal of the President from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the Vice President; and the Congress may by law provide for the case of removal, death, resignation, or inability, both of the President and Vice President, deciding what officer shall then act as President, and such officer shall act accordingly, until the disability be removed, or a President shall be elected.

The President shall, at stated times, receive for his services, a compensation, which shall neither be increased nor

This whole paragraph is amended by Amendment XII. See Amendment XII. The salary of the President shall be the same as that of the President of the United States. Extended by Amendment XX, Sections 3 and 4.

diminished during the period for which he shall have been elected, and he shall not receive within that period any other emolument from the United States, or any of them.

Before he enter on the execution of his office, he shall take the following oath or affirmation:

"I do solemnly swear (or affirm) that I will faithfully execute the office of President of the United States, and will to the best of my ability, preserve, protect and defend the Constitution of the United States."

SECTION 2. The President shall be commander in chief of the army and navy of the United States, and of the militia of the several states, when called into the actual service of the United States; he may require the opinion, in writing, of the principal officer in each of the executive departments, upon any subject relating to the duties of their respective offices; and he shall have power to grant reprieves and pardons for offences against the United States, except in cases of impeachment.

He shall have power, by and with the advice and consent of the Senate, to make treaties, provided two-thirds of the senators present concur; and he shall nominate, and by and with the advice and consent of the Senate, shall appoint ambassadors, other public ministers and consuls, judges of the supreme court, and all other officers of the United States, whose appointments are not herein otherwise provided for, and which shall be established by law. But the Congress may by law vest the appointment of such inferior officers, as they think proper in the President alone, in the courts of law, or in the heads of departments.

The President shall have power to fill up all vacancies that may happen during the recess of the Senate, by granting commissions, which shall expire at the end of their next session.

SECTION 3. He shall, from time to time, give to the Congress information of the state of the union, and recommend to their consideration, such measures as he shall judge necessary and

...ent; he may, on extraordinary occasions, convene both
... or either of them, and in case of disagreement between
... with respect to the time of adjournment, he may adjourn
... to such time as he shall think proper; he shall receive
... leaders and other public ministers; he shall take care that
... laws be faithfully executed, and shall commission all the
... of the United States.

... The President, Vice President, and all civil offi-
... of the United States shall be removed from office on im-
... for, and conviction of, treason, bribery, or other
... and misdemeanors.

* * * * *

SECTION 1. The judicial power of the United States, shall be
... in one supreme court, and in such inferior courts as the
... may, from time to time, ordain and establish. The
... both of the supreme and inferior courts, shall hold
... offices during good behavior, and shall, at stated times,
... for their services a compensation, which shall not be
... diminished during their continuance in office.

SECTION 2. The judicial power shall extend to all cases,
... law and equity, arising under this Constitution, the laws
... of the United States, and treaties made, or which shall be
... made, under their authority; to all cases affecting ambassa-
... and other public ministers and consuls; to all cases of

... in all cases, in which a state shall be party, the
... supreme court shall have original jurisdiction. In all the other
... cases, the supreme court shall have appellate
... jurisdiction, with such exceptions, and
... under such regulations, as the Congress shall make.

The trial of all crimes, except in cases of impeachment, shall
... be by jury, and the trial shall be held in the state where the
... crime shall have been committed; but when not com-
... mitted within any state, the trial shall be at such place or places
... as the Congress may by law direct.

SECTION 3. Treason against the United States shall consist
... only in levying war against them, or in adhering to their
... enemies, giving them aid and comfort. No person shall be con-
... victed of treason unless on the testimony of two witnesses to
... the same overt act, or on confession in open court.

The Congress shall have power to declare the punishment of
... treason, but no attainder of treason shall work corruption of
... blood, or forfeiture, except during the life of the person
... attainted.

AMENDMENTS TO THE CONSTITUTION

(The first ten Amendments, usually called the Bill of Rights, went into effect December 15, 1791.)

★ **ARTICLE I** ★

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble, and to petition the government for redress of grievances.

★ **ARTICLE II** ★

A well-regulated militia being necessary to the security of free state, the right of the people to keep and bear arms shall not be infringed.

★ **ARTICLE III** ★

No soldier shall, in time of peace, be quartered in any house without the consent of the owner, nor in time of war but in manner to be prescribed by law.

★ **ARTICLE IV** ★

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

★ **ARTICLE V** ★

No person shall be held to answer for a capital or other infamous crime unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war or public danger; nor shall any person be subject for the same offence to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use without just compensation.

★ **ARTICLE VI** ★

In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the state and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defence.

...the value in controversy shall exceed twenty dollars, and a trial by jury shall be preserved, and no state shall be otherwise re-examined, or have the laws of the United States than according to the rules of the Constitution.

...nor excessive fines in proportion to the crime, or unusual punishments inflicted.

...the enumeration of certain rights shall not be construed to deny or disparage others retained by the people.

★ **ARTICLE VII** ★

The powers not delegated to the United States by the Constitution, nor prohibited to the states, are reserved to the states respectively, or to the people.

★ **ARTICLE VIII** ★

(Adopted 1798)

The judicial power of the United States shall not be construed to extend to any suit in law or equity, commenced or prosecuted against one of the United States, by citizens of another state, or by citizens or subjects of any foreign state.

★ **ARTICLE IX** ★

(Adopted 1804)

The electors in each respective state, and vote

by ballot for President and Vice-President, one of whom at least shall not be an inhabitant of the same state with themselves; they shall name in their ballots the person voted for as President, and in distinct ballots the person voted for as Vice-President; and they shall make distinct lists of all persons voted for as President, and of all persons voted for as Vice-President, and of the number of votes for each, which lists they shall sign and certify, and transmit, sealed, to the seat of the government of the United States directed to the president of the Senate: the president of the Senate shall, in the presence of the Senate and House of Representatives, open all the certificates, and the votes shall then be counted: the person having the greatest number of votes for President shall be the President, if such number be a majority of the whole number of electors appointed; and if no person have such majority, then from the persons having the highest numbers not exceeding three, on the list of those voted for as President, the House of Representatives shall choose immediately, by ballot, the President. But in choosing the President, the votes shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall be necessary to a choice: And if the House of Representatives shall not choose a President, whenever the right of choice shall devolve upon them, before the fourth day of March' next following, then the Vice President shall act as President, as in the case of the death or other constitutional disability of the President. The person having the greatest number of votes as Vice President shall be the Vice President, if such number be a majority of the whole number of electors appointed, and if no person have a majority, then from the two highest numbers on the list the Senate shall choose the Vice President: a quorum for the purpose shall consist of two-thirds of the whole number of senators, and a majority of the whole number shall be necessary to a choice. But no person (Amendment XX, Section 1, "at noon on the 20th day of January.")

and contracts entered into by the office of President shall be eligible to hold the office of President of the United States

ARTICLE II
 SECTION 1

Section 1. No person shall be elected to the office of President, unless he shall have attained to the age of thirty-five years, been seven years a citizen of the United States, and born a citizen of the United States.

Section 2. The President shall have the power to enforce this article.

SECTION 3

Section 3. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the state wherein they reside. No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty, or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the law.

Section 2. Representatives shall be apportioned among the several states according to their respective numbers, counting the whole number of persons in each state, excluding Indians not taxed, but when the right to vote at any election for the electors for President and Vice President, or for electors in Congress, shall be denied to any portion of the male inhabitants of any state, or the members of any house of representatives, twenty years of age, and citizens of the United States, or in any way abridged, except for crime, the basis of

representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens twenty-one years of age in such state.¹

SECTION 2. No person shall be a senator or representative in Congress, or elector of President and Vice President, or hold any office, civil or military, under the United States, or under any state, who having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any state legislature, or as an executive or judicial officer of any state, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid and comfort to those who have so done; and Congress may, by a vote of two-thirds of each house, remove such disability.

SECTION 4. The validity of the public debt of the United States, authorized by law, including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned; but neither the United States nor any state shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; but all such debts, obligations, and claims shall be held illegal and void.

SECTION 5. The Congress shall have power to enforce, by appropriate legislation, the provisions of this article.

★ ~~SECTION 3~~ ★

(adopted 1870)

SECTION 1. The right of the citizens of the United States to vote shall not be denied or abridged by the United States or by any state, on account of race, color, or previous condition of servitude.

¹ This provision has never been amended.

SECTION 7. The Congress shall have power to enforce this article by appropriate legislation.

★ ~~SECTION 8~~ ★

(adopted 1913)

The Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several states, and without regard to any census or enumeration.

★ ~~SECTION 9~~ ★

(adopted 1913)

The Senate of the United States shall be composed of two senators from each state, elected by the people thereof for six years; and each senator shall have one vote. The electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislatures.

When vacancies happen in the representation of any state in the senate, the executive authority of such state shall issue writs of election to fill such vacancies; provided, that the legislature of any state may empower the executive thereof to make temporary appointments until the people fill the vacancies at election as the legislature may direct.

This amendment shall not be so construed as to affect the election or term of any senator chosen before it becomes valid as part of the Constitution.

★ ~~SECTION 10~~ ★

(adopted 1919)

SECTION 1. After one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors

25

within, the importation thereof into, or exportation thereof from, the United States and all territory subject to the jurisdiction thereof, for beverage purposes is hereby prohibited.

SECTION 2. The Congress and the several states shall have concurrent power to enforce this article by appropriate legislation.

SECTION 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of the several states, as provided in the Constitution, within seven years from the date of submission hereof to the states by the Congress.

★ [REDACTED] ★

(adopted 1920)

SECTION 1. The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex.

SECTION 2. The Congress shall have power to enforce this article by appropriate legislation.

★ [REDACTED] ★

(adopted 1933)

SECTION 1. The terms of the President and Vice President shall end at noon on the 20th day of January, and the terms of senators and representatives at noon on the 3rd day of January, of the years in which such terms would have ended if this article had not been ratified; and the terms of their successors shall then begin.

SECTION 2. The Congress shall assemble at least once in every year, and such meeting shall begin at noon on the 3rd day of January, unless they shall by law appoint a different day.

SECTION 3. If, at the time fixed for the beginning of the term of President, the President-elect shall have died, the

¹Amendment XVIII repealed by Amendment XXI.

26

Vice President-elect shall become President. If a President shall not have been chosen before the time fixed for the beginning of his term, or if the President-elect shall have failed to qualify, then the Vice President-elect shall act as President until the President shall have qualified; and the Congress may by law provide for the case wherein neither a President-elect nor a Vice President-elect shall have qualified, declaring who shall then act as President, or the manner in which one who is to act shall be selected, and such person shall act accordingly until a President or Vice President shall have qualified.

SECTION 4. The Congress may by law provide for the election of the President and Vice President from among the House of Representatives and the Senate, whenever the right of choice shall have devolved upon them, and whenever the Senate may choose a Vice President, whenever the right of choice shall have devolved upon them.

SECTION 5. Sections 1 and 2 shall take effect on the 1st day of October following the ratification of this article.

SECTION 6. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several states within seven years from the date of its submission.

★ [REDACTED] ★

(adopted 1933)

SECTION 1. The eighteenth article of amendment to the Constitution of the United States is hereby repealed.

SECTION 2. The transportation or importation into any State, territory, or possession of the United States, for

¹The Presidential Succession Act of 1886, as amended in 1947, fixes order of succession as follows: Speaker of the House, President of Senate, Secretary of State, of Treasury, of Defense, Attorney General, Postmaster General, Secretary of Interior, of Agriculture, of Commerce, of Labor, and of Health, Education and Welfare.

27

dent who shall be notified by a declaration of a majority vote of both Houses of Congress.

SECTION 4. Whenever the President transmits to the President pro tempore of the Senate and the Speaker of the House of Representatives a written declaration that he is unable to discharge the powers and duties of his office, and until he is able to discharge the same, the powers and duties shall be discharged by the Vice President as Acting President.

SECTION 5. Whenever the President transmits to either the President pro tempore of the Senate or to the Speaker of the House of Representatives a written declaration that he is unable to discharge the powers and duties of his office, and until he is able to discharge the same, the Vice President shall immediately assume the powers and duties of the office as Acting President.

Thereafter, when the President transmits to the President pro tempore of the Senate and the Speaker of the House of Representatives his written declaration that no inability exists, he shall resume the powers and duties of his office unless the Vice President and a majority of either the principal officers of the executive department or of such other body as Congress may by law provide, transmit within four days to the President pro tempore of the Senate and the Speaker of the House of Representatives their written declaration that the President is unable to discharge the powers and duties of his office. Thereupon Congress shall decide the issue, assembling within forty-eight hours for that purpose if not in session. If the Congress, within twenty-one days after receipt of the latter written declara-

tion, or, if Congress is not in session, within twenty-one days after Congress is required to assemble, determines by two-thirds vote of both Houses that the President is unable to discharge the powers and duties of his office, the Vice President shall continue to discharge the same as Acting President; otherwise, the President shall resume the powers and duties of his office.

★ **AMENDMENT XXXI** ★

(Adopted 1971)

SECTION 1. The right of citizens of the United States, who are eighteen years of age or older, to vote shall not be denied or abridged by the United States or by any State on account of age.

SECTION 2. The Congress shall have power to enforce this article by appropriate legislation.

Dates of Ratification by States

The Constitution was ratified by the thirteen original states in the following order:

- DELAWARE, December 7, 1787
- PENNSYLVANIA, December 12, 1787
- NEW JERSEY, December 18, 1787
- GEORGIA, January 2, 1788
- CONNECTICUT, January 9, 1788
- MASSACHUSETTS, February 6, 1788
- MARYLAND, April 28, 1788
- SOUTH CAROLINA, May 23, 1788
- NEW HAMPSHIRE, June 21, 1788
- VIRGINIA, June 25, 1788
- NEW YORK, July 26, 1788
- NORTH CAROLINA, November 21, 1788
- RHODE ISLAND, May 29, 1790

VERMONT, by convention, ratified January 10, 1791; and Congress, February 10, 1791, admitted that State into the Union.

[The Continental Congress on September 13, 1787, proclaimed the ratification by nine states, and ordered the convening of the new government on March 4, 1789.]

DECLARATION OF INDEPENDENCE
July 4, 1776

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to

...erior financing, their ruthless piracy, and
...ish discipline (they are ruled with an
...n hand) and took possession of all means
... mass communication. They proceeded in
...rdly earnest to scramble our brains, cor-
...pt our morals, and prepare us for slavery.

CREATED DEPRESSION TO SEIZE POWER

Through their complete dominance of
Wall Street they broke the stock market
in October, 1929, by unloading their vast
holdings of stocks and bonds. By withhold-
ing billions of dollars from circulation, they
drove the economy of this country into utter
collapse. As they have done often, they created
a crisis and then obligingly offered to save
it. Let a crisis be the price of our Consti-
tutional Government, which they have com-
pletely destroyed.

Roosevelt was actually an
...man, who was obliged to have
...man even write his speeches and
... following the orders of his Jewish
...es (Bernard Baruch, Sidney Hillman,
... Frankfurter, Henry Morgenthau), con-
...ed us that we could no longer take care
... ourselves. We have now been degraded
... a despicable caricature of our strong, brave,
...ckant, thrifty, moral ancestors. Be
...rt with yourself, are we not?

INVISIBLE ENEMY

We are paid far less to point where all
... of the world have revolted! And
... a finger, because we do not even
... against whom to revolt! We let the
...s sneer, ridicule, and vilify us daily,
... we are not even allowed to hint that
... Jew could possibly do wrong. Has any
... ever been sent to the penitentiary for
... billions of dollars of income taxes we
... they have evaded!

We let the Jew destroy all our real leaders
... to a revolt against Jewish
... What do you think hap-
... Charles Lindbergh, Sen. McCarthy,
... Rankin, James Forrestal, Gen.
... Douglas MacArthur, Sen.
...eller, Larry Duggan, and Gen. Patton?
...y each tried to combat the Jewish Con-

...piracy, which many people still naively be-
...ieve is Russian "Communism."

SUPPRESSION OF THE TRUTH

Why are patriotic American newspapers
unable to print the truth about the Pharisic
Conspiracy? First, because all newspapers
depend, for National and International news,
on the Jewish-censored wire services. Sec-
ond, in less than an hour after a paper tell-
ing the truth about the Jewish chicanery
hits the street, raging representatives from
the B'nai B'rith will have the luckless editor
backed up in a corner threatening to with-
draw permanently all Jewish advertising
(most of the paper's revenue), cancel all
Jewish subscriptions, cut off his supply of
paper (they now have a monopoly on this
item), deny him recourse to Jewish financ-
ing (which now enjoys a strangle-hold in
an ever-increasing number of cities), and
call a strike through Jewish-controlled labor
unions. Any reporter who writes the truth
about the Jews is fired and his story "kill-
ed."

LET US PREPARE OUR DEFENSES

Where, oh where, are our leaders to take
us out of the impending Red Hell? All the
well-known ones have been destroyed by the
Jews, with the generous aid of countless Gen-
tile trained stooges. If the White Gentiles are
to save themselves from being herded to the
slaughter like docile sheep the time is long
overdue to organize for the fight against our
real enemy.

Learn who our enemy is, and how he in-
tends to make you fight for your own en-
slavement! Learn what is happening to our
unhappy world. Subscribe to publications
which will tell you the truth. See that the
uncensored facts are spread far and wide.
Contribute your time and your money gener-
ously to Patriotism — this is the only invest-
ment, the only charity now that counts!

When you become fully alerted to the aw-
ful danger descending upon us, you will want
to join us in organizing secretly for the fight
to decide whether or not we have the right
to exist on this earth as human beings!
If we are so demoralized, so stupid, so de-

...praved as not to care, then we shall pay the
awful penalty against this most hideous
crime against our forebears and our pos-
terity — our race of people will disappear
from the earth!

If we can liberate our country from the
deadly clutches of the Pharisic vultures,
Communism throughout the world will fall,
along with its architects, like an over-ripe
apple. The enemy capital for many years has
been New York, not Moscow.

STOP JEWISH BARBARISM!

All through history the Jewish race has
been known for its savage massacres. From
the time of Abashucrus through the present
day the Jews have been directly responsible
for the deaths of over 200,000,000 human be-
ings, a great number of whom were Christians.

The combination of the evil Jewish mind
and satanic Jewish "religion" makes the Jew
a sadist by his very nature. He is not content
unless he is inflicting misery, suffering and
torment. The facts show that the most vicious
atrocities against mankind have been com-
mitted by Jews. These statements are clearly
documented in Arnold Leese's book, "Jewish
Ritual Murder."

The Jew has never founded any civilization, though he has
destroyed hundreds. He possesses nothing of his own creation
to which he can point. Everything he has is stolen. Foreign
people, foreign workmen build him his temples; it is foreigners
who create and work for him; it is foreigners who shed their
blood for him. He has no art of his own; but by his he has
stolen it all from other peoples. He does not even know how to
preserve the precious things others have created. . . . In the last
resort it is the Aryan alone who can form States and set them
on their path to future greatness. All this the Jew cannot do.
And because he cannot do it, therefore all his revolutions must
be international. They must spread as a pestilence spreads. Al-
ready he has destroyed Russia; now it is the turn of Germany,
and with his covetous instinct for destruction he seeks to disinte-
grate the national spirit of the Germans and to pollute their
blood."

Who Is the Real Enemy?

The smug, self-satisfied American, con-
stantly reminded of his million-dollar school
buildings, deluged with literature and "in-
formation," ignorantly believes he knows
what is happening in this crazy, mixed-up
world in which we live today. The
mysterious powers controlling this barrage of
propaganda try to keep the American people
occupied with sex, sports, and something-for-
nothing, yet we see daily that some sinister
invisible power is dragging our great nation
down, down, down.

IS EVERYTHING ALL RIGHT?

While we are (as) as to other people
in history, we are daily reminded to
virtuous we are to submit to this ever-in-
creasing legal robbery. We see our bank-
rupt Federal Government generously hand-
ing out lavish gifts and vast domestic sub-
sidies, which seem to create only further ex-
cuses to justify more and more crushing
taxation and Federal seizure of all power.

We have been forced to fight three bloody
wars for which our nation gained nothing
but gigantic debts and victory for World
Communism. We are being miserably
conquered by the Illuminati House of Lords,
that is struggling desperately just to main-
tain its frightful oppression over some billion
most unwilling subjects, who could be easily
aided to overthrow their hated Red Masters.
Yet our government squanders the fabulous
monies, which it extracts from us in the name
of defense, only to aid Communism to swal-
low the world!

We are daily subjected to movies, television
programs, and literature that continuously
belittle the strong, intelligent White Man
and glorify the weak, the effeminate, and de-
praved, the Jew, and the Negro.

We are frequently told that the magnifi-
cent White Race that created modern civil-

READ AND PASS ON

ration is doomed to subjection by the un-
derstative, complacent, docile coloreds,
whom we could easily exterminate in toto if
we so had a mind.

WHY?

Who has decreed that the greatest people
in the world should just lie down and die?
These questions have been seriously investi-
gated by a dedicated and intelligent handful
of impulsive patriots who refuse to believe
that they must submit without a fight to
degradation, mongrelization, and slavery in
its most hideous form.

The reasons behind all these illogical
"blunders" always seem ultimately from
the same source, the fantastic conspiracy of
a minority to persuade the rest of hu-
manity to enslave and destroy each other!
This exceedingly clever, diabolical scheme is
rapidly approaching complete achievement,
we are in dire peril. **THIS IS RACE
TO THE DEATH!**

JEWISH RACIAL DISCRIMINATION

You are continually enjoined that race is
a myth, yet the Jewish Race who bombard
you with this stupendous lie deny it in their
every act! There has never in all history
been such a bigoted, race-conscious group —
their every act from cradle to grave is guided
first, last and always to preserving and ad-
vancing the Jews at the expense of all others.

Do they integrate? Do they practice
brotherhood toward you? Do they aid needy
Gentiles with the fabulous tax-free donations
to Jewish "charities"? What Jews do you
see who are in need of charity? Their bu-
reau of propaganda, the American Jewish
Committee, and their secret police, the Anti-
Defamation League, are they charitable? Why
are donations to their trouble-making, hatred
and strife creating NAACP permitted to go
tax-free?

Did you know that the Jews have cold-
bloodedly murdered since 1917 over a hun-
dred million of the best non-Jews trapped in
the grip of their horrible Communism in
order to deprive the enslaved Gentiles of all
intelligence, all courage, all devotion, and all
morality? Did you know they are openly

discussing forced mixed marriages (White-
Negro)?

Has it ever occurred to you that the
Jews fumed and breathed fire and hatred
about their Nazi "exterminators" and
pushed us into total war to make the world
safe for the Jews, yet to your knowledge not
one of the many Jews you know ever joined
in the bloody fighting against their alleged
"liquidators"?

How could the Jews almost to a man escape
front-line duty? What mysterious power ef-
fected this outrage against the Gentiles?
Have you ever stopped to wonder? And
while you and your kind were suffering and
dying, millions of Jewish "refugees" (in-
vaders) poured into this country as though
no immigration laws existed, while Gentiles
found it almost impossible to come to Amer-
ica. While you fought and bled, the Jews
bilked our people out of billions of dollars
in crooked war contracts, their "sacrifice on
the Home Front"!

THE ROLE OF THE NEGRO

Although the Jews publicly pretend to be
champions for the Negro, you should know
that they try hard to conceal the fact that
they despise the Negro as much as they de-
spise us. Why this sudden interest in the
Negro? Because they find the Negro a most
useful tool to destroy us. The childish Afri-
cans are even more susceptible to their brain-
scrambling propaganda than you are, and
are completely incapable of leadership.

They are using the Negro for two purposes:
to degrade, corrupt, and mongrelize you and
your children, and to form a trained-ape Red
MauMau Army to protect the Jews in case
you wake up before it is too late. They are
establishing a cordon of Negro zombies to
protect them in Washington, the center of
government, and in New York, the center of
world Jewry, just in case we wake up before
they take our guns away from us.

THE END OF THE WHITE RACE?

The Jews repeat daily that the White Race
is on the road to oblivion — that the black
savages of Africa, and the pitiful masses of
India and China will do away with the White

Man — and you meekly believe it, for no one
has ever told you the truth! The time has
come to assess the situation honestly!

The European Whites became the domi-
nant force of man because our leaders pos-
sessed the intelligence, the imagination, the
courage, the energy, the morality to seize des-
tiny in their own hands. Now that we have
built a wonderful new world, shall we meekly
permit a small band of effeminate pirates to
despoil and destroy us? It seems inconceiv-
able, but that is exactly what is happening!

THE ACHIEVEMENTS OF THE MODERN WHITE MAN

The people originating in the island of
Great Britain have, with invaluable contri-
butions by the other White Men of European
origin, created modern civilization. The Ne-
groes have always been completely incapable
of contributing to civilization. The Asiatics
simply ceased contributing nearly a thousand
years ago. The Jews have contributed only
microscopically, despite their fictitious claims.

Einstein and Freud, their most publicized
"scientists" were highly imaginative specu-
lators who have contributed more confusion
to the orderly progress of science than they
have useful knowledge. Salk, after being sub-
sidized extravagantly by the Jewish-control-
led Polio Fund, has produced a vaccine of
questionable value. Yet the Jewish control-
led Press lauds them as the greatest scien-
tific geniuses in history.

You poor vilified Anglo-Saxon and Celt,
the Jews have yet to produce a Newton, a
Dalton, a Darwin, a Lister, a Watt, a Bell,
a George Stephenson, a Fulton an Edison,
or any Wright brothers. And you good
Christians whose forebearers came from the
European continent, the Jews have yet to pro-
duce a Herschel a Pasteur, an Arrhenius, a
Lavoisier, a Gutenberg, a Galileo, a Leuwen-
hoek, or a Marconi. If the Jews are so smart,
then why have they not been able to contrib-
ute more to modern civilization!

SPECIALIZED PARASITES

A Jew from tender age is trained to be
a parasite, a despoiler, and an exploiter of
man. He is a specialist in deceit, in trickery,

in exploitation of the "stupid Gentile". Eliza
Howe devised the sewing machine, but Isaac
Singer robbed him of his invention and pro-
fited millions. Hazel Bishop developed an
improved lipstick, but her Jewish "partner"
pirated it away from her by tricking her into
signing a fraudulent assignment and is mak-
ing millions. Daguerre, Eastman, Edison
and other White Gentiles combined inven-
tions to make the motion picture possible, but
a clique of Jewish financiers now own the
movie industry, into which so many billions
of dollars pour.

The Jews use code words so they can talk
freely in front of "stupid Gentiles" without
letting their intended victim know their in-
tentions. Taking the Biblical story of how
Jacob defrauded Esau out of his birthright,
they brag that they are the dishonest Jacob
(The Voice) and we are the defrauded Esau
(The Hand)!

HOW ARE THEY DOING IT?

The Jews long conspired on the principle
that through control of the purse they could
rule the world, but to their sorrow they
learned that after they had bought control
in a country, its infuriated king would fur-
iously eject the unwelcome "vermin". So the
Jews conspired to remove the rulers of all
countries and turn government over to the
brainless mob, which the conspirators found
much easier to dupe, (Democracy).

At a meeting in 1870 Jewish leaders de-
cided that, since they were always expelled
when the Gentiles realized what happened,
they must keep their victims in complete ig-
norance of what was happening — the Jews

There are 25 billion of these dollar claims we owe to the holders of dollars.
When we finish a week's work, we are no longer paid our wages in gold and silver coin wealth. A week's work earns us a paper, that claims we owe ourselves wealth, for that week's work.

The more we work, the more we owe!
The less we work, the less we owe!
Why don't we all quit working, and get out of debt?

IMPORTANT QUOTES:

"All the perplexities, confusions, and distresses in America arise, not from defects in the constitution or confederation, not from want of honor or virtue, as much as from downright ignorance of the nature of coin, credit and circulation," John Adams, in a letter to Thomas Jefferson.

"The Constitution is nothing less than the foundation for the freedom and security of this generation and those that follow," John B. Connally - Wall Street Journal, Nov. 17, 1971.

"A man can enter into a strong man's house and spoil all his goods, except he will first bind the strong man (BY LEGAL TENDER LAWS); and then he will spoil (STEAL) his house." MARK 3:27 (also MATTHEW 12:29)

HERE IS WHAT YOU CAN DO TO HELP:

- 1 - Become informed and tell others.
- 2 - Write congressmen demanding redeemable currency.
- 3 - Organize citizen's groups - clubs - neighbors.
- 4 - **THINK!!** Consider the awesome power the PRIVILEGED ELITE have over every segment of our lives: our families, our homes, our business, our property and our government. Our liberty is in their hands.
- 5 - **REMEMBER AND TELL OTHERS ABOUT THE BETTER WAY.**

FEDERAL RESERVE NOTES
by
FEDERAL RESERVE BANKS

Facts that people should know

1. The government of the United States has no ownership of Federal Reserve Banks.
2. Federal Reserve Banks are owned by private stockholders and are operated at a profit.
3. Federal Reserve Banks pay no income tax on the profits they make. They do not file income tax forms.
4. The Federal Reserve banks have never been audited by an outside firm. (They audit themselves.) Why does the local grocery store pay income tax, yet the federal banks pay none.
5. All bills that go into circulation come from the Federal Reserve Banks who have obtained them from the Treasury Department at no cost to themselves. They are put into circulation when an interest-bearing bond is exchanged for them.
6. Interest is paid each year on every Federal Reserve Note in circulation.
7. When the "Federal" Reserve Note was first issued, it clearly stipulated that it was redeemable in Gold, on demand, at the U. S. Treasury, or in Gold at any "Federal" Reserve Bank. By 1932 this was no longer the case but the seed had been planted. We were accepting "Federal" Reserve Notes instead of United States Notes (Lincoln Greenbacks) and Gold and Silver Certificates issued by the Treasury of the United States. We have never recovered from this infamous step.

- Handcuffed Police
- Federal Reserve Act
- Regional Government
- Weak Judiciary

IF we can
free GOLD of
all controls, the
CHAIN LINKS of
FIAT DOLLARS
will disappear!

WHY CAN'T WE OWN GOLD?

The only answer which will guarantee us freedom from tyranny, is the God-given right to distribute our own created wealth free of any controls.

THERE IS PLENTY OF GOLD

Only by having our God-given right to own, hold and trade in gold restored, will we have the power to maintain a free market and disallow the use of non-redeemable currency in that market.

Inflation will be nonexistent. This will also stimulate business, cut taxes, create millions of jobs, shrink balance of trade deficits and planners will be moved into positions of real importance where they will be creating goods and services which we all can use. Above all, the people will regain control of their government. They will hold the wealth of the nation in their hands.

OUR DOLLAR WILL BE AS GOOD AS GOLD

Banks will become depositories of wealth. Our currency will be redeemable in wealth. The future of our people, bankers, farmers, businessmen, laborers, professional people, will be safe and secure. Those who produce the most will live better. Property rights will be restored. The people will be free.

IT IS UNBELIEVABLE
"The Story of Money"

A thief robs the people
at the point of a gun.
A "Federal" Banker robs the people
at the point of a pen.

FOREWORD

America's tremendous progress in the first 200 years was due mainly to the efforts and ambition of our pioneering forefathers in combination with a monetary system with pre-eminent integrity. The American dollar was known throughout the world to be as "good as gold."

A free enterprise system (less government controls), can only exist with such a monetary unit. Our economy, burdened with controls, plagued by inflation and its detrimental effects, is a direct result of loss of convertibility of the dollar.

America was great when its monetary unit was great. Who in the world today will trust and look up to an embezzler? This we surely must be if we accept peoples' hard earned wealth and give to them worthless paper dollars in return.

In a controlled society where the currency is devalued (legally counterfeited) by a privileged few and where basic laws are ignored, there will be controls on labor, on all manufactured goods and services, farm commodities, etc. The result: uncontrolled poverty - uncontrolled debt - and soon slavery.

Complete enslavement will come only when the people are forced to surrender their guns. In fact, the most powerful lobby in Washington today is the creators of counterfeit coin and currency; and they are intent upon getting our guns. Their success in deceiving our legislators into ignoring our Constitution and basic laws cannot be denied.

We Americans have been incited to riot, to anger, manipulated into fighting no-win wars, conned into giving our wealth away to foreign nations, and duped into supporting thousands of unworkable schemes to solve cleverly created problems. Our wealth is dissipated. To survive, we beg paper and ink (money) from the counterfeiters in exchange for our wealth and our production.

Paper and ink in excess of goods and services is the only cause of inflation. However, the blame is placed on the laborer, the farmer, the manufacturer, and the middleman. The exploiters are home free.

For years our free society has been assisting unproductive socialist nations. Now that we are totally bankrupt and socialistic who will assist us?

THE ANSWER: When we understand the unbelievable story of money we will quickly solve our own problems. We will assist ourselves and we will earn the respect of our children.

This is the reason Legislative Research Associates have taken the time to bring to you a basic truth which will again make America FREE and PROSPEROUS.

What The CONSTITUTION says about MONEY

ARTICLE I, sec. 8 - "The Congress shall have power to... coin MONEY, regulate the value thereof..."

QUESTION: Does this give the Congress the power to create money?

ARTICLE I, sec. 10 - "No State shall... make anything BUT GOLD AND SILVER COIN a tender of payment of debt..."

QUESTION: Is it lawful to pay your taxes in anything but GOLD or SILVER?

AMENDMENT XIII, sec. 1 - "Neither slavery nor involuntary servitude, except as a punishment for crime... shall exist within the United States or any place subject to their jurisdiction."

QUESTION: Why are people in business compelled to involuntary servitude by acting as a tax collector?

AMENDMENT XIV - "No State shall make any law which shall abridge the privileges and IMMUNITIES of citizens of the UNITED STATES..."

QUESTION: Why are we denied the right to own GOLD?

THE UNBELIEVABLE STORY

The above SILVER CERTIFICATE, representing actual silver coin on deposit in the Treasury, was sound currency. And it was fully redeemable for that coin. It was a bearer's certificate, a direct obligation of the issuer to provide the wealth represented by the certificate on demand when surrendered.

Now compare the above with a bill from your pocket. The "Federal" Reserve Note is not redeemable because the issuer will not give to you any wealth for it. However, it appears to have the same worth as a silver certificate only because people exchange it between themselves.

THESE TRUTHS SHOULD SHOCK YOU:

The stockholders (Privileged People - THE ELITE) of the "Federal" Reserve system have an unlimited source of wealth which they buy from the people using only PAPER AND INK (MONEY) which they create and turn into direct obligations of the government (YOU) by having your representatives (TREASURY OFFICIALS) sign the "Federal" Reserve Note used in the purchase.

Since dollars (PAPER AND INK) created are no longer convertible to wealth by the creator, then each DOLLAR created and spent into circulation by THE ELITE represents one dollar's worth of wealth stolen by those PRIVILEGED FEW people who are authorized by government to perform this THEIEVERY.

In essence, the "Check" ("FEDERAL" RESERVE NOTE) the Federal bankers are using to buy your merchandise - your production - your wealth - is signed by you and it is drawn on your account.* THEY GET EVERYTHING THEY OWN AT NO COST TO EVERYONE.

FOR EXAMPLE:

When you buy a \$25,000.00 home for twenty-five thousand dollars in cash, you will give up the equivalent in wealth for it. In fact, an individual can only get \$25,000.00 cash by first giving up wealth or production.

Whereas, the FED banker can buy the same home for 25,000 dollars which were created by him at no cost to him. He gives up only PAPER AND INK for the home, but actually, the PAPER AND INK cost him nothing.

A loaf of bread costs a laborer the equivalent in labor exchanged for 37 cents. It costs the "Fed" banker 37 cents of created money which cost him nothing to create.* It is unbelievable.

Taking the above information and extending it out to the extreme, it is evident that the creators of money could create a sufficient quantity of it to purchase the world and tell everyone else to get off. Are you ready to leave?

Perhaps these questions will show you how you are being robbed;

Q - What is the evil of this FIAT (phony) money?

A - It makes possible legal theivery. Silver backed currency was exchanged freely on historic value. People use and exchange FIAT (phony) currency because of legal tender statutes and their fear of political force.

* The exact mechanics will be explained in supporting literature.

Q - If the "Federal" Reserve is the only source of legal tender and it is only distributed with INTEREST, how can more be paid back to an only source than is first taken from this only source?

A - It cannot. Interest can only be paid to the bankers by borrowing additional money which would be never ending and this is evidenced by our current two trillion dollars of a accumulated debt. This debt is mushrooming daily.

Q - Why is the "Federal" Reserve Note signed by officials of the government and not the "Federal" bankers?

A - It is the means whereby the authorized few make the general public responsible for their debts.

Q - What is the real cause of inflation?

A - An excess of money (PAPER AND INK) greater than goods and services available.

A FINAL QUESTION:

Q - Is there a better way?

A - Yes! No money should exist in any society unless that society is free to traffic in all manner of PRECIOUS METAL COIN as well, so that the integrity of government created money may be forever disciplined by the people's own wealth.

PARADOX:

People deposited Gold and Silver coin wealth into our "Federal Reserve" private banking system. They were issued Federal Reserve Notes - (I.O.U.'s of our private central bank).

The "Fed" Notes are signed by officials of the United States Treasury, making them obligations of the people. Whoever holds a "Fed" Note has a claim against the people of the United States.

When the people of the U. S. gave up their wealth, they received paper that is a claim against themselves, for the wealth they just gave up. People use the Fed. Notes to acquire the wealth of others, in so doing, they are promising to pay, to the new owner of the paper, the same wealth they have already given to the bank.

Since the people gave the wealth to the bank; get the paper, the holder of the paper should take to the bank to get the wealth. But since the doesn't produce any goods, the paper just circulates among producers; and the bank doesn't have deem it.

Gold and Silver coins are no longer in circulation all that is left is the paper. The bank will not give the paper, the people are left with a mass of paper claims on wealth, we owe to each other.

Look at that Federal Reserve Note in your pocket — look at it closely. The Federal Reserve Corporation paid less than one penny for that, but we Americans are paying them the value interest on those worthless pieces of paper, which is putting the American people in *debt* and *Bondage* to the banking monopoly.

How much did you pay for your Federal Reserve Notes?

Let's look at the New York bank which is the largest in America, and decides the prime rate of interest throughout the nation.

Yes, it's the Chase Manhattan Bank.

Who's family controls the Chase Manhattan Bank?

You're right again — The Rockefellers.

If the Rockefeller banking and oil (brothers) decide that they are not going to write any checks, and that we may get gasoline only five days a week, because the American people are a little too independent and need their wings clipped, that will create a shortage on gasoline and credit (money) that will snowball shortages to most other vital products including food and shelter.

This is **SHEER POWER and CONTROL** over the **ONCE FREE** American people.

Minnesota Sales Taxes raised 25% during the **oil** price freeze.

August 1971, Nixon imposed the Wages and Price Freeze on the American people. Politicians raised their wages. Governor Wendel Anderson in Minnesota raised the sales tax 25% more in November of 1971. All during the so-called wage and price freeze.

Funny thing, no freeze on Taxes or Interest paid to the bankers.

Yes, they are real law abiding Phoneya.

We know that the banks aren't giving us real money when we go to the banks, because a check or a Federal Reserve Note are both only promises to pay.

The only time you are actually getting real money is when you get a silver dollar containing 371.25 grains of pure silver. It takes six and one-half Federal Reserve Notes to buy a real dollar today. (When inflation increases it will take more.)

Ask any I.R.S. agent to define a dollar. (They won't answer you.)

If America returns to an **HONEST** and **CONSTITUTIONAL** money system — High Taxes and **RUN-AWAY** inflation will end.

There will be no need for **INCOME TAX** or property tax. All of America will have **TAX-EQUALITY** and be **TAX-EXEMPT**.

We do not want or need a troubled and *Rocky America* anymore!

Our children would appreciate not being in *bondage* to the bankers.

Our Great Constitution is suppose to be the *Supreme Law* of the Land.

We must protect ourselves from the criminals in our government who are trying to force on us **Unconstitutional Taxes and Laws**.

If you have been troubled and plagued by the so-called do-gooder government officials (bureaucrats) who have been trampling your **Individual God Given Constitutional Rights** and want to know what to do to get people protection from the illegal tactics of the I.R.S., Housing Authority, or land grabbing bureaucrats that are threatening your **Constitutional Rights**, contact:

Dan Pilla 704 Edgerton, St. Paul, Minn. 55101

Also, join Dan Pilla and the millions of Christian Patriotic Americans who are objecting to paying the illegal and Unconstitutional Income Tax.

Why continue to pay for your own destruction?

God's law of self-preservation must prevail.

We want Tax-Equality, and our rights under the Constitution restored, or we will lose our freedom entirely.

Just Equal Protection under the Law. —

It is the duty of the government to prevent injustice — Not promote injustice.

We must use the Constitution or lose it.

The Constitution of the United States was inspired by men of God Almighty, to protect the people from government officials.

It springs from the 10 Commandments —

Thou shall not steal —

Thou shall not covet thy neighbors goods —

It is a basic human right —

It is a basic human need —

"Life — Liberty — Property"

They are individually united and none cannot survive without the other.

How the fate of all America hangs on this critical money issue!

Our Lives — Our Liberty — Our Property —

But most important of all —

Our Sacred Honor — America's Sacred Honor —

Thomas Jefferson said, "To resist tyranny is service to God."

This we must do to help us God!

For God, Family and Country.

GASOLINE SHORTAGE

PHONEY or REAL

???

???

WHAT DO YOU THINK?

Do you think America really had a gasoline shortage during the summers of '73 and '74??? What's your personal opinion? Yes or No?

It was a phoney. There was no shortage at all. (It was a gimmick to make the American people pay more, because only 5% of our oil is imported.)

What oil company is the largest in America? Standard Oil — Mobil — Exxon?

Who controls them?

It doesn't matter which of the three is the largest company in America.

The Rockefeller family controls them all.

Yes. Lawrence Rockefeller, Nelson's brother.

Go ahead — Research this for yourself.)

Over leaders in government lie to the people. Then — Debauch the Currency — The result is Run-away - Inflation.

MONEY SHORTAGE in AMERICA?

How Money is Created — Legally or Illegally?

Constitutionally or Unconstitutionally?

How would you like the power to write a check for 80 times more money than you have in your checking account?

Let's say we have only \$100.00 balance in our accounts, so now we can write as many checks as we want for \$8,000.00, to as many people who come to us for that loan.

Now, that's power. (By just writing a check. Not bad huh?)

Remember, the prime rate of interest is 12% to our best customers — but, we'll be nice and only charge 10% interest.

Now, how would you like to be able to do that for as many people that drive on highway I-94?

When anyone comes to you for that loan, they must put up \$2.00 collateral for a \$1.00 loan. So, for that \$8,000.00 loan they must put up \$16,000.00 collateral. (Something of value.)

Suppose that person defaulted on his payments to you, then you get to keep his collateral.

Did you give him anything of value when you wrote that check for \$8,000.00?

The only catch, you can't write checks for any more than 80 times the amount of money in your checking account to any one individual. Can You?

We, the American people must redeem bonds, as well as pay the bankers interest on them.

This is how money comes into existence for those Tax-Free — Tax-Exempt Municipal Bonds for Hospitals, Schools, Municipalities, and State Governments.

Yes, even our homes and automobile loans are created the same way.

This is what every bank in America is doing to the American people today — Foreclosing on homes, cars and property, or whatever collateral people have put up for their loans.

The bankers are stealing America with their credit money gimmick. (Check this out.)

Article 1, Sec. 10 Par. 1, the United States Constitution, "No state shall issue bills of credit; make anything but gold and silver coin a tender in payment of debts; or grant any Title of Nobility. (Federal Reserve Notes and bank checks issued to cities and states from bond issues are bills of credit.) Is the banking clique, who charges high interest and pays no taxes, a state of Equality or Nobility???"

Now that you know the actual mechanics of money on the local and state level, let's go to the National level for the bigger swindles.

Are you ready for a shock?

The Federal Reserve Bank is a private company, just like United States Steel or 3M Company. (Title 12, Sec. 284 U.S.C., "No stock allotted to the United States.")

This is also contrary to the Constitution of the United States. Article I Sec. 8 Par. 5, "Only Congress shall have the power to coin money and regulate its value thereof."

The Federal Reserve is exempt from all taxes except real estate. (Title 12, Sec. 531 U.S.C.)

Not a bad racket; create all the paper money and pay no taxes except real estate.

Law 12 U.S.C. 420 discriminates. It allows the privately owned Federal Reserve banks to buy our currency for the cost of paper and printing. Borrowers are forced to accept it into circulation by the amount stamped on the note!

They do not loan money. They loan a worthless slip of paper. There is no consideration passing between borrower and lender. Lending those worthless slips of paper into circulation is what causes inflation. Lending these worthless slips of paper into circulation allows an ever increasing debt, State, Municipal, and personal, resulting in higher taxes.

It is wrong to tie our posterity to a debt that we create. It is morally wrong to tie the citizens to a debt of \$9,999.99. This is the cause and effect of the system which allows the privately owned Federal Reserve banks to buy a \$10,000 Federal Reserve note for less than one penny.

The citizens did not create the debt of \$9,999.99; therefore, they should not be forced to assume the debt. The Federal Reserve banks created it. They should assume it. They should be forced to pay \$10,000.00 for a \$10,000.00 Federal reserve note. (You and I must pay.)

No law existed when we were on a Constitutional money system as laid down in Article I, Section 10, Par. 1, allowing the banks to buy \$10,000.00 worth of gold or silver for less than one penny. Federal Reserve notes have replaced our Constitutional money consisting of gold and silver.

(Research Title 12 United States Code, U.S.C. sections 284, 411, 420, 444 and 521 and the United States Constitution.)

The Federal Reserve Company pays less than one penny for those Federal Reserve Notes, which is the cost of paper and ink. (In other words, they pay 8/10 of one penny for a \$100.00 bill, a fifty, twenty, ten, five or one.

SILVER —

Silver is solid wealth!

You'll be glad tomorrow that you bought silver today. Silver fights inflation and rising costs, so you'll have something to be thankful for tomorrow.

When you buy silver from IMC Mint Corporation, you get 999 fine (99.9 per cent pure) silver — always. Pure, virtually indestructible, eternal silver!

Silver you can use as a capital gain. Silver you can use to roll forward profits. Silver you can save for that inevitable rainy day.

Silver whose value has more than doubled in the last six years, while the purchasing power of the dollar has continued to drop.

Silver you can purchase in convenient form and sizes. Silver that is wealth — for you, your family and your business.

SILVER WORKS FOR YOU!

— As the Dollar Value Drops — the Gold and Silver Prices Increase —

IS THIS THE WRITING ON THE WALL?

Many nations of the world don't want to wake up to this fact. They are still floundering in this false monetary nightmare. They are still pretending that all currencies are still convertible into Gold.

This is the big PRETENSE... the big MASQUERADE... the big DRUNK of the TWENTIETH CENTURY. The trading nations of the world are afraid to stop, lest the PAPER MACHE NIGHTMARE overtake them.

The politician and the economist assure you again that nothing is wrong. They are afraid the average citizen will come to know that our entire money system is nothing but a giant PAPER PYRAMID.

When this PAPER PYRAMID collapses, whether through one nation trying to beat another... through a war among nations... through the greed inherent in all nations... it will be much too late to protect what is yours.

When the herd stampedes... when paper money becomes worthless... people will not part with something of value for a mere piece of worthless paper. The bankruptcy of America will be at hand.

WHAT CAN YOU DO NOW?

Your government denies you the RIGHT to OWN GOLD. It does not deny you the right to own silver. SILVER remains the only answer for a SAFE TODAY and a SECURE TOMORROW. Even though you may have to buy at rising prices — SILVER is TODAY'S only REAL PROTECTION.

The problem with too many forms of wealth is that they depend far too much on the stability of a country's currency. The infamous Stock Market Crash of 1929 was a classic example.

If you are a businessman or the breadwinner in your household — you must recognize the danger signals as our nation's currency continues to lose its value. Wise people will act before it is too late.

Because of its extreme durability and usefulness and growing demand in many industries, it is becoming more scarce — SILVER, as one of the precious metals, will always retain its value. Investing a significant part of your holdings in SILVER will enable you to weather financial chaos.

SILVER is SOLID WEALTH. It is an ASTUTE INVESTMENT. It is a HEDGE against INFLATION and DEVALUATION. It can be your personal stronghold against the strong possibility of a coming CRASH and DEPRESSION in AMERICA.

MAKE TOMORROW SECURE! SAVE THE FRUITS OF YOUR LABOR! INVEST IN SILVER!

IT IS UNBELIEVABLE "The Story of Money"

By

DAN HILLA

WHAT IS HAPPENING?

Compared to the 1946 dollar the American dollar today is worth approximately **TWENTY-FIVE CENTS**. Today's spiral of high prices goes on unchecked. The specter of run-away inflation seems to be irreversible.

All efforts by big government to correct these pressing problems appear to be in vain. It seems that the more the politicians intervene — the more serious the problems become.

Today's political leadership deals with mere 'effect' rather than with the real 'cause' of these problems. Surely there must be a reason. America still awaits a solution.

For decades Americans have wondered why government can't be run like a sound business concern. Why indeed, must our money system be completely unworkable. Why indeed, must America be threatened with impending chaos?

THE REAL REASON BEHIND TODAY'S CRISIS

The Constitution of the United States clearly states that **'CONGRESS SHALL HAVE THE POWER TO ISSUE AND REGULATE MONEY'**. Our politicians gave this obligation away to a Private Corporation.

The great majority of today's politicians are just a 'front' for this **PRIVATE MONEY POWER**. They dare not disobey the commands of their mentors. They dare not bite the hand that feeds them.

Instead of an **HONEST MONEY SYSTEM** these private bankers (the real power behind government) have imposed a **DEBT MONEY SYSTEM** upon America.

These **PRIVATE BANKERS** pour **DEBT CREDIT** into our nation's economy without any regard as to what our nation can produce and the amount of **STABLE MONEY** it should take to distribute goods and services.

Government intervention, the disruption of the free market, and the creation of artificial shortages are the actual causes of today's high prices and run-away inflation.

Without the silent and deceitful consent of our politicians, such false and selfish practices, designed to benefit the banking class, could not continue. Politicians still have the power to correct them.

A LESSON IN BASIC ECONOMICS —

Mankind emerged from the barter stage of trade about the same time as man began to treasure precious metals. When **SILVER** and **GOLD** were struck into coins — man possessed his first **REAL MONEY**.

SILVER and **GOLD** as a real store of value has withstood the test of time. Whenever the manipulation of **PAPER MONEY** failed — man turned to precious metal in order to weather the financial storms of history.

To understand **BASIC MONEY** let us start with the **GOLDSMITH**. He was a respected man. It was the **GOLDSMITH** who offered his vaults for storage and protection as man began to gather substantial amounts of precious metal.

The Goldsmith gave each client a receipt for the amount of Gold or Silver stored in his strong-room. He charged a fee for the service he was rendering to his customers throughout the community.

The Goldsmith soon noticed that most people never removed their precious metal from his vault. In trade transactions people simply exchanged the receipts which represented the storage of the precious metal.

The idea for **PAPER MONEY** was born. Soon the Goldsmith became greedy. He was a clever man. He began to issue duplicate receipts and lend them out for **INTEREST**. No one seemed to know the difference.

Since less than ten percent of the real owners of the Gold and Silver ever came back to inspect their holdings — the Goldsmith found that he could lend out many times as many receipts as there was precious metal.

The Goldsmith became very powerful even though he did nothing productive for the community. By bribing the leaders of the people — he found that he could capture and control the money system of an entire nation.

TODAY'S DEBT CREDIT SYSTEM

A sophisticated version of this exact system still goes on today. It is known as **FRACTIONAL RESERVE LENDING**. What it really means is that your banker creates **MONEY** out of **NOTHING** with a **STROKE** of his **PEN!**

It means that under today's **DEBT MONEY SYSTEM** no money can come into circulation without being **BORROWED** by **YOUR GOVERNMENT** from these **PRIVATE BANKERS**. It is designed solely to **ENRICH** the **BANKING SYNDICATE**.

The American economy under such a false money system can best be described as a giant balloon — expanded and contracted at will by the bankers. The people pay dearly for loans largely created out of nothing.

In the beginning, our nation's paper money was backed by gold and silver. If this was still the case today (providing enough gold and silver existed) we would still have a rather sound money system.

As history progressed **PAPER MONEY** backed by precious metal became a mere myth. President Roosevelt did away with the Gold Standard. Government made it illegal for the American Citizen to own Gold.

The **SILVER STANDARD** was also eliminated. Even our Silver Coinage was debased. In effect the bankers themselves were exposing the money myths they had championed for centuries.

Today nothing backs the **FEDERAL RESERVE DOLLAR** except the confidence of the American People. When that confidence is lost by enough people — the **FEDERAL RESERVE DOLLAR** will collapse.

THE AMATEURS and the PROFESSIONALS —

Relative to money, the people and the nations of the world can, for all practical purposes, be divided into two categories. The average citizen is the **Amateur**. The nation's government and the **BANKERS** are the **PROFESSIONALS**.

As long as the average citizen can go to the bank, cash his check for paper money, and buy the necessities of life — he is not too concerned as to what transpires in money matters.

However, nations engaged in trade are very much concerned. They understand money. Even though false **PAPER MONEY SYSTEMS** exist in most countries — trade balances between nations are settled in **GOLD**.

During the last half century America has led this trade parade among nations. America's dollar set the pace. As long as it was redeemable in **GOLD** — nations were willing to accept American dollars.

During the 1960's America's 'fast' money system lost its convertibility in the international money market. There was no longer enough gold to settle our trade balances with other nations. Other nations became hesitant to accept American dollars.

The INCOME TAX

The IRS

And YOU!!!

"... His commandments, the "Thou shalt nots" must take precedence over every opinion—either public or private. His statutes, governing administration in the nation as well as the economic life and well-being of His people, were never intended to be subjected to popular referendum or amendment. His judgments were to be kept more scrupulously than any judgment rendered in a court of law and were certain to take precedence over any popular judgment rendered by the majority at any election or in any action by the mob."

One of these Commandments is, "Thou shalt not steal." The Federal Reserve System, with the help of the IRS, is the biggest stealer on earth, although they say it is "legal."

A good number of citizens over the country are not paying income tax because they refuse to pay for their own and their country's destruction. The least you can and MUST do.

Write the Honorable Wright Patman, chairman of the Banking and Currency Committee and your Congressman and Currency Committee and your Congressman and demand an AUDIT by the Government Accounting Office (GAO) of the Federal Reserve System. Also, ask them to get to work and pass the forthcoming bill to be submitted by Liberty Lobby to REPEAL of the Federal Reserve Act of 1913 !!! Gerda Koch.

Are You Having ENOUGH of TAXES? IF you have more than enough, then this is for YOU!!!

"If the taxpayers of this country ever discovered that we operate on 90% bluff, the entire system will collapse," an Internal Revenue Service (hereafter called IRS) official told Sen. Henry L. Bellmon (R. Okla.) last year. - Source: Washington OBSERVER, April 15, 1972.

The INCOME TAX was made "legal" through the 16th Amendment - OR is it really legal? DID YOU KNOW that

1. The Income Tax is levied in an unconstitutional manner. It allows hardly any persons to be exempt, yet many persons with incomes over \$1 million pay no tax whatever. The Constitution says that taxes should be levied "equally," that is, at the same rate for everyone! (5th amendment) The ones supporting subversive activities are tax exempt.
2. The Income Tax is confiscatory and therefore unconstitutional. It has been and is slowly bankrupting this nation.
3. The Income Tax rests on the 16th Amendment. If the Congress had not been deceived into passing the Federal Reserve Act of 1913 there could be no income tax.
4. The IRS is the collecting agency for the Federal Reserve Corporation (Fed).

88

5. The Fed, according to Congressman Wright Patman, chairman of the Banking and Currency Committee, has never had its own books audited for a report to the people! (Yet its stooge or collecting agency, the IRS, demanded our records and records of many patriots over the country. We did not submit ours. Thank God resistance is growing over the whole country!)
6. The banks photograph all checks and give copies to the IRS upon request!
7. Banks give YOUR money to the IRS from your account - say, if you withhold the federal tax from your telephone bill, the IRS goes to the bank, levies it against your account, and the bank simply reports to you how much they give the IRS from your account!
8. The IRS has failed to force the Communist Party to produce their records. (But they threatened the writer with a fine and imprisonment if she did not produce hers! However, the Court did not force her to deliver the records.)
9. The Fed (a private corporation) under the 14th Amendment is exempt from producing their own records.

We have an un-Scriptural and un-Constitutional money system. Article I, Section 8, Clause 5, obligates Congress to print money and regulate the value thereof. They had no right to abrogate this duty to a private corporation. This law is repugnant to the Constitution, and "Law repugnant to the constitution is void." (U. S. Supreme Court, Marbury v. Madison 1803.) In 1913 some money sharks persuaded President Woodrow Wilson and the Congress to exchange substance for shadow. They were deceived by lying and greedy agents. Today we have "legalized" counterfeit money, produced on books by a private corporation, the Federal Reserve Bank Corporation. See MONEY CREATORS.

If our Congressmen would uphold their oath of office which binds them to the Constitution, and if they understood and knew our present money system, they would press for the repeal of the

Federal Reserve Act of 1913 quickly, as well as for the repeal of the 16th Amendment! Send NO man to Washington unless he understands the ABC's of the money system, and stands firm on the REPEAL of the Federal Reserve Act.

Money should ONLY be used as a medium of exchange for goods and labor. As a yard and as a pound and as a bushel remain constant, so money, if regulated and created by an HONEST government, will remain constant. This will do away with inflation, with corrupt politicians, with wars, etc. Permit a few quotes in closing:

Congressman McFadden in Congress, 1934:

Mr. Chairman, we have in this Country one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board and the Federal Reserve Banks, hereinafter called the Fed. The Fed has cheated the Government of these United States and the people of the United States out of enough money to pay the Nation's debt.

This evil institution has impoverished and ruined the people of these United States. . . . They are not Government institutions. They are private monopolies which prey upon the people of these United States for the benefit of themselves and their foreign customers; foreign and domestic speculators and swindlers; and rich and predatory money lenders.

Hon. Charles A. Lindbergh:

Under the Federal Reserve Act panics are scientifically created; the present (1920) is the first scientifically created one, worked out as we figure a mathematical problem.

Excerpt from Gerda Koch's Brief in IRS case, January 30, 1972:

GOD gave His Commandments at Mount Sinai for the nation of Israel, and these laws are the basic laws for all Christendom today, especially for our nation, dedicated to God and Jesus Christ at its very discovery. Permit me to quote from Exhibit 1, "The American Form of Government" by Howard B. Rand, p. 9:

To further substantiate this fact, I quote from the Established Principles of American Jurisprudence:

"No one is bound to obey an unconstitutional law . . . Since an unconstitutional law is void, the general principles follow that it imposes no duties, confers no rights, creates no officers, bestows no power or authority on anyone, affords no protection, and justifies no acts performed under it . . . No courts are bound to enforce it." (16 Amer. Jur. 2d 177)

It is clear that the Constitution is the Supreme Law of the Land, and any so-called "laws" passed by Congress which violate any provision of the Constitution are null and void.

Having made the decision that freedoms, as guaranteed by the Constitution, must be preserved, I will no longer allow anyone to take away my freedoms.

I will not allow anyone to search my person or my premises, or seize my papers or property without the proper warrant supported by a court of the judicial branch of government.

I will not be compelled to be a witness against myself.

I will not be deprived of life, liberty, or property without Due Process of Law.

I will not be denied the right of trial by jury where the value in controversy exceeds twenty dollars.

I will not allow the government, state or federal, to usurp powers not delegated to them by the Constitution, therefore reserved to the States or to the people.

I will not perform involuntary servitude for anyone, including being a tax collector for the government.

I will not recognize any court that operates as a part of, or is controlled by the legislative branch of the government, because the Constitution guarantees a separation of the judicial powers under a separate branch of government.

I will not yield to anyone who tries to take these freedoms from me, because these rights are guaranteed to me by the Constitution of the United States. No rule-making or legislation can abrogate these rights.

Many sections of the Internal Revenue Code are just such kinds of rule-making that attempt to cancel the Constitution and violate my constitutional rights under the 1st, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 13th and 14th Amendments.

Patriotic citizens have a right and a duty to defy and challenge such unconstitutional acts and administrative rules. To quote President James Madison: "All acts of legislature, apparently contrary to natural rights and justice are, in our law, and must be in the nature of things, considered as void."

Daniel M. Pilla

You hypocrites are certainly helping to promote a lawless society and anarchy when you violate the Supreme Law of the Land.

On July 17, 1974, in a telephone conversation, Gestapo agent, Ronald A. Mills said, "I am proud and happy with my job as a tax collector. You can quote me on that."

I can appreciate a man trying to do a good job, but using *Extortion and Ransom tactics* is in direct violation of the Supreme Law of the Land and a crime which I will not yield to. You are practicing tyranny in full force.

God help our country when people are proud and happy to violate the Supreme Law of the Land and their oath of office. What morals and principles are you teaching your children?

Our Great Country was founded almost 200 years ago by men who desired freedom and justice so much that they pledged their lives, their fortunes, and their sacred honor to achieve these ends.

If we are unwilling to stand up for our freedoms, we shall certainly lose them. It is not just for my generation that I now make my commitment, but for the children of our country, that they too may enjoy their rights to a life of *True Justice and Liberty*.

Also, I am one of the proud co-signers of the re-affirmation of the Declaration of Independence, which will be presented to the Congress of the United States in the very near future.

As Thomas Jefferson said, "To resist tyranny is service to God." And this we must do — so help us God!

Yours for God, Family and Country.

Sincerely,

Daniel M. Pilla

Sirs:

All of you have and are conspiring to deprive me of my personal property without due process of law. Also, I charge each of you with conspiracy to obstruct justice.

Each of you took an oath to uphold and defend the Constitution of the United States. You are violating the Constitution when you deprive me of my private property, the tools of my trade, without due process. As a result, I am unable to go back to work. *I want work, not welfare.*

If any of you act under the illegal and unconstitutional laws of the I.R.S. and sell any of my property, or any other persons' property which is in my possession, legal action will be taken against you.

If anyone purchases my personal property, they will be subject to criminal action under state law for the purchase and possession of stolen property. My property is not yours to sell, since legal action is still pending on this matter.

For the information of any bidders, as well as you hypocrites, sovereign immunity does not exist anymore. (Public Law 93-253 March 16, 1973) Check with the Ray Davis Locksmith Co., 568 Rice, St. Paul, phone 222-5127. Ask them if the government is protecting them with sovereign immunity in the Dan Pilla case.

I am proud to be an American and proud of our great heritage. My parents left Europe because of tyranny. Now you people are practicing and promoting tyranny in what was once a Great America.

I will have **NO PART OF EXTORTION OR RANSOM**; nor tolerate anyone trampling on me or on my Constitutional Rights.

As recently as 1966, the Supreme Court of the United States re-affirmed this position by stating:

"Where rights secured by the Constitution are involved, there can be no rule-making or legislation which would abrogate them." (Miranda vs. State of Arizona; key 73)
